P. agents has been shown to extend over the National Extension Service Block shown against his name. This however, does not mean that he would be at liberty to make the purchases at points other than the assembling point or the place where the procurement godown is located. Such Direct Procurement Agents will however be at liberty to purchase from any producer residing within that Block at the assembling point or where the procurement godown is located, as the case may be.

IRRIGATION AND WATERWAYS DEPARTMENT

NOTIFICATION

No. 12-I.—24th June 1966.—The following Draft of Rules and Schedule of Rates and Appendices which, in exercise of the powers conferred by sections 78 and 99 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), the Governor proposes to make for the supply of water under the Jorai Irrigation Scheme in the districts of Jalpaiguri and Cooch Behar, are hereby published, as required by the proviso to section 99 of the said Act, for the information of persons likely to be affected thereby.

2. The draft will be taken into consideration on or after the 7th August 1966 and any objection or suggestion with respect thereto which may be received by the undersigned before that date shall be duly considered.

DRAFT RULES, SCHEDULE OF RATES AND APPENDICES

Leases for Kharif Irrigation

1. The country served by the canals of the Jorai Irrigation Scheme in the districts of Jalpaiguri and Cooch Behar shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for a *Kharif* irrigation may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions:—

I. Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently a separate lease may be granted for each part.

II. All leases within one block shall be so granted that they may expire on the same date.

III. No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall, from time to time, fix the gross area (i.e., the total area) for which and the limits of the canal within which, leases for *Kharif* irrigation may be granted.

5. Maps of all villages in which lands have been brought under lease, or in which there is any possibility of such leases being taken, shall be kept in the Subdivisional Canal Office. These maps are to be at scale 23″ = 1 mile (F.P.S. scale map to be replaced by maps on corresponding metric scale).

6. The preliminary application for a lease for a *Kharif* irrigation either new or for renewal, small be in writing and in the prescribed form given in Appendix I to these rules to be obtained from the Subdivisional or Sectional Canal Office. It may be presented and shall be received either at the Subdivisional or at the Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer, as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. The lands to be brought under lease shall be indicated on a copy of the map referred to in rule 5. On receipt of the approval of the Divisional Canal Officer, the Subdivisional Canal Officer shall approach the Officer-in-charge of revenue collection work for the purpose of obtaining the detailed assessment and the latter shall in due course intimate the result of such assessment to the Subdivisional Canal Officer.

7. The Officer-in-charge of revenue collection work on being approached by the Subdivisional Canal Officer shall depute an amin to prepare the *khasra* or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and *khasra*. Should the survey map and *khasra* be not available, the amin shall make a sketch map and shall measure the areas of the holdings with a chain or measuring rod.

8. When the amin has completed the *khasra* he shall forward it to the Officer-in-charge of revenue collection work who shall forward it to the Subdivisional Canal Officer who shall forward it to the Divisional Canal Officer for approval.

9. As soon as the *khasra* has been approved by the Divisional Canal Officer he shall return it to the Subdivisional Canal Officer endorsed with his signature in token of approval under intimation to the Officer-in-charge of revenue collection work.

The Subdivisional Canal Officer shall than prepare a khatian or abstract of the *khasra*, and shall have the form of application given in Appendix II to this rules, filled up and signed or marked by each of the applicants.

When the application has been completely signed, the Subdivisional Canal Officer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given in Appendix III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer through his Sectional Officer. The Divisional Canal Officer shall return the application to the Subdivisional Canal Officer with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that some of them decline to sign the application the Subdivisional Canal Officer shall report the matter to the Divisional Canal Officer. The Subdivisional Canal Officer shall then hold a local enquiry, regarding the statements of the persons who decline to sign the application and record his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign the application or whether the lease shall be declined. The Divisional Canal Officer may grant a lease when the lands of the cultivators of the block who have signed the application are not less than 95 per cent. of the net irrigable area of the block. If, in special case it is desirable to grant a lease even though the lands of the cultivators of the block who have not signed the application are more than five per cent. of the net irrigable area of the block, the Superintending Engineer may grant the lease by a written order, giving reason for the grant of such lease.

Leases for Rabi Irrigation

11. Applications for leases for supply of water for *Rabi* Irrigation to irrigate spring rice or other crops between the 16th November and the 15th June may be presented to Subdivisional Canal Officer or to the Sectional Officer. They shall be in the form given in Appendix IV to these rules.

In the application for such leases the areas for which water is required shall be specified but the rate shall be charged on those areas in which water is actually used as determined by measurement.

The permit in the form given in Appendix V to these rules shall be granted by the Subdivisional Cannal Officer if he is able to supply the water for such irrigation.

Supply of water

12. The Divisional Canal Officer shall control the supply of water throughout the division in his charge.

13. No water shall be supplied to any lands except such as have been brought under lease for *Kharif* or for *Rabi* irrigation.

14. Under the forms of irrigation lease in use, no specific supply of water is promised; but the undertaking is to give such supply to each lessee as may be necessary for the lands noted in the lease. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

15. The Divisional Canal Officer may give the required supply by rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water rates

16. The rates due for water supplied shall be collected by the Officer-in-charge of revenue collection work through tahsildars and other staff. All *khatians* or demand statements shall be signed by the Officer-in-charge of the revenue collection work after scrutiny in his office.

17. Each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved by the Officer-in-charge of revenue collection work for the purpose.

18. Each person on paying the amount due from him shall be given a receipt in the form prescribed for the purpose.

19. For the purposes of account and control over establishment and of general administration, the Officer-in-charge of revenue collection work shall be directly under the Additional District Magistrate, Estate Acquisition, of the district. In regard to any proceedings taken under the Public Demands Recovery Act, 1913 (Bengal Act III of 1913), the Officer-in-charge of revenue collection work shall also be subject to the control of the Additional District Magistrate, Estate Acquisition, of the district.

Unauthorised use of water and waste of water

20. Should it be necessary to take action under the provisions of sections 79 and 80 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), proceedings shall be instituted only under the direct order of the Divisional Canal Officer. The primary record of the facts regarding unauthorised use or waste of water shall be made by the Subdivisional Canal Officer or his subordinates. The parties reported to be using water in an unauthorised way or wasting water shall be called upon to show cause why they should not be assessed for payment of water-rates. The record of their statements shall be made by the Divisional Canal Officer, or by the Subdivisional Canal Officer, as the case may be. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reason for or against assessment, both as regards the facts and as regards the law, and he shall determine the rate to be charged subject to the povisions contained in the Schedule of rates attached to these rules.

21. Should the Divisional Canal Officer decide that assessment should be made, he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him and an abstract of the demand or *khatian* shall be sent to the Officer-in-charge of the revenue collection work, who shall then proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), shall be computed from the date on which the statement of the dues shall be furnished to the person assessed and the date shall be endorsed on the said statement.

22. No proceedings shall be instituted if the unauthorised use or the waste of water have occurred through the act or neglect of a canal officer or any officer subordinate to the canal officer employed on the canal. During *kharif* irrigation the passing on of surplus water from leased to unleased fields is not an unauthorised use of water.

Complaints and applications

23. All complaints or applications with respect to the supply of water, defective drainage or administration of the canal, shall be received on presentation at either Divisional or Subdivisional Canal Office.

Complaints or applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officer for disposal at his discretion.

When such complaints or applications are presented to the Sectional Canal Officer, he shall forward the same to the proper office.

24. All complaints or applications with respect to correctness of the assessment shall be received at the office of the Officer-in-charge of the revenue collection work.

25. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints or applications shall be recorded in registers to be kept for that purpose.

26. The Officer receiving the complaint or application shall either make a personal enquiry into the matter or nominate in writing some responsible person to hold the enquiry.

27. The orders passed on all complaints or applications shall be in writing, and a copy of every order shall be furnished to the complainant or the applicant.

The copy of the order may be sent by registered post, if this is convenient.

The period within which an appeal may be presented under section 91 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), shall be computed from the date on which the copy of the order is received by the person.

28. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is heard.

29. The Divisional Canal Officer may revise the proceedings of his Subdivisional Canal Officers under his control and the Superintending Engineer may call for and revise the proceedings of all officers under his control.

Remissions and alteration of demand

30. Wherever the crop on land entitled to supply of water suffers material injury from insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Collector on the recommendation of the Divisional Canal Officers, provided that the person claiming remission has applied for such remission not less than fifteen days before the reaping of the crop.

31. Should the crop on lands under lease either for *Kharif* or for *Rabi* irrigation suffer material injury from excess of water due to deficient drainage, the Collector, on the recommendation of the Divisional Canal Officer, may grant remission for that year of the rates due on such lands in whole or in part, provided that the person asking for remission has applied for such remission at least fifteen days before the reaping of the crop.

32. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Collector.

33. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by charges in the occupation of lands shall be made under the orders of the Officer-in-charge of the revenue collection work, provided that no change involving any increase or decrease in the total area under lease shall be made, without the concurrence of the Divisional Canal Officer.

34. Remissions of water-rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause shall only be allowed under special orders of the State Government.

35. The writing off of those demands which are reported, after due enquiry by the Divisional Canal Officer or the Officer-in-charge of the revenue collection work, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death or owing to the defaulter having absconded may be sanctioned by the Collector, Commissioner or the Board of Revenue, as the case may be, subject to the monetary limits fixed by the Board of Revenue.

Cultivators' representatives

36. Whenever the application for lease for *kharif* irrigation has been approved by the Divisional Canal Officer, the Officer-in-charge of the revenue collection work shall, with concurrence of the Subdivisional Canal Officer, select as representative of the cultivators' suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

37. The person or persons so selected shall be required to give assistance to the Canal Officers or the Officer-in-charge of the revenue collection work in respect of the following matters, namely:—

(i) in the preparation of applications for leases;

(ii) in the measurement of irrigated lands;

(iii) in recording the names of the occupiers of the holdings;

(iv) in receiving demand statements and distributing to the cultivators the individual notices of assessment;

(v) in attending, when required, at enquiries into complaints;

(vi) in reporting to the Junior Land Reforms Officer any changes in the occupancy of lands under lease; and

(vii) in assisting the tahsildar in collecting rates.

38. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation, which may lie within the boundaries of the leased area subject to a total limit of 3 *per cent* of the area assessed. The Divisional Canal Officer may disallow in whole or in part this free irrigation, and may issue order to recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 37 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

39. The Divisional Canal Officer and the Officer-in-charge of the revenue collection work shall maintain in their respective offices a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

40. Applicants for lease for *Rabi* irrigation shall from among themselves nominate one having a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 37 and shall be entitled to free irrigation in the same terms and conditions as mentioned in rule 38.

Power to decline or cancel leases

41. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be declined or cancelled with effect from the 1st of July next following. The order to decline or cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

42. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realising the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any lease if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

Miscellaneous

43. Tanks may be supplied with canal-water without charge, when water can be made available without injury to the cultivation dependent on a canal, under the following conditions, namely:—

(i) that the water shall be exclusively used for domestic purposes or for watering cattle;

Any person, who after due warning, commits a breach of this rule may be proceeded against under clause (*9*) of section 93 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876).

47. No Officer employed on the canals, unless especially exempted by the State Government from the operation of this rule, shall have any interest in the distribution of water from any of the canals or purchase or bid for any Government property sold thereon either in his own name or in the name of another, or jointly or in shares with others.

48. When tanks which are used both for irrigation and domestic purposes are filled with canal water, without injury to the cultivation dependent on a canal, a charge at the rate of five rupees shall be made for each 10,000 cubic feet or part of 10,000 cubic feet of water supplied.

ANNEXURE

In the matter of an industrial dispute between Messrs. Aurora Carton House, 36D Sitalatala Lane, Calcutta-11, and their workmen represented by Aurora Carton Mazdoor Union, 64 Chittaranjan Avenue, Calcutta-12. (Case No. VIII—60-65).

BEFORE THE THIRD INDUSTRIAL TRIBUNAL WEST BENGAL

Present :

Shri S. K. DATTA GUPTA, Judge, Third Industrial Tribunal.

For the Union None.

For the Company : Shri A. Sarkar, Labour Adviser for the company.

AWARD

By order No. 1153-I.R./IR/11L-27/65, dated the 20th March 1965, and order No. 2895-I.R./IR/11L-27/65, dated the 3rd July 1965, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Aurora Carton House, 36-D Sitalatala Lane, Calcutta-11, and their workmen represented by Aurora Carton Mazdoor Union, 64 Chittaranjan Avenue, Calcutta-12, regarding the matters specified in the Schedule, to this Tribunal constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Whether the termination of service of Shri Debi Prosad Brahmachari is justified ? To what relief, if any, is he entitled ?

In pursuance of notices issued from this Tribunal parties appeared and filed their written statements.

In the written statement filed on behalf of the union, it has been stated that the concerned worker Shri Debi Prasad Brahmachari, was appointed as a permanent Supervisor at a monthly salary of Rs. 200 only with benefits of Employees' Provident Fund, Employees' State Insurance, Annual increment, bonus, leave with pay, etc., from the date of appointment, i.e., 23rd April 1963. Shri Brahmachari rendered efficient and faithful services to the company. By letter, dated 7th January 1964, sent by registered post company terminated the services of Shri Brahmachari on the ground that he was a temporary hand and has been declared surplus. This action of the company was unjustified and mala fide inasmuch as Shri Brahmachari was the only Supervisor of the company. The union took up his case and requested the Labour Directorate by letter, dated 31st January 1964, to intervene in the matter and help Shri Brahmachari to get back his service with back pay. On this letter of the union several joint conferences were convened by the conciliation officer but as concili tion failed, the matter was referred to this Tribunal for adjudication. The union contends that the dismissal of Shri Brahmachari was illegal and mala fide and prays that he be reinstated in service with back wages and other benefits.

In its written statement filed on 5th July 1965 the company stated that Shri Brahmachari was appointed as a Manager on a temporary basis and he had joined as such on 1st August 1963. As, however, subsequently the work of the Manager was not required by the company, his temporary service was terminated. On this ground the company contended that the union has no case for reinstatement of Shri Brahmachari.

After the filing of the written statements by both the parties the Tribunal directed them to file the list of documents but no such list was filed either by the company or by the union. Thereafter 23rd March 1966 was fixed for hearing of the case. On that date the company's Labour Officer was present but none appeared for the union. For union's non-appearance on 23rd March 1966, the case was adjourned to 13th May 1966 for hearing. On this date also none appeared for the union. The company's Labour Officer was, however, present. As neither on 13th May 1966 nor on 23rd March 1966, none appeared for the union to press the case of reinstatement of Shri Brahmachari it must be presumed that Shri Brahmachari has no grievance against the company and that there is no outstanding dispute between them. Accordingly, "no dispute" award is passed.

This is my award.

AWARD

This is an application under section 33A, Industrial Disputes Act, by Shri Muktar Ahmad, a workman of Messrs. H. C. Giddings (P) Ltd., the company opposition party, complaining of his alleged illegal, mala fide and wrongful dismissal from service during the pendency of the adjudication proceedings of another dispute between the company and its workmen, referred to this Tribunal by G.O. No. 3537-I.R., dated 6th August 1962, in contravention of the relevant provisions of section 33, Industrial Disputes Act.

The company appeared and filed its written statement in due course. After necessary preliminary proceedings and some adjournments, the case was finally fixed for hearing on 23rd September 1966. But, in the meantime on 2nd June 1966, both parties appeared and the applicant who came accompanied by his Union Secretary, Shri Md. Hafiz, filed a petition stating that his dispute with the company regarding the alleged dismissal had been amicably settled out of court and he had no other dispute with the company •and praying that the present application might be disposed of by a 'no dispute' award. The petition contains an endorsement by the Union Secretary to the effect that it was read over to the workman and he agreed with the terms knowing the contents. In view of this petition of the workman himself, the case should be disposed of immediately by a 'no dispute' award without waiting for the next date fixed long way off on 23rd September 1966. I should mention here that there was also an application by this company for approval of the dismissal of this workman under section 33(2)(b), Industrial Disputes Act and that case was also finally fixed for hearing on 23rd September 1966. In that case too, the company filed an application for withdrawal, evidently in view of the amicable settlement referred to in the petition of the workman. This fact also lends full support to the position that the dispute between the workman and the company has really been amicably settled and both parties have accordingly taken action in their respective cases under section 33(2)(b) and section 33A, Industrial Disputes Act.

In the result, I make a 'no dispute' award in the case on the basis of the petition filed by the applicant workman.

AWARD

These four applications under section 33A of the Industrial Disputes Act, 1947, have been filed by four group of workers complaining of contravention of the provisions of section 33 of the Industrial Disputes Act by their common employer and were taken up for analogous hearing at the instance of the parties and for the sake of convenience.

Their common case, in brief, is that they are entitled to free tiffin valued at 0.75 paise per day, inclusive of milk and that during the pendency of a proceeding under section 10 of the Industrial Disputes Act in which all the workers of the company are interested, company has stopped supplying them milk and has thus altered their service conditions. The workers in all the cases have claimed the monetary value of the milk calculated on the basis of the statement made by the opposite party to the Labour Directorate.

The company entered appearance in all the cases and took time to file written statement. Ultimately however, no written statement was filed by the company. Instead, joint petition of compromise signed by the Managing Director of the company and Shri Panchanan Bhattacharji, President of the Macfarlane and Co. Workers' Union, and workers' representative in all the cases was filed on 12th May 1966 in all the cases.

The representatives were heard on the petitions of compromise. I have perused the terms and they appear to me fair and reasonable. I am satisfied that in all the cases the parties have settled their disputes on terms mentioned in the petition. Accordingly in each case compromise award on the terms mentioned in the joint petition filed in each case is passed. Petitioners of compromise filed in each case do form part of the award of that case.

This award will govern all the cases.

This is my award.

AWARD

In this reference, made by the Government of West Bengal, in its Labour Department, order No. 1578-I.R./I R/10L-60/65, dated 1st May 1965, the industrial dispute for adjudication under section 10 of the Industrial Disputes Act is between Messrs. B. S. Engineering Corporation, hereinafter called the company, and their workmen represented by B. S. Engineering Corporation and Auto Welders and Engineers Workers' Union, hereinafter called the union. The union's claim is for profit bonus payable for the year 1370 B. S. (1st Baisak to 30th Chaitra). It is said that the company is a highly prosperous engineering concern having in its employ about 150 workmen in its two factories. The company started its business with the factory in Calcutta in 1950 with 8/10 men and expanded its business and profits opening a new factory at Dum Dum. They employ at present 35 workmen at Calcutta and about 115 workmen at Dum Dum. The company had been making huge profits every year but paid no bonus to its workmen. After agitation by the union the company paid Puja bonus in 1959 for the first time. They had to get the Puja bonus of 1960 awarded by a Tribunal. In 1961 the union first claimed profit-shareing bonus in addition to Puja or Customary bonus. The claim of profit bonus for 1962 is pending adjudication in the Second Industrial Tribunal. In 1963 again there was no payment of any bonus. Later the company by a settlement had paid Puja bonus, according to the year counted from 1st Bhardra to 30th Aswin, 1370 B. S., for 1963 and agreed to this reference being made for adjudication of profit bonus for 1370 B. S. (Bengali calendar year). It is said that huge profits have been made in 1370 B. S. by the company and profit bonus may be declared on the basis of its profits.

The company in its statement pleaded that its accounting year, in all respects, excepting for Puja bonus, is from 1st Baishak to 30th Chaitra; that the company had not made huge profits in 1370 B. S.; that the employees cannot get any profit bonus having been already paid Puja bonus ; that the company relies on the audited balance-sheet for 1370 B. S.

In view of the provisions of section 1 (4) and section 33 of the Payment of Bonus Act, this dispute has to be adjudicated in accordance with that Act. It is not disputed that in terms of settlement, Ext. 1, the company has paid Puja or Customary bonus to its employees for the year 1st Bhadra 1369 B. S. to 30th Aswin 1370 B. S. That does not cover the entire period of 1st Baisakh to 30th Chaitra of 1370 B. S., the period of claim of profit bonus in this reference. Sections 10, 11 and 17 of Payment of Bonus Act make it amply clear that in cases governed by this Act the employees are to ge bonus in terms of sections 10 and 11, giving adjustment under section 17 of Customary bonus paid against bonus payable under the Act. So the contention of the company that profit bonus for 1370 B. S. cannot be claimed because of payment fo Puja bonus for part of 1370 B.S, is untenable and is rejected.

Section 10 provides for payment of minimum bonus of 4 per cent. of the salary or wage or Rs. 40 whichever is higher. Ext. 1 shows that the company has paid Puja bonus for the period from 1st of Aswin 1370 B.S. to 31st Bhadra 1371 B.S. The claim in this proceeding is for profit bonus for the entire Bengali calendar year 1370 B.S. It is thus clear that Puja bonus that has been paid for the year 1st of Aswin 1369 B.S. to 31st Bhadra 1370 B.S. has been for half of the Bengali calendar year 1370 B.S. Therefore for one half of the said Bengali calendar year 1370 B.S. there has been no payment of any bonus of any kind. The company has paid in all Rs. 8,765.61 p. as Puja bonus, i.e., the company has paid Rs. 4,382.50 p. as Puja bonus for half of the Bengali calendar year 1370 B. S. The question is whether that sum is 4 per cent of the wages of the employees of the company that year. It is not. Ext. A shows that the total wages and salaries paid by the company during the year 1370 B.S. is Rs. 1,44,398.00 Four per cent. of that sum is Rs. 5,776.00. Therefore, in view of the provisionsf section 10 of the Payment of Bonus Act the company has yet to pay certain amount as minimum bonus to its employees for that year. This payment of minimum bonus under section 10 is not dependent on the company's making profit or not in that accounting year. So that sum, the Tribunal will direct the company, to pay to the employees.

The union, however, claims payment of maximum bonus under section 11 of the Act. But maximum bonus is payable in respect of any accounting year only when the allocable surplus exceeds the amount of minimum bonus payable to the employees under section 10. So the question is whether it is proved that the allocable surplus, if any, in 1370 B.S., was in excess of minimum bonus payable to the employees under section 10. Allocable surplus, as defined in section 2(4), is 60 per cent. for this company of the available surplus. Available surplus is again computed under section 5. For that it is necessary to compute gross profit under section 4. It is to be calculated in the manner specified in the Second Scheduleu. of the Act. From the gross profit, so calculated are to be deducted the sums referred to in section 6. The company has produced its Balance Sheet and Profit and Loss Accounts for 1370 B.S. (Ext. B). It has also produced the calculation sheet to show its own computation of allocable surplus. The union has also submitted a similar chart. Relying on the language of section 23(1) read with section 25 of the Act, the company submitted that the Tribunal may presume accuracy of Ext. B. It points out that the union has not taken recourse to section 23 of the Act. Certain figures in Ext. A are clearly incorrect. Depreciation is shown as Rs. 5,425.49 (Ext. A), but that in auditors' Schedule B is Rs.5,427.49. Similarly, the amount shown against 'donation' is incorrect. It has been shown as Rs. 1,721.03 in Ext. A, but it is really Rs. 359.48 only as seen in Ext.B. Besides the union disputes two figures in Ext. A, namely, that the amount against 'depreciation' and 'direct tax' under the head "Deduct" may be ignored as the company has not shown that direct tax has been paid or that the Income Tax Authorities have allowed depreciation of that sum (as calculated by the Auditors). Again, the union has correctly shown that the amount paid as bonus is Rs. 4,382.00 and not Rs. 8,765.61 p. (It has been already indicated in the preceding paragraph that it is half of Rs. 8,765. 61 p.). The union has added two other sums in Ext 2, viz., "interest on loans" and "workers" welfare expenses' section 6 lays down what sums are deductible from gross profits. Section 7 lays down how direct tax payable by the employer is to be calculated. So it may be said that neither the computation by the company nor that of the union is acceptable, even presuming the Balance Sheet and Profit and Loss Account as correct. It is not proved by the union that the interest on loan was Rs. 18,693 or that it is to be added to the net profits to find out gross profits.

The evidence is that there were about 150 employees in the company in 1370 B.S. So, if each of them has to be paid the minimum bonus of Rs. 40 that year, the total amount payable to the employees would come to Rs. 6,000. As allocable surplus is 60 per cent. of the available surplus it was necessary to be proved by the union that the available surplus was Rs. 10,000 in order that the union might say that the allocable surplus in 1370 B.S. exceeded the minimum bonus of Rs. 6,000. The Tribunal on a consideration of the materials placed before it, is not satisfied that on calculation of gross profits, available surplus and allocable surplus in accordance with the Act, it can be said that the allocable surplus in 1370 B.S. exceeded the minimum bonus payable under section 10. That being so, the Tribunal rejects the union's demand for payment of maximum bonus for 1370 B.S.

In the result the Tribunal answers the issue in favour of the union and directs the company to pay, to all its eligible employees for 1370 B.S. (Bengali calendar year) the minimum bonus, calculated in acc ance with section 10 of the Payment of Bonus Act, l half of the amount already paid to each employee as Puja bonus for half year of 1370 B.S.

AWARD

The Government of West Bengal, by order No. 3355-I.R./IR./13L-19/65, dated 3rd August 1965, had referred the following industrial dispute between Messrs. Nabamudran (Private) Ltd., 170-A Acharya Profulla Chandra Road, Calcutta-4 (factory at 13A Ariff Road, Calcutta-4) and their workmen represented by West Bengal Press Workers and Employees' Union, 84/1A Bepin Behari Ganguly Street, Calcutta-12, and (2) Nabamudran Private Ltd., Employees' Association, 170-A Acharya Profulla Chandra Road, Calcutta-4, to this Tribunal for adjudication.

Issues

(1) Grades and scales of pay, (2) D. A., (3) Annual leave and holidays, (4) Working hours, (5) Service cards and (6) Gratuity.

After the service of usual notice, the Unions had submitted their written statements at first as directed, and thereafter, the employer had submitted the written statement.

In the written statement submitted on behalf of the West Bengal Press Workers and Employees' Union, it is stated that the conditions of service under the employer are deplorable, and therefore, the Union on behalf of the workmen had submitted a charter of demands on or about 7th November 1964. In that charter of demands, introduction of new grades and scales of pay, payment of Rs.50 as D. A., annual leave for 50 days, flat increment of Rs.15, fixing of working hours at 42 hours, payment of overtime wages, arrear overtime wages and also bonus, issue of service cards and the framing of the scheme of gratuity, had been prayed for. It is lastly said that the benefits may be given retrospective effects from 7th November 1964 i.e. from the date of the charter of demands.

In the written statement submitted by the workmen represented by the Employees' Association, it is stated that as the old union did not look after the interest of of the workmen, this new union was formed and this union had submitted a charter of demands to the employer. Thereafter, a dispute was brought into notice of the Labour Commissioner; the conciliation proceedings, however, failed, but before the reference and after the failure of the conciliation proceedings, there had been a settlement regarding all the issues excepting the grades and scales, gratuity, and sick leave. The employer had given effect to the terms of the settlement arrived at between this union and the employer. According to the terms of the settlement, the D. A. has been paid at the rate of Rs.37.50 per month with effect from August 1965 to those employees who received D. A., at the rate of Rs.30 per month, and at the rate of Rs.40 per month with effect from the same date to the employees who received D. A. at the rate of Rs.35 per month. With regard to the leave, it was agreed that the privilege leave would be granted according to the Factories Act and that 14 days' festival holidays with wages and 5 days' casual leave with wages, would be granted. With regard to the grades and scales of pay, and sick leave, this union had prayed that they should be in accordanc with the Press Omnibus Award. With regard to the scheme of gratuity, it is said that it should be at the rate of one month's wages per year of service at the time of retirement or discharge on 5 years service. Lastly, it is said that the West Bengal Press Workers and Employees' union has got no right to represent the employees, as they had all left that union and had been enrolled as members of the Employees' Union, and that the employer has means and capacity to pay grades and scales of pay and wages and gratuity.

In the written statement of the employer, it has been stated, inter alia, that the relationship between the employer and the employees had been cordial, and the provisions of wages and other amenities of this company are more liberal than those of the other established units of the industries in the region. The West Bengal Press Workers and Employees Union had instigated a section of the workmen who indulged in acts of indiscipline as a result of which there had been bad production. In fact, there had been murderous assault on the Jamadar of the company on 17th December 1964 and his left arm has been maimed for life. Sometime, thereafter the workmen became disillusioned and formed the Employees' Association and approached the management with the charter of demands There had been a discussion with the members of the Association, and there had been a settlement on 1st September 1965 regarding all the issues excepting the issue of grades and scales of pay. It is not necessary for me to refer to the other recitals in the written statement of the employer, because the terms had been settled between the employer and the Nabamudran (Private) Employees' Association. It would be sufficient to state that with regard to grades and scales of pay, it is said that the existing reates of wages paid by the company compare favourably with the 1951 Ominibus Printing Press Award ; that with regard to the D. A., it is said that after the settlement, the company is paying D. A. at the agreed rates and that the total emoluments together with the other benefits are adequate and generous and do not call for revision. With regard to annual leave and holidays, the company had referred to the agreement which had been enforced and which is referred also in the written statement of the Employees' Association. With regard to the working hours, it is said that the company is working for 48 hours which is less than the prescribed in the Factories Act, 1948. With regard to service card, it is said that there had been the amicable settlement on 1st September, 1965 and the Company is at present maintaining service cards of standard size in form No. 1 appended to the model standing order. With regard to gratuity, it is said that the employees are enjoying the benefits of the Employees Provident Fund Act, 1952 and the schemes made thereunder and there is no justification for the introduction of the scheme of gratuity in addition to the benefits of the Provident Fund.

It therefore appears that regarding some of the issues, which have been referred, there had been settlement between the employer and the Employees' Association and the terms of settlement had already been given effect to. Subsequently, a joint petition of settlement was filed by the employer and the Employees' Association on 28th April 1966. Shri Rishi Banerjee who appeared for the West Bengal Press Workers and Employees Union was given a copy and according to his prayer, the case was adjourned for a month to 28th May 1966. On that date, he had appeared but subsequently, he went away. Shri B. K. Mukherjee, Labour Adviser of the Company and Shri S. K. Bhowmick who is the Secretary of the Employees' Association told me that Shri Banerjee had stated that a "no-dispute" award so far as his Union is concerned may be passed, Shri Mukherjee also told me that not a single employee of the employer is now a member of that Union. This is also submitted by Shri Bhowmick for the Association. It appears to me that the West Bengal Press Workers and Employees Union is no longer interested in the disputea s there are no employees who are members of that Union.

I have considered the settlement which was filed on 28th April 1966 and it appears to me that the terms of settlement are bona fide, legal and proper and should be given effect to. I therefore pass a "no-dispute" award making the petition together with the annexures thereto an annexure to the award. This is my award.

In the matter of an industrial dispute between Messrs. Aluminium Corporation of India Ltd., P.O. Jaykay Nagar, district Burdwan and their workmen represented by the Aluminium Mazdoor Union, P.O. Jaykay Nagar, district Burdwan. (G.O.No. 1615-IR, dated 3rd May 1965). (VIII—108/65.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

Present:

Shri R. BHATTACHARYA, M.A. LL.B., Judge,
Fourth Industrial Tribunal.

This reference under section 10 of the Industrial Disputes Act arises out of the Government of West Bengal, Labour Department, order No. 1615-I.R./IR/10L-16(D)/65, dated 3rd May 1965, over a dispute between Messrs. Aluminium Corporation of India Ltd. (hereinafter described as the Company), P.O. Jaykay Nagar, district Burdwan, and their workmen represented by the Aluminium Mazdoor Union (hereinafter referred to as the Union), P.O. Jaykay Nagar, district Burdwan, for the adjudication of the following issue :

Issue

> Whether the transfer of Shri Santi Ranjan Sarkar from the Accounts Office to the Time Office is justified? To what relief, if any, is he entitled?

The parties submitted their written statements. In short, the case of the union is that Santi Ranjan Sarkar was a clerk working in the Accounts Department of the company. By an order, dated 28th September 1964, Sant Ranjan Sarkar was transferred to the Time Office as Time Keeper. This transfer of Santi Ranjan, a clerk, to the Time Office as Time Keeper was improper and illegal. It was a case of victimisation. The rank of the Time Keepers, according to the union, is interior to that of clerks. Santi Ranjan lodged protest against this transfer but the authority paid no heed. It has been alleged that Santi Ranjan made a written statement before the police and thereafter the management got annoyed with him and threatened him to terminate his service by any means.

The company has denied the allegations made by the union. Its case is that the company has a right to transfer an employee from one department to another. Santi Sarkar, a clerk, working in the Accounts Department was transferred to the Time Office as clerk in the interest of efficient management and administration This transfer did not cause any prejudice to the service of Santi Ranjan. Neither did it cause any financial loss to him. In spite of the transfer Santi Ranjan was to get his usual wages in his own grade and scale of pay. The clerk in the time office was, however, designated as Time Keeper although the nature of his work was clerical. The company has denied the suggestion that this is a case of victimisation. In the written statement although it was stated by the company that it was not a case of industrial dispute, at the time of hearing, however, that point has been given up.

The union has examined two witnesses and the company has examined two. Several documents have been exhibited on both the sides.

The main point raised from the side of the union is that the office of the Time Keeper is not clerical in nature and, therefore, the transfer of Santi Sarkar from the Accounts Department to the Time Office as Time Keeper was illegal and improper. It has been urged from the side of the union that this transfer has caused prejudice to Santi Sarkar. In this connection it has been urged that the company could not change the service conditions of Santi Sarkar without any valid notice under section 9A of the Industrial Disputes Act. The company, on the other hand, wants to say that the office of the Time Keeper is purely clerical in nature although in the Time Office the designation is Time Keeper. There has been no change in the service conditions of the employee, according to the company. There is no dispute before me that the company has the right to transfer one employee from one department to another in the same job and in the same grades and scales of pay. The main question before me is whether or not the time keeper is a clerk. On this point Santi Sarkar has given evidence as P.W.2. During cross-examination he has simply stated that it is not a fact that the work of the Time Keeper is clerical. During examination-in-chief he has stated that the time keeper is to deliver tokens to the workmen, to maintain the Attendance Register and to prepare a list of absentees. During cross-examination he has stated that in the Time Office a portion of budget is done and that wage rates are noted. P.W.2, however, does not know whether Time Keepers are manual labourers or not. He wants to say that they are not designated as clerks. On the side of the company, however, the Labour Welfare Officer has been examined as O.P.W.1. His evidence is that a new plant came in the factory and a large number of employees had been recruited and the authority had to re-organise the time office and as a result of that, Santi Sarkar was transferred to Time Office. He has further stated that the work of the Time Keeper was to check the pay sheet, to write the names of the workers and their working days along with the rates of pay and to make budget of the department. This witness has stated that the clerks of the Time Office are known as Time Keepers. His further evidence is that Time Keepers name are included in the pay sheet of the clerks. This witness has asserted further that by transfer of Santi Sarkar from the Accounts Department to the Time Office his status, grade and scale of pay or any other amenities have not been affected. From him we also gather that as Time Keeper Santi Sarkar would get overtime allowance at the double rate whereas in the Accounts Department overtime was earned at a single rate.

The Accountant under whom Santi Sarkar worked has also been examined as O.P.W.2. He has stated that Time-keepers are in the category of clerks and that they belong to the clerical staff being treated as assistants. After the transfer he also told Santi Sarkar that his grade and scales of pay would not be affected. The union has filed charts of different employees in different departments. They are Exts. 2 and 3. Ext. 3 will show the chart of the Time Office. In this chart there are several heads including designation, category, pay, etc. Both the parties depend upon this Ext. 3 to substantiate their own contention. I have perused. Ext. 3 and I find that although some employees have been designated as Time-keepers in Time Office, they belong to the clerical staff because they have been described as clerk under the head "category". There is no doubt at all that Time-keepers in the Time Office are clerks being included in the category of 'clerks' as described in Ext. 3. The transfer order is Ext. C. This is dated 28th September 1964. In this transfer order it has not been stated that the grade or scale of pay of Santi Sarkar would be adversely affected. From the evidence of O.P.W.1 and O.P.W.2, whom I believe and also the chart, Ext. 3, relied upon by the union, I am satisfied that the duties of Time keeper are clerical in nature. I am also satisfied that the works of the Time-keeper are not difficult for Santi Sarkar to perform. Rather, the duties may be a little bit lighter and easier. The union wants to say that Santi Sarkar had reasonable apprehension that his service would be adversely affected by this transfer. The company informed the Assistant Labour Commissioner by its letter, dated 12th October 1964, that Santi Sarkar had been transferred to the Time Office to work as a clerk and that there was no change in the service conditions. This letter is Ext. G. The company gave Santi Sarkar sufficient time to join his duty in the Time Office. The Assistant Labour Commissioner advised the union to ask Santi Sarkar to see the Works Manager of the company. Ext. H. will show that. The evidence will further show that some other clerks from other departments were also transferred to Time Office as Time-keepers, and that their services were not prejudicially affected. It appears that Santi Sarkar without any reasonable cause apprehended that his transfer to the Time Office as Time-keeper would affect his service conditions. I do not think that there was any demotion by this transfer. There was no reason to think that by this transfer Santi Sarkar's grade and scale of pay would be affected in any way. On the other hand the company assured that by this transfer no prejudice would be caused to Santi Sarkar. No employee can insist on his staying in a particular department throughout his service. For efficient administration the employer is entitled to transfer an employee from one department to another from time to time. The evidence further shows that for re-organisation the transfer of Santi Sarkar was necessary. However, I find that the transfer of Santi Sarkar from the Accounts Dept. ment to Time Office was not illegal.

The union has made an attempt to say that this was a case of victimisation because the authority wanted to get false affidavit from Santi Sarkar but as the latter refused to swear any such affidavit, the management threatened to dismiss him. The evidence shows otherwise. The charge-sheet was no doubt served on Santi Sarkar who submitted an explanation in reply thereto. The company was satisfied and did not proceed further. It also appears that in spite of the transfer order Santi Sarkar has failed to join his duty in the Time Office but still the company did not take any serious step against him. The company rather generous in this respect. At the time of argument the company has informed me that it will allow Santi Sarkar to join his duty immediately in the Time Office. The story that the company got annoyed to Santi Sarkar or that the company wanted to get a false affidavit is a myth. On hearing P.W.1 and P.W.2 my impression is that they are not straight-forward witnesses. I do not accept their statements as correct.

The union has relied upon one document, Ext. 6, in which the officer-in-charge of the Time Office stated that there was no provision of clerk in the Time Office and that one K. P. Singh, a clerk, transferred to Time Office was asked to accept the designation of Time-keeper so long as he was in the Time Office. The endorsement of that officer will indicate that a clerk transferred to the Time Office will be designated as a Time-keeper so long as he is there. But against this endorsement, the Labour Welfare Officer, O.P.W.1, has stated that the opinion expressed by Shri Sharma in Ext. 6 is not correct. That this endorsement is not partialy correct would be evident by Ext. 3 filed by the union itself. This Ext. 3 shows that clerks are designated as Time-keeper in the Time Office, that is to say Time-keepers fall in the category of 'clerk'. Lastly, it has been argued from the side of the union that if Santi Sarkar is transferred to the Time Office, his efficiency acquired in the Accounts Department would go due to the absence of practice in the Time Office. This argument does not appeal to me. An employee cannot claim any right of stay in a particular department simply because he has worked in that particular department for a long time. For efficient administation the management has a right to place a particular employee in different departments in the same category for acquiring diverse knowledge. In this case, the evidence shows that by this transfer Santi Sarkar will be entitled to get allowance at the double rate for overtime work whereas in the Accounts Department he has to get allowance at the single rate for overtime work. His scale of pay and grade will not be affected. Therefore, there will be no financial loss or prejudice in service or future prospect. As there has been no change in the service conditions, the question of notice under section 9A of the Industrial Disputes Act does not arise. I am satisfied on consideration of all the materials before me that the transfer of Santi Sarkar from the Accounts Department in the Time Office is justified, reasonable and proper. It is not a case of victimisation or unfair labour practice. The workman in question is not entitled to any relief in this reference. Santi Ranjan Sarkar should join his duty at the Time Office within 15 days from the publication of this award in the "Calcutta Gazette."

This is my award.

In the matter of an application under section 33A of Industrial Disputes Act, by Shri Gangadhar Dolui, 31 Rashik Krishna Banerjee Lane, P.O. Salkia, Howrah, against Messrs. Kejriwal Iron & Steel Works,12/2 Girish Ghose Road, P.O. Belurmath, Howrah. (Case No. 33 of 1966 under section 33A).

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri S. K. RAY, Judge, Seventh Industrial Tribunal.

For the applicant Workman : Shri Kali Chakrabarty.

For the employer Company : Shri J. R. Jain, LL. B.,

AWARD

In this application under section 33A, Industrial Disputes Act, the applicant, Shri Gangadhar Douli, a workman of the Company opposite party, Messrs. Kejriwal Iron & Steel Works, has complained of alleged wrongful, unwarranted and mala fide refusal of employment to him with effect from 29th January 1966 amounting to his dismissal from that date. It is contended that this dismissal was effected during the pendency of the adjudication proceedings of another dispute between the Company and its workmen, referred to this Tribunal by G.O. No. 3537-I.R., dated 6th August 1962, but without complying with the relevant provisions of section 33, Industrial Disputes Act and so, there was contravention of section 33 by the Company. He has claimed reinstatement to service with full back wages since the date of dismissal.

The Comapny has appeared and filed its written statement. In the written statement, it has taken only a legal plea in bar of this application. The plea is that the dispute between the Company and its workmen, which was under adjudication in the Omnibus Engineering Reference covered by G.O. No. 3537-I.R., dated 6th August 1962, was disposed of by an interim 'no dispute' award, dated 9th April 1964, which was duly published in the "Calcutta Gazette" and so the adjudication proceedings in respect of the dispute between this Comapny and their workmen ceased to exist after one month from the publication of the award, which took place in 1964 and so, no adjudication proceedings under G.O. No. 3537-I.R, dated 6th August 1962, with reference to which the present application has been made were pending at the date of the alleged refusal of employment or dismissal by the Company and consequently, the Company was under no obligation to comply with any provision of section 33 in regard to the said alleged action and in the result, there could be no question of contravention of any provision of section 33, Industrial Disputes Act, by the Company in regard to its alleged action complained of and so, the present application under section 33A cannot lie because of the absence of any contravention of section 33 which could only give jurisdiction to this Tribunal to entertain an application under section 33A, Industrials Disputes Act.

The case has been heard only upon this preliminary legal objection.

I find on going through the record of the Omnibus Engineering Reference Case convered by G.O. No. 3537-I.R., dated 6th August 1962, that this Company was included in the Reference under serial No. 522 in the list of Companies covered by the reference. But the dispute between several companies including this Company and their workmen were disposed of by a 'no dispute' award on the basis of joint petitions filed by the companies and their workmen and the award was passed on 9th April 1964. This Company was included in Schedule A (item No. 14) of the award and the award shows that this Schedule covered the companies whose disputes with their workmen were disposed of by the interim 'no dispute' award. The award was duly published in the 'Calcutta Gazette' and it is not disputed that a qiute a long time, certainly more than a month, has expired since the publication of the award. In these circumstances, the adjudication proceedings in respect of the dispute between this Company and its workmen, covered by the Omnibus Engineering Reference under G.O. No. 3537-I.R., dated 6th August 1962, must be deemed to have been completely terminated long before the action of the Company complained of in the present case, alleged refusal of employment to the workmen amounting to his dismissal, took place on 29th January 1966. In view of the aforesaid interim award, the legal position is that no adjudication proceedings of any dispute between this Company and its workmen under the Omnibus Engineering Reference covered by G.O. No. 3537-I.R., dated 6th August 1962, with reference to which the present application under section 33A has been made, were pending when the alleged action complained of in the present case took place and as such, there could certainly be no contravention of any provision of section 33 in regard to the said action of the Company and consequently, the present application under section 33A based upon the alleged contravention of section 33 cannot lie. It is well-settled that the indisponsible pre-condition for an application under section 33A, Industrial Disputes Act, is that there must be some contravention of some relevant provision of section 33, Industrial Disputes Act, during the pendency of the adjudication proceedings of a dispute between the Company and its workmen and the contravention must relate to the action complained of in the application under section 33A. This essential pre-condition is absent in the present case. Necessarily, I find that this application under section 33A is not legally maintainable and it must fail upon the preliminary objection raised by the Company.

In the result, I uphold the preliminary legal objection raised by the Company and hold that the present application under section 33A, Industrial Disputes Act, is not legally maintainable and this Tribunal cannot take any action upon it. The application is disposed of accordingly.

This is my award.

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri A. K. DE, District Judge, Fifth Industrial Tribunal.

Both parties are absent and take no steps. This is a reference under section 10 of the Industrial Disputes Act by the Government of West Bengal, in its Labour Department, order No. 1005-I R./I R/11L-29/66, dated the 14th March 1966, for adjudication of a dispute between Messrs. Safi Brother and Co., and their workmen represented by Calcutta Leather Workers' Union.

Both parties were duly served with notices. The company has not appeared. The union appeared on 29th April 1966 and took time for filing statement. Thereafter, though two dates were given the union or the company did not file any statement and did not take any steps. The Tribunal is satisfied for above that the industrial dispute under reference is no longer in existence.

The Tribunal, accordingly, makes a "no dispute" award in terms of rule 22 of West Bengal Industrial Rules, 1958, on the footing that there is no longer in existence the industrial dispute under reference.

Government of West Bengal, in the Labour Department by order No. 4432-I. R./I R/11L-231/65, dated Calcutta, the 16th October 1965, referred an industrial dispute between Shri Gopal Chandra Modak and his workmen represented by West Bengal Sweetmeat Workers' Union for adjudication, on the following issue :

Issue

Whether the refusal of employment to Shri Bankim Chandra Patra is justified ? What relief, if any, is he entitled to ?

Notices were sent to both the parties in response to which union appeared but the notice on the employer was returned unserved with the endorsement "deceased" written on it. The union did not dispute the fact of death of the employer and has been absenting ever since they appeared.

As the employer is reported to be dead and the union is absent without sufficient cause, the industrial dispute under reference can no longer be said to be in existence in this case and provision of rule 22 in the opinion of the Tribunal is attracted to the facts of the present case. The Tribunal accordingly makes an award on the footing that the industrial dispute under reference is no longer in existence.

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri S. K. BHATTACHARYA,
Presiding Officer,
Second Industrial Tribunal.

Government of West Bengal, in the Labour Department, by order No. 2084-I.R./IR/10L-118/64, dated Calcutta, the 6th June 1964, referred an industrial dispute between Messrs. Barakar Electric Supply Co., and their workmen represented by Barakar Electric Supply Co. Employees' Union to this Tribunal for adjudication on the following issue:—

Issue

Whether the termination of service of Shri Basudeo Agarwalla is justified? What relief, if any, is he entitled to?

After receipt of the order of reference notices were served on the parties and the employer and the employee filed their respective written statements. The union in their written statement filed on 30th December 1964 *inter alia* contended that Basudeo Agarwala was appointed under Messrs. Barakar Electric Supply Co., in the year 1959 and was subsequently confirmed in a letter issued by the company, dated 1st January 1963. The workers of the aforesaid company formed a union of employees under the name Barakar Electric Supply Co. Employees' Union in the month of September 1963, in which Shri Basudeo Agarwala took an active part. The union advanced a charter of demands to the management in the month of December 1963 and over this a conciliation proceeding was started by the Assistant Labour Commissioner, Asansol. The management of the company however resorted to various retaliatory measures against the leading members of the union and they also did not pay overtime wages to their workmen, although they obtained signatures of them on the wages register showing payment of such overtime dues. This was objected to by Basudeo Agarwala and union also brought the matter to the notice of the Inspector of Factories. On 31st December 1963 Basudeo was served with a notice whereby his service was terminanated with effect from the same day, but no reason therefor was given. The workmen of the company in a general meeting passed a resolution requesting the union to take up the matter. The union represented the matter before the Assistant Labour Commissioner, Asansol. As the matter could not be settled there, the present reference has been made to this Tribunal for adjudication. The union prayed for reinstatement of the workman to his former post with full back wages for the period of his forced unemployment.

The company in their written statement contended that the dispute in this case was an individual case as it was neither supported by substantial number of workmen nor the union it was outside the scope of the Industrial Disputes Act. They moreover contended that Basudeo was an employee of Chirkunda Electric

Supply Company, P.O. Chirkunda, district Dhanbad, and the service of the aforesaid Basudeo was lent to Barakar Electric Supply Company for a temporary period of 8 months for the year 1963. Basudeo as such worked in Barakar Electric Supply Company for the period from January to August 1963 and there was no occasion to confirm him on the lst of January 1963 as alleged. Since lst September 1963 Basudeo was transferred to his original employer Messrs. Chirkunda Electric Supply and he had been serving there and receiving his wages from the said employer who is a licensee under the State of Bihar and carried on its business at Chirkunda with its registered office located there and the dispute, if any, is outside the jurisdiction of this Tribunal and can only be referred to a Tribunal by the State of Bihar. The company however denied that theservice of Basudeo Agarwala was terminated by Messrs. Barakar Electric Supply Co., with effect from 31st December 1963 and contended that at the relevant date Basudeo was not an employee of the aforesaid company. So the reference in the instant case according to the company was incompetent and bad in law.

Appearances of the parties are as follows :—

For the Company : Hariram Chowdhury.

For the Union : Shri Kalyan Roy.

Decision

The union examined two witnesses including Ranjit Kumar Paramanick (P.W.1) and the concerned workman Shri Basudeo Agarwala (P.W.2), whilst the company examined its Secretary Shri Chandra Prokash Agarwala (O.P.W.1) and Assistant Engineer Shri B.K. Chowdhury (O.P.W.2). Both parties exhibited a number of documents and the alleged letter of termination of service has been marked Ext. 6. This letter is purported to be issued by the Secretary of Chirkunda Electric Supply Company on 31st December 1963 and by this letter Basudeo was informed that his service was terminated with effect from that date on the ground that he was a surplus staff and he was also asked to collect his dues, including pay for one month. Apparently no proceeding was drawn up and Basudeo was not charge-sheeted by the company. No opportunity was therefore given to him to explain his conduct before the termination of his service and the company as such did not challenge the order of termination of service, as legal or proper. It is however contended on behalf of the company that there was no relationship of employer and employee between Basudeo and the Barakar Electric Supply Co., at the relevant time. Taking the worst view of the matter Basudeo can best be recorded as part-time employee of both Barakar and Chirkunda Electric Supply Co., which would not entitle him to be treated as workman within the purview of the Industrial Disputes Act. In any view of the matter therefore it was contended by the company that Basudeo was not entitled to any relief and this Tribunal was not competent to enquire into the merits of the case.

The union, on the other hand, contended that these two companies though separate legal entities functioned as one establishment. Their head office was the same and the employees perform the work of both the concerns at one and the same time. According to P.W.1 Ranjit, he was an employee of Barakar Electric Supply Company and as such he was also an employee of Chirkunda Electric Supply Company. P.W.2 Shri Basudeo in his evidence stated that he was working in Barakar Electric Supply Company since 1959 and was confirmed in his post by one of the partners of the company—Kedarnath Agarwala vide letter issued on 1st January 1963. This letter has been marked Ext. 7, but the authenticity of this letter was challenged by the management. It is however admitted that Kedarnath Agarwala was a partner of the firm of licensee and the Secretary of Barakar Electric Supply Co. who was also one of the partners was not in a position to deny or dispute the signature of Kedarnath Agarwala in the letter Ext. 7. Be that as it may, even if it be assumed that Bausdeo was not a permanent staff of Barakar Electric Supply Company, the only point for determination in this dispute is whether Basudeb was an employee of Messrs. Barakar Electric Supply Company at the relevant, date, namely 31st December 1963. Admittedly Basudeo served in Barakar Electric Supply Company during the period January to August 1963 and it is contended on behalf of the company that his service was thereafter re-transferred to his parent company, namely, Chirkunda Electric Supply Co., wherefrom he was taken on loan basis. There are however no papers to show that Basudeo was taken in Messrs. Barakar Electric Supply Company from Chirkunda Electric Supply Company on loan or any other basis. The company only produced the pay sheets of Chirkunda Electric Supply Company to show that Basudeo received his wages from that company after August 1963. Neither of the two companies had any standing orders of their own nor did they seem to maintain any record to show which of the employees were permanent and which were temporary. Admittedly there was no provision for transfer of employees from one company to the other under any Standing Orders or Rules but according to O.P.W.1 the employees were taken from one company to the other on loan basis. O.P.W.1 was not in a position to show that Basudeo had any provident fund account with the other company but he stated that they issued appointment letter to their employees except those whose services were purely temporary. O.P.W.2 Shri B. K. Chakraborty who is Assistant Engineer of both the companies stated "sometimes appointments are given in our company verbally, when the workers are taken on trial basis; the others are given appointment letters." The witness was not in a position to say if any order transferring Basudeo in the Barkar Electric Supply Company was ever passed. He was also not in a position to say who worked in place of Basudeo in the bill section either before or after. The management however produced a Despatch Register Ext. B to show that the letter confirming the appointment (Ext. 7) was not issued from their office. This register itself would show light that the letters issued on behalf of both the concerns were entered in the same register and same employees were made to perform the duties of both the units. It seems queer that the company was not in a position to give any staff statistics or records to show that the concerned workman was really employed in the other concern and not in Barakar Electric Company. In the absence of any record whatsoever the Tribunal is not prepared to countenance the suggestion put forward by the company that Basudeo worked under Messrs.

Chirkunda Electric Supply Company; on the contrary, Basudeo admittedly worked in Messrs. Barakar Electric Supply Company during the period from January to August 1963 and although his pay appears to have been drawn in the month of October from Messrs Chirkunda Electric Supply Company, the Tribunal is unable to hold that he was exclusively an employee in that concern. For all these reasons discussed above it appears to the Tribunal that papers relating to this workman have not been produced for obvious reasons. In the circumstances the Tribunal must come to the conclusion that Basudeo was an employee of Barakar Electric Supply Company since 1959.

It was contended on behalf of the employer that upon the evidence on record it can at best be held that Basudeo was a part-time employee in both the concerns but a part-time employee is not a workman within the meaning of the Industrial Disputes Act. In support of this proposition reliance was placed upon two decisions reported in 1956, L.A.C. page 468 and A.I.R. 1960 (Andhra Pradesh), page 371. The decisions sited above do not in my view assist the employer in any way. In the first place it is to be pointed out that it is not the case of the employer that Basudeo worked as part-time employee in both the concerns, on the contrary it was stated that his service was lent on whole time basis for about 3 months in the year 1963 and thereafter he reverted to his original employer Messrs. Chirkunda Electric Supply Company. In the case reported in 1956 L.A.C. it was held that a part-time employee is wholly inconsistent with employment to do manual work for hire or reward in an industry. That is not the case here. In the case reported in A.I.R. 1960 (Andhra Prodesh) the employee used to work at another place on part-time basis and such a worker was held not to be an employee within the meeting of the Industrial Disputes Act. So the contention put forward on behalf of the company cannot therefore be accepted and it must be held that Basudeo was either a whole-time worker in Messrs. Barakar Electric Supply Company or in Messrs. Chirkunda Electric Supply Company. For the reasons already discussed the Tribunal must held that Basudeo was a whole-time employee of Messrs. Barkar Electric Supply Company since 1959. The company at the time of hearing did not try to justify the summary dismissal of this employee nor was it canvased before the Tribunal that he was to be regarded as a surplus staff. That being the position, the Tribunal on a careful consideration of all the circumstances of the case holds that the termination of service of Basudeo was not justified and he is accordingly entitled to be reinstated in his post. As it has not been shown that Basudeo worked for profit or gain during the period he was thrown out of employment, the Tribunal considers it proper that he should be reinstated with full pay and allowance with effect from 1st January 1964.

This is the Tribunal's award which is to be implemented within 30 days of its publication in the "Calcutta Gazette."

AWARD

This relates to a demand by the workmen of six oil mills for profit sharing bonus payable in 1964 and has arisen out of a reference under section 10 of Industrial Disputes Act by the Government of West Bengal in its Labour Department; order No. 1780-I.R./I.R./15L-65, dated 18th May, 1965.

As the demand relates to bonus for 1964, it is to be decided in accordance with the provisions of the Payment of Bonus Act, 1965 [see section 33 and section 1(4)]. When the case was taken up, the union had given up its claim for bonus for 1964 against oil Mills Nos. 2 to 6 of the Government order of reference. The Tribunal is satisfied on that, that there is no longer in existence any dispute relating to that demand and claim of bonus as against mills mentioned in Nos. (2) to (6) of the Government order of reference.

The Tribunal has, therefore, to decide only the dispute as between Messrs. Ramkrishna Pure Oil Mills and the workmen of that Mill represented by the union, named at the beginning. Under section 10 of the Act the workmen are to get minimum bonus whether there are profits in the accounting year or not. The union, does not dispute that the minimum bonus, payable under section 10, has in fact been paid to them by the Mill in question on 17th May 1964. The union claims maximum bonus payable under section 11 of the Act. If the "allocable surplus" exceeds the amount of minimum bonus in respect of any accounting year, then every employee shall get maximum bonus, calculated as under sections 11, 12, 14 and 17 of the Act subject to certain limitation out of allocable surplus. Allocable surplus is 60 per cent. of available surplus—see section 2(4)(b). Available surplus is gross profits, calculated under section 4, after deducting therefrom the prior charges under section 6. This Mill's accounts are not audited by any auditor firm under section 226 (1) of the Indian Companies Act (see the accounts filed by the mill). The Tribunal is of opinion that it is not necessary to direct the mill under section 25 (2) to get its accounts so audited. The Tribunal presumes under section 23 that the Balance Sheet and Profit and Loss Account are accurate [see section 25 (1)]. It now remains to calculate the "allocable surplus" and "the minimum bonus". Be it noted here that the mill after submitting its Balance Sheet and Profit and Loss Account prepared by its own employee, did not particiate in the hearing though its manager remained present. The union on the Mills' own account shows that the allocable surplus is Rs.1,500 and the minimum bonus payable to all its employees under section 10 is less than that. In the Profit and Loss Account the Mill included in its *Kharach* side a sum of Rs.2,246.83 p. for "Basha Khate" (household expenses). The union submits that the said amount cannot be entered there. The union refers in support of its contention to Batli-boi's Book on Advance Accounting, 1953 Edition. The Tribunal accepts this contention and excludes that amount from "*Kharach*" side of Profits and Loss Account. On that basis the Tribunal holds that the workmen represented by the union are entitled to get maximum bonus limited to 20 per cent. of wages of each under section 11. The accounting year, however, is not English calandar year 1964, but the Bengali calendar year from 1st Baishak to 30th Chaitra, according to Mill's option—vide section 2 (1)(iii) (b) of the Act. The accounts filed are for the period 1370 B. S.=middle of April of 1964 to middle of March 1965. Therefore, on those accounts the Tribunal decides that the workmen shall get bonus for part of 1370 B. S. i.e., from 15th April 1964 to 31st December 1964 within the scope of the issue under reference. For the remaining part of 1370 B. S. no decision is made as not covered by the issue. It has been seen that the allocable surplus is Rs.1,500. Twenty per cent. of the wages of the workmen in the period 15th April 1964 to 31st December 1964 should be calculated. If that be less than Rs.1,500, they should get 20 per cent. of the wages. If more, the bonus would be limited to 20 per cent. of the wages. Again, from that should be deducted the sum already paid for 1964. Balance only should be paid to the workmen, represented by the union.

The Tribunal awards accordingly in respect of the Mill No. (1) of the order of reference, and, the Tribunal makes a "no dispute" award in respect of the claim for bonus payable in 1964 as between the union and the Mills Nos. (2) to (6) of the order of reference.

AWARD

The Governor of West Bengal, by order No. 3202-I.R./IR/10L-112/65, dated the 17th July 1965, had referred the following industrial dispute between Messrs. Indian Iron and Steel Co., Ltd., Burnpur Works, P.O. Burnpur, district Burdwan, and their workmen represented by the United Iron and Steel Workers' Union, Bari Smriti Bhaban, Subhaspally, P.O. Burnpur, district Burdwan, to this Tribunal for adjudication.

Issue

Whether the promotion of Shri Ram Lakhan Prosad without taking trade test of Shri Sudhir Chandra Sikdar who was senior to Shri Prosad, is justified? What relief, if any, Shri Sikdar is entitled to?

After the service of usual notice, the employer had put in the written statement at first, as directed and thereafter, the union had submitted the written statement on behalf of the workmen.

In the written statement submitted on behalf of the employer, it has been urged that the order of reference is not valid, because promotion is a function of the management, and cannot form the subject-matter of the industrial adjudication. Shri Sen appearing for the employer has not pressed this objection at the time of hearing. It is next alleged that both Shri Sudhir Chandra Sikdar (hereinafter referred to as Shri Sikdar) (token No. 0230 CE) and Shri Ramlakhan Prosad (hereinafter referred to as Shri Prosad) (token No. 0373 CE), are employed in the company as Painters in the Civil Engineering Department (Iron Section), that they had been promoted to painter 2nd class on 27th May 1959, that Shri Sikdar was at first appointed as a cooly on 13th April 1942 in the Town Engineering Department and had resigned from service on 3rd July 1944 and that Shri Sikdar was re-appointed as a Khalasi in the Civil Engineering Department (Iron Section) on 31st December 1945 and was promoted as painter 3rd class on 1st March 1955, and was subsequently promoted as painter 2nd class on 27th May 1959. So far as Shri Prosad is concerned, he was first appointed as a Khalasi in the Civil Engineering Department (Iron Section) on 10th February 1953 and had occasionally done the job of a painter for which he was given the ex-gratia allowance equivalent to the difference between his own rate of wages as Khalasi, and the minimum of 3rd class painter's grade. On 27th May 1959, he was directly promoted to one of the newly created posts of painter 2nd class after passing the trade test. As mentioned earlier, the other vacancy was filled up by Shri Sikdar who was painter 3rd class before that date. It is further alleged that in or about 1962, the Asansol Iron and Steel Workers' Union, which is the recognised union, made representation to the management regarding promotion of tradesmen to the next higher grade without waiting for vacancies arising in the standard manning. This representation was considered and discussed at a meeting held on 26th October 1962 between the representatives of the company and the recognised union, and it was agreed that the company would entertain application from tradesmen who would claim promotion for next higher grade or class within their own trade notwithstanding the fact that there was no vacancy in the standard manning in the respective job, and arrangement would be made to give them trade test for assessing their fitness for promotion to the next higher grade or class on their own jobs provided that the workmen concerned had worked for 6 months in that particular grade or class. The management agreed to promote after the persons concerned successfully passed the trade test. Subsequently, in or about 1964, the same union raised a trade dispute claiming that even the juniormost in a particular grade or class of any trade was entitled to claim promotion to the next higher grade or class, after passing the required trade test, and that the tradesmen of Civil Engineering Department (Iron Section) should be given necessary facilities for trade test like tradesmen in other departmnts, and they should be promoted to the next higher grade if they apply for and passed the trade test. The matter was considered in the bipartite meeting on 19th August 1964 and it was settled that such application from tradesmen in the Civil Engineering Department (Iron Section) would be entertained and necessary action would be taken for promotion of the tradesmen who successfully passed the trade test. Shri Prosad had made the application for trade test which was held in September 1964; as he had passed successfully the trade test, he was promoted to the grade of painter 1st class with effect from 24th September 1964. Subsequently, on or about 28th September 1964 Shri Sikdar made a representation that the post of a painter 1st class was created and was filled in without any trade test or trial by any painter who was junior to him. He claimed that he should be promoted in place of Shri Prosad on the basis of seniority of service. Shri Sikdar then was asked to apply for a test if he wanted a promotion, but he refused to do so. As Shri Sikdar did not apply for the trade test, his case for promotion would not be considered by the company. Subsequently on or about 21st October 1964, the United Iron and Steel Workers' Union raised the dispute over the promotion of Shri Sikdar and this was referred to the Conciliation Officer. Even at that stage, the company pointed out that as Shri Sikdar did not apply for the trade test, his case cannot be considered. Shri Sikdar even then did not ask for a trade test to be held. It is further alleged that the company had been promoting on the basis of seniority-cum-merits in case of vacancies arising in the standard manning, and on merits after trade test only the case of promotion of tradesmen from one class to another when there is no vacancy. As Shri Sikdar had not applied for a trade test to prove his fitness for promotion, he cannot claim promotion as a matter of course on the basis of seniority of service only. In the circumstances, it is alleged that the workmen is not entitled to get any relief at all.

In the written statement submitted on behalf of the workmen, it has been alleged that the practice of the company is that everything being equal, seniority in service will count for promotion to the next higher post. It is not disputed that Shri Sikdar and Shri Prosad were promoted to the posts of Painters 2nd class simultaneously. But it is alleged that out of the two, the work of Shri Sikdar was better than the work of Shri Prosad. The alleged agreement with the Asansol Iron and Steel Workers' Union for holding a trade test, is denied and it is said that even assuming that there was an agreement, the company should have notified its intention of holding the trade test, and should have invited applications from the intending candidates. The company, however, did not give any notification. It is further denied that the company did hold any trade test and Shri Prosad had successfully passed the trade test. It is also said that the action of the management in promoting Shri Prosad to the post of the painter 1st class, is vitiated by unfair labour practice and victimisation, inasmuch as Shri Prosad belongs to the so called recognised union and inasmuch as Shri Sikdar belongs to the United Iron and Steel Workers' Union which is not in the good books of the company. After the order of promotion of Shri Prosad, a very large number of workmen of the department came to the union and asked the union to take up the cause of Shri Sikdar, and at the instance of the workmen, the union approached the Conciliation Officer, Asansol. Thereaftr, the reference had been made. It is prayed that it might be held that promotion of Shri Prosad to the post of painter 1st class is unjustified and void, and that Shri Sikdar should be promoted to the post of painter 1st class from the date Shri Prosad was promoted.

Decision

Before I discuss the merits, I shall refer to the rulings to which my attention has been drawn by Shri Sen appearing for the employer. It appears from the ruling reported in 1960(II) L.L.J., 272=A.I.R. 1960 S.C., 812 (Bishnu Sugar Mills Ltd. vs. their workmen) that if a higher post is created in any department of a business on account of increase in work in the department, and a new man is appointed to that post, even the seniormost man working in such department has got no right to claim promotion to it. It will appear later that the management was inclined to consider the question of promotion of Shri Sikdar, provided he applied for trade test and had successfully passed the trade test. In the written statement of the employer, it makes quite clear that the reason, why Shri Sikdar who was also a painter 2nd class like Shri Prosad was not considered, is that Shri Sikdar did not apply for the trade test like Shri Prosad. Therefore, the facts of the present case are different from the facts in the case referred to above. I shall next refer to the ruling reported in 1963 (1) L.L.J., 256 S.C. [Brook Bond (India) Private Ltd. vs. their workmen]. It was held by their Lordships of the Supreme Court that, generally speaking, promotion is management function, and the Tribunal may interfere with the promotion when persons are superseded on account of the mala fide or victimisation. The facts are somewhat peculiar in that case. It would appear that there was an award of the National Tribunal and a formula was evolved that if more than one person is eligible for promotion, seniority should prevail, unless eligible persons are not equal in merits. In this case, there is the alleged agreement to which I would refer later. I do not think, the alleged agreement with the recognised union can be regarded to be similar to the formula which had been evolved by the award of the National Tribunal. I think reference may also be made to the ruling reported in 1966 (I) L.L.J., 402=1966 (12) F.L.R., 42 S.C. [Management of Brook Bond (India) Private Ltd., vs. their workmen]. In that case their Lordships have held that, generally speaking, the promotion is management function and the Tribunal may interfere with the promotion where persons are superseded on account of the mala fide motive or victimisation. Their Lordships further held that even so, the Tribunal cannot consider the merits of the various employers and decide whom to promote and whom not to promote, and the proper course in case of unjustified promotion is to set aside the promotion and ask the management to consider the case of superseded employees, and decides for itself except persons whose promotions have been set aside by the Tribunal. In view of this ruling, I am unable to agree with Shri Kalyan Roy appearing for the union that, if the promotion of Shri Prosad is set aside, I can declare that Shri Sikdar should be promoted or should be regarded to have been promoted to the post of painter class I from the date on which Shri Prosad was promoted by the management to the post of painter class I in the Iron Section of the Civil Engineering Department of the company :

I shall now turn to discuss the facts and circumstances in order to consider whether the promotion of Shri Prosad without taking trade test of Shri Sikdar who was senior to Shri Prosad, is justified. It appears from the issue itself and it is also not disputed that Shri Sikdar was appointed much earlier than Shri Prosad. It is further not disputed that Shri Sikdar had been promoted to be painter 3rd class in 1955, when Shri Prosad was still continuing to work as the Khalasi of the Iron Section of the Civil Engineering Department. It is also not disputed that both Shri Prosad and Shri Sikdar were appointed to the post of painter 2nd class on 27th May 1959. Now regarding the question of trade test, it is the case of the management that trade test was not held in respect of the tradesmen of the Iron Section of the Civil Engineering Department before August 1964, that is to say, before the dispute was raised by the recognised union and before the bipartite meeting was held on 19th August 1964 (vide paragraph 9 of the written statement of the employer). In paragraph 7 of the written statement of the employer, however, it has been stated that Shri Prosad had successfully passed the trade test and, therefore, he was promoted to painter 2nd class on 27th May 1959. Now, if the question of trade test was not there before August 1964, I do not see how there could be trade test which Shri Prosad is alleged to have passed in 1959. However that may be, it is not for me to decide the question whether really Shri Prosad was promoted to painter 2nd class from the post of a Khalasi in 1959, specially as, it is admitted that since 1959, both Shri Prosad and Shri Sikdar were holding the posts of painter 2nd class. I would only point out that Shri Sikdar did not have to take any trade test while he was promoted from painter 3rd class to painter 2nd class. Shri Sen had submitted that the holding of any trade test at that time was not necessary, because at that time Shri Sikdar was the only person holding the post of painter 3rd class. It is very difficult to see what the learned Advocate means by saying that simply because Shri Sikdar was holding the post of painter 3rd class at the time, there was no necessity for holding such trade test at all before promoting him to the post of painter 2nd class. Evidently, Shri Sikdar was promoted from painter 3rd class to the post of painter 2nd class, because he was considered suitable for such appointment by the management. If the management did not consider him suitable for the post of a painter 2nd class, the management certainly could have appointed some other suitable person to that post. It is quite clear that Shri Sikdar had earned one promotion from the post of painter 3rd class to the post of a painter 2nd class, without having undergone any sort of test by the management. I do not accept Shri Sen's submission simply because there were two posts of painter 2nd class, and after promotion of Shri Prosad to one of the posts, the other post of painter 2nd class could be filled in by person holding the post of a painter 3rd class simply because he was the only person holding that post. Evidently, suitability is an important question and the management must have considered Shri Sikdar fit to hold the post of painter 2nd class. Regarding the trade test, there is the evidence of P.W.1 Shri Kanwar that regarding promotion from one category to another, the promotion is actually based on seniority-cum-suitability, that regarding painters, etc., there are 3 classes, viz., 1st class, 2nd class and 3rd class, and the persons in 3rd class are upgraded to 2nd class after they come out successful in the trade test, and that there had been standard manning with regard to these categories, and there would be trade test in upgrading even if there had been no vacancy in the standard manning, and that this is so, so long as the total number of painters remains the same. It is the further evidence of Kanwar in cross-examination that the principle of promotion, viz., seniority-cum-merit, was formulated by the Tribunal presided over by Mr. Justice Mosharpe in 1947, and actually there had been an agreement between the parties, and the agreement was incorporated in the award. He has also said that before 1962, there was no hard and fast rule regarding the holding of a trade test, but the management considered the suitability test, that the agreement has not been circulated to the workers after 1962 and that before 1962 in the Iron Section, the total number of employees in classes 1, 2 and 3 and the number in each class, were fixed, and without the order of the the General Manager, neither the total number, nor the number in each class, could be changed by any one else. He has also stated that the system, viz., the promotion on the basis of trade test in the same grade, was prevalent in the Steel Section prior to 1962, that the Asansol Iron and Steel Workers Union made representation to the management to extend the same facilities to the workers of the Iron Section also, and that in the subsequent meeting, the General Manager had agreed to accept that principle. It would therefore appear from the evidence of P.W.1 Shri Kanwar that the introduction of the scheme of promotion on the basis of the trade test, was only introduced by the management in the Iron Section after the meeting. So far as the employees of the Iron Section are concerned, there had been no system or practice for holding trade test prior to the alleged agreement between Asansol Iron and Steel Workers' Union and the management. If this is so, I do not see how some trade test was held earlier than 1962. I need not pursue this matter further, because the question is whether there was really this agreement in 1962, and whether the scheme of holding trade test before granting promotion from one class to another, was really made known to the workers.

Before I discuss this question, I would point out that it is not for me to decide whether Shri Sikdar was more suitable for promotion than Shri Prosad. Shri Sen appearing for the employer had submitted that the cross-examination of O.P.W.2 Shri Sikdar shows that he only knows English a little, but cannot read or write an application, and cannot read even the typed written English. O.P.W.2 further has stated in cross-examination that Shri Prosad can read English a little and had read up to Class VII or Class VIII, but he cannot talk in English. I cannot accept the submission of Shri Sen that this evidence by the concerned workman Shri Sikdar itself shows that Shri Prosad was more suitable person than Shri Sikdar in the matter of inter-class promotion. The suitability can only means suitability for the job which the promoted man is expected to do. Merely because Shri Prosad was more literate than Shri Sikdar, it cannot be said that Shri Sikdar was less suitable for promotion than Shri Prosad. However, I need not pursue this matter further, because this is a matter which the management must decide.

I shall now turn to discuss the question regarding the agreement and the alleged intimation of the agreement to the workmen concerned. Now Ext. G is a letter written by Shri Gopeswar who is the General Secretary of the Asansol Iron and Steel Workers' Union to the General Manager of the company for discussion regarding inter-class promotion in the skilled grades in the Iron Section, and in the Steel Section, and for discussion of other matters. This letter is dated 17th May 1962. The letter Ext. G-1 by the same Union Secretary is dated 17th January 1958. It states that for the last few years Shri Prosad had been working as the lst class painter and he wants promotion to that post. Ext.G-2 is dated 3rd February 1958 and is a reminder by the same Union Secretary regarding the same matter. Ext. G-3 is the similar letter asking for reply and is dated 17th February 1958. Ext. G-4 is dated 13th May 1958 and is also another reminder. Ext. G-5 is dated 31st March 1959 by the same Union Secretary proposing certain matters for discussion including the matter relating to Shri Prosad. Ext. G-6 is dated 16th April 1964 by the same Union Secretary including a letter from Shri Prosad (or Shri Ram Lakhan Sharma) in which he has prayed for a promotion to the post of a 1st class painter. Ext. G-7 is dated 30th May 1964 and is a reminder regarding the letter, dated 16th April 1964. Ext. G-8 is dated 16th June1964 which is also a reminder. Similarly Ext. G-9, dated 2nd July 1964, is another reminder by the Union Secretary. Ext.G-10 is the letter, dated 9th July 1964, from the Manager, Personnel Department; it says that the matters would be discussed. Ext. G-11 shows that certain workmen had applied to the union for holding trade test for promotion to the higher class. This is dated 15th September 1964. Ext. G-12 is an inter-departmental note regarding that matter and is dated 18th September 1964. Ext. G-13 is regarding another workmen who also wants to sit for the trade test; it is dated 7th April 1964. Similarly Ext. G-14 which is dated 2nd June 1964 is regarding another workman for holding the trade test. Ext. G-15 is a reminder and is dated 16th June 1964. Similarly Ext. G-16 is another reminder and is dated 2nd July 1964 regarding another workman. These letters at best show that so far as some of the workers are concerned, they had expressed their willingness for appearing before the trade test with a view to earn the promotion to the next higher class. It may be mentioned that all the letters are from the Asansol Iron and Steel Workers' Union with whom there is alleged to be the agreement with the company. Ext. H is a minute of the meeting held on 24th April 1959. So far as the case of Shri Prosad is concerned, it appears that the Union Vice-President was informed that the manning of the painters in the Civil Engineering Department was being examined, and the matter would be further discussed with the union after full details had been obtained. At this stage, I would point out tha the exhibited documents reveal that at first there was a first class painter, and there was another 3rd class painter, that the first class painter had retired sometime ago, and that subsequently, on the recommendation of the Civil Engineer, standard manning was two 2nd class painters and two 3rd class painters. I would further point out that even before the introduction of the alleged scheme for holding the trade test regarding the employees of the Iron Section, Shri Prosad was moving the authorities regarding his promotion to the post of a first class painter. This is the background against which the matter of the alleged agreement must be viewed.

I will now turn to discuss another minute (Ext. H-1) which is dated 26th October 1962 (item No. 2). It would appear that the main outline of the case as agreed between the General Manager and the President, Asansol Iron and Steel Workers' Union, was explained by the Manager, Personnel Department, and that it was decided after discussion that pending the drawing of the detailed agreement on the subject, applications from the intending candidates should be entertained and arrangement would be made to give them prescribed trade test for assessing their fitness for promotion with the proviso that the minimum period required for a worker to be on one particular class would be six months. The execution of the detailed agreement does not appear to have taken place at all, even though several years have elapsed. At best, therefore, there was an understanding between the management and the Asansol Iron and Steel Workers' Union. In the absence of the formally executed agreement, I do not see how it can be said that there was a valid and binding agreement between the management and the workmen represented by the Asansol Iron and Steel Workers' Union. Shri Sen was unable to refer me to the alleged agreement and on a consideration of the exhibited documents, I find that there has been no agreement with the Asansol Iron and Steel Workers' Union. Of Course, Shri Kanwar has said that he had explained the detailes of the understanding to the workmen of the departments. Barring his oral evidence, there is nothing to show that, in fact, the alleged understanding was really explained to the workmen concerned. Admittedly, there was another union at the time of the alleged promotion of Shri Prosad. Presumably, the employer knew that the Asansol Iron and Steel Workers' Union does not represent the entire body of the workmen. It is not disputed—also appears from the evidence of Shri Sikdar himself—that Shri Sikdar was never a member of the Asansol Iron and Steel Workers' Union. If really the management wanted to introduce a service condition to the effect that a person holding the post of a painter second class, cannot be promoted to the post of a painter first class, then the management certainly should have informed the other union viz., United Iron and Steel Workers' Union; at least the management should have affixed a notice to the notice board of the company explaining the new scheme which has been brought into operation under which persons desiring the promotion have to undergo the trade test. If there had been new notification regarding the introduction of the scheme for promotion, it might have been said that the workmen must comply with the condition of service before he can expect the promotion to the next higher class. In my opinion, tthere is no valid and binding agreement with the

Asansol Iron and Steel Workers' Union, and there has been no due intimation to the other union or to the employees by affixation of a notice to the notice board of the company. If, in the circumstances, Shri Sikdar did not undergo any trade test, I do not see how he can be blamed for not appearing for trade test. It would be noticed that previously he did not have to undergo any trade test when he was appointed to be a painter 2nd class. Of course, Shri Prosad had applied on 12th October 1954 (Ext.L) for giving the job of a painter. I do not think there is really any application by Shri Prosad for holding the trade test for promotion to the post of first class painter. So far as Shri Sikdar is concerned, he had complained to the Civil Engineer, Iron Section (Ext. A on admission) regarding the promotion of Shri Prosad who is junior to him in service by 7 years. Admitedly, no reply was given to this letter of complaint by Shri Sikdar. Of course, there is some evidence that the trade test was held and Shri Prosad was found to be suitable (vide the evidence of P. W. 2 who is the Civil Engineer and the evidence of P.W.3 who is the Works Overseer). Ext. D-6(a) is dated 22nd September 1964, shows that P.W.3 held the trade test and found that Shri Prosad was suitable for promotion and Ext. D-6 is another letter of the same date, viz., 22nd September 1964 by the Civil Engineer. Presumably the trade test was held on 22nd September 1964, but the comparative suitability between Shri Prosad and Shri Sikdar was never found out by holding the trade test in which both had appeared for test. Therefore, merely because Shri Prosad had been found to be suitable, it cannot be said that Shri Sikdar was unsuitable for the post of a painter first class. The evidence of P. W. 3, it may be pointed out, does not show that there is any real distinction between 1st class, 2nd class and 3rd class painters. Incidentally, I would point out that according to the evidence of P.W.2, the letter was only received in his department in 1964 and that he and others only came to know about this before the question of Shri Prosad had cropped up. I do not see why there should have been the delay in informing the Iron Section, if really there was the agreement with the Asansol Iron and Steel Workers' Union in 1962. In my opinion, the management should have informed the likely candidates that a trade test would be held on a particular date and if they wish, they can appear at the trade test. No such intimation was ever given to Shri Sikdar and even his complaint was never considered. Of course, there is the evidence which shows that Shri Sikdar was verbally intimated that if he wanted the promotion, he would appear at the trade test, but I do not see any utility in holding the trade test about a month or so later after Shri Prosad had already been recommended for promotion to the next higher class, viz., to the post of a first class painter. Shri Sen had pointed out that even at the time of the hearing the management was prepared to hold the trade test and that Shri Sikdar has refused to appear for a trade test. This is undoubtedly so, but I do not think, that this shows that Shri Sikdar himself considered that he would not pass the trade test ,and would be found not suitable. There is no point, in my opinion,in offering to hold the trade test about 2 years after Shri Prosad had already been promoted to the post of a first class painter.

Before I conclude the discussion. I would point out that after the promotion of Shri Prasad, the United Iron and Steel Workers' Union raised a dispute before the Assistant Labour Commissioner, Asansol (Ext.B). By the letter, dated 11th November 1964, the General Manager had stated that as Shri Prosad was found suitable after a trade test, he has been promoted to the post of a first class painter, that as agreed with the recognized union, arrangement for trade test for considering promotion of a tradesman from a lower class to the higher class in the same category, is made on the basis of representation received from the individual tradesmen in a department, that Shri Prosad was given trade test on receipt of a similar representation from him and that there is no question of superseding the claim of Shri Sikdar who did not apply for appearing at the trade test, and whose case, therefore, could not be considered. Therefore, even before the Assistant Labour Commissioner, the management took up the position that unless Shri Sikdar applies for holding a trade test and is found suitable in the trade test, his case for promotion cannot be considered. As I have mentioned earlier, the question of trade test cannot arise unless, the trade test is a condition of service of the workmen concerned. The management has failed to give reliable evidence to show that the holding of the trade test has become a condition of service and as Shri Sikdar did not appear in the trade test his case for promotion to the post of a first class painter cannot be considered.

I have therefore come to the conclusion that the promotion of Shri Prosad without taking the trade test of Shri Sikdar who was senior to him is not justified. The management can certainly hold a further test in which Shri Sikdar may be asked to appear, as the promotion of Shri Prosad has been set aside by this award. He cannot certainly appear at the trade test. I do not think I can pass any order to the effect that Shri Sikdar must be regarded to have been promoted in place of Shri Prosad as a painter first class.

This is my award.

On being notified both the union and the employer entered appearance and filed their respective statements. The Tribunal fixed 7th June 1966 for hearing. On the date of hearing the union neither appeared nor took steps to explain its absence. General information relating to age concession, fixation of initial pay, etc., in respect of posts advertised by the Commission and instructions to candidates applying in response thereto.

General concession in age

(1) (a) **For political sufferers:** A candidate who before 15th August 1947 was detained, imprisoned, interned or externed on account of his/her activities in connection with the country's struggle for independence, not being convicted of an offence indicating moral turpitude, shall be entitled to a concession in respect of the upper age limit. The concession granted will be equal to the exact period of detention, imprisonment, internment or externment suffered up to a maximum of four years.

(b) **For Scheduled Caste/Tribe candidates:** The upper age limit is relaxable by five years for candidates belonging to Scheduled Castes/Scheduled Tribes.

(c) **For Displaced Persons:** The upper age limit is relaxable up to 45 years for displaced persons who have migrated to India from East Pakistan on or after January 1, 1964. This concession in age shall remain in force up to December 31, 1967.

The bona fide of the displaced persons will have to be certified by the Camp Commandant of the Transit Centre of the Dandakaranya Project or the Camp Commandant of the Relief Camp in various States or the District Magistrate of the area where the candidate may for the time being be resident.

Fixation of Pay

(2) (a) **For persons already in permanent Government service:** If a permanent Government servant is permitted to apply and is selected for a post in open competition with outsiders, the initial pay will be fixed under rule 42 or 55 of the West Bengal Service Rules, Part I, as the case may be. If, however, such a recruit is prepared to resign his appointment under Government, before applying, he will be eligible to the grant of higher initial pay on the same basis as an outsider.

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale provided that he has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not, however, be available in the following cases:

(i) when the Commission has made a specific recommendation regarding the pay to be allowed to the Officer;

(ii) when under any specific rule such an officer is allowed a higher initial pay.

(c) **For Outsiders:** Unless otherwise specified in a particular advertisement, higher initial pay on the basis of age, qualifications and experience (including experience outside Government service) may be allowed to a person not already in Government service, if the relevant advertisement contains a provision to that effect.

NOTIFICATION

No. 849-For.—8th February 1966.—Whereas the Governor thinks that in the case of the forest lands situate within the district of Purulia and described in the schedule below the inquiry and record referred to in sub-section (3) of section 29 of the Indian Forest Act, 1927 (XVI of 1927) will occupy such length of time as in the meantime to endanger the rights of Government;

Now, therefore, in exercise of the power conferred by the proviso to sub-section (3) of section 29 of the Indian Forest Act, 1927 (XVI of 1927), the Governor is pleased, pending such enquiry and record to declare, with effect from the date of publication of this notification in the "*Calcutta Gazette*", such forest lands to be protected forests.

By order No. 4055-I.R./IR/11L-184(A)/63, dated 27th September 1963, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Shalimar Paint Colour and Varnish Co. Ltd., Goaberia, P.O. Botanical Gardens, district Howrah (hereinafter be referred to as the "Union"), regarding the matters represented by Shalimar Paint, Colour and Varnish Co. (Head Office) Employees' Union, 23-L Fern Row, Ballygunge, Calcutta-19 (hereinafter be referred to as the "Union"), regarding the matters specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I.R./IR/3A-2/57, dated 11th March 1957, for adjudication.

Issue

Whether the employees are entitled to any allowance or relief to compensate them for additional expenses incurred by them by way of conveyance charges as a result of their transfer from 6 Lyons Range, Calcutta, to Goaberia, Howrah and Camac Street, Calcutta?

In pursuance of notice issued from this Tribunal, parties appeared and filed their written statements. In the written statement filed on behalf of the union it has been stated that the company, for more than 40 years, had been the leading firm in the line of Paints, Colour, Varnish and Oils. Till the end of 1962, Messrs. Turner, Morrison and Co. Ltd., had been the Managing Agents of the said company under the terms of an Agreement and acted in same capacity for a period of 60 years. Originally the Head Office of the said company had operated from 6 Lyons Range, Calcutta, the house of the said Managing Agents. Since the termination of the Managing Agency with Messrs. Turner, Morrison and Co. Ltd., the company has been operating as a self-controlled and independent business. Consequent, to the termination of the Managing Agency, the Head Office at 6 Lyons Range, Calcutta, was disbanded and shifted to two different regions—one at Goabaria Howrah, at a distance of above 12 miles from 6 Lyons Range and the other at 13 Camac Street, located at a distance of about 3 miles from 6 Lyons Range, Calcutta. This disbandment was effected without any notice or any intimation to the workers and as a result of this disbandment the Head Office employees were taken to these two units. As a result of shifting and disbandment of Head Office from 6 Lyons Range, the employees concerned were subjected to considerable hardship, great risk and inconceivable inconvenience and disadvantages. They were required to put in extra hours of work for the purpose of attending office at two different regions and on top of everything they have to incur additional expenses to meet the conveyance charges for attending office. For these additional expenses and inconveniences to the employees caused by the disbandment and shifting, the company has not in spite of repeated requests from the union, given the workers concerned any compensatory allowances. Accordingly the union, on behalf of the employees prays that the company may be directed to pay the employees working at Goabaria, Howrah, a sum of Rs. 75 per mensen and to the employees working at Camac Street, Calcutta, a sum of Rs. 45 per mensen to cover the transport charges and to compensate for loss of amenities and for additional time inter alia.

In its written statement filed on 10th December 1965, the company has challenged the jurisdiction of this Tribunal to adjudicate upon the issue referred for adjudication on the ground that the claim for compensation as made by the union, is incapable of being an industrial dispute within the meaning of the Industrial Disputes Act, 1947 and contended that as a result of the disbandment and shifting of the Head Office, the company's employees or any of them had not been subjected to great [illegible] any distress at all or had not to meet any additional expenses or inconvenience as alleged. The company also denied the union's allegation that the employees of all categories or any employee of any category is required to put in an extra hour of duty as alleged. On these grounds the company resisted the union's claim for compensatory allowance to the workers concerned and submitted that the employees have no right to claim any compensatory payment as prayed for.

The industrial dispute referred to this Tribunal for adjudication is whether the workmen are entitled any allowance or relief to compensate them for additional expenses incurred by them by way of conveyance charges as a result of their transfer from 6 Lyons Range, Calcutta, to Goaberia, Howrah and Camac Street, Calcutta. I have already indicated that up to the end of 1962, the Management of the company was in the hands of Turner and Morrison and Co. Ltd. as its Managing Agents and that so long the Management was in the hands of Turner and Morrison and Co. Ltd., the Head Office of the company was at 6 Lyons Range, Calcutta. With effect from 1st January 1963, the Managing Agency was discontinued and the company accordingly had to disband its office at 6 Lyons Range and shift the same in two units—one to Goaberia, Howrah and the other to 13 Camac Street, Calcutta. The employees who were working on the date of disbandment, have in this reference claimed for compensatory allowance for the transfers to Goaberia and Camac Street. This claim the company resisted on two grounds, firstly, the dispute under reference is not an industrial dispute and is as such, beyond the jurisdiction of the Tribunal to adjudicate upon and secondly, the workers have no just and lawful ground for claiming compensatory allowance for the transfer to these two places.

As regards the point of jurisdiction, it was argued on behalf of the company that whenever an employee offers himself for employment, there is always an implied condition that he may be transferred to other places if necessary and that in view of this implied condition of service, the employees of the concern have no right to claim any compensation for the transfer to any of these two units. It was argued that the employer has always an inherent right to carry on its business at any place and that as in this particular case, the termination of the Managing Agency was responsible for the disbandment and shifting of the Head Office and the transfer of the employees to these two units was thus, for reason due to circumstances beyond the control of the Management. The employees have no statutory right to raise any indistrial dispute over the incidente of compensatory allowance for the transfer. All these reasons given by the company in support of its contention that the Tribunal has no jurisdiction to try this case because the dispute referred to for adjudication is not an industrial dispute, cannot be accepted by me. Under the Industrial Disputes Act "Industrial Dispute" means any dispute or difference between employers and employers or between employers and workmen, or between workmen and workmen, which is connected with the employment or non-employment or the terms of employment or with the conditions of labour, of any, person [section 2(k) of the Industrial Disputes Act]. "Wages" according to clause 2(rr) of the Act means all remuneration capable of being expressed in terms of money, which would, if the terms of employment, expressed or implied, were fulfilled, be payable to a workman in respect of his employment or of work done in such employment, and includes—

(i) such allowances (including dearness allowance) as the workman is for the time being entitled to;

(ii) the value of any house accommodation, or of supply of light, water, medical attendance or other amenity or of any service or of any concessional supply of foodgrains or other articles;

(iii) any travelling concession.

What the workers are claiming in the instant case is compensation for transfer to the two units at Goaberia, Howrah and Camac Street, Calcutta and no employee cannot, by reason of transfer, be made to suffer any pecuniary sense. If "transfer" was not a condition of service of the workers concerned, they are entitled to get from the company compensatory allowances sufficient to commensurate the pecuniary loss if any, to them by the transfer, as it is well settled principle of the law that by reason of transfer, the employees cannot be made to suffer in a pecuniary sense and I hold that the term "wages" as defined as above is wide enoughŧ to include such allowances as well. The company has not produced a scrap of paper to justify its contention that "transfer" was a condition of service of its employees at the Head Officer and the appointment letter given to the worker Shri Kamini Bhusan Chakraborty marked Ext. 1/1 in this case also militates against the idea of "transfer" being a condition of the service of the worker under the company. In this view of the matter if transfer of the workers from the Lyons Range Office to Goaberia or Camac Street has caused these employees any pecuniary loss, they are certainly entitled to be compensated for the loss and as this compensation is in my opinion, included in the defination of wages as given in the Industrial Disputes Act, the dispute that has been referred for adjudication to this Tribunal is certainly an Industrial Dispute within the meaning of the term given in the Act. This Tribunal has therefore, ample jurisdiction to try this case. Having thus disposed of the preliminary objection of the company regarding jurisdiction of this Tribunal, let me now pass on to the merits of the case.

It is apparent from the evidence oral as well as documentary on record that the workers employed at the Head Office at 6 Lyons Range used to come from different places, viz., Calcutta, Howrah, Hooghly, 24-Parganas and some from other places and that, workers living on the other side of the Ganges, viz., on the Howrah side, used to travel by bus from Howrah Station to attend their office at 6 Llons Range. Those of these workers as also those living in Calcutta and 24-Parganas who have been transferred to Goaberia as a result of the shifting, have now to travel by bus up to Bakultala in Howrah and from there to Goaberia by cycle rickshaw to attend the office at Goaberia. Both from the company's and the union's evidence it is clear that rickshaw fare from Bakultala to Goaberia is 40 nP. per trip and that one attending the office at Goaberia has to travel by cycle rickshaw from Bakultala. As it is abundantly proved by the evidence of witnesses examined for the company and the union that the workers employed at Goaberia generally cover this distance from Bakultata to Goaberia by rickshaw, each of them is entitled to get from the company the money they are spending after the rickshaw and it has already been indicated above that the rickshaw fare of each trip is 40 nP. for each working day, each of the employee transferred to Goaberia must therefore be given 80 nP. as compensation for the expenses they are incurring for the journey by rickshaw. It has been argued on behalf of the company that as two workers can easily travel by one rickshaw, this Tribunal should not allow each worker more than 40 nP. per working day on this account. This argument needs no comment and I am of opinion that each of the employees transferred to Goaberia should be allowed 80 nP. per working day as rickshaw fare from Bakultala to Goaberia. It was next argued on behalf of the company that as some of the workers transferred to Goaberia are availing of the steamer ferry at Metiabruz for crossing the Ganges to attend the office at Goaberia, these employees should not be given any compensation for the transfer. The letters marked Ext F contains the names of the workers who, according to the company, avails of the ferry service. It will appear from the addresses of the employees as given in the list that these employees have to spend more after bus fare to avail the ferry at Metiabruz than what they would have been required to spend if they were to attend the office at Lyons Range. D.W. 5 Shri Brojo Kumar Das is one of these listed workers. In his evidence this worker who resides at Chetla stated that from his residence at Chetla he travels by bus to Alipore Judges' Court and from there to Khidderpore crossing by bus or by tram and from that crossing to Bichli Ghat by bus to avail of the company's steamer launch and that each trip from his residence to Bichli Ghat costs him 30 nP. as bus fare. His further evidence was that he had to spend 30 to 40 nPs. for both the journeys from Chetla to Lyons Range. As all these statements regarding his expenses of the journeys to Lyons Range and Goaberia from his residence were not challenged in cross-examination on behalf of the company, it can be safely concluded that the daily expense of this witness for attending his office at Goaberia has increased by 36 to 46 nPs. As the transfer to Goaberia was solely responsible for this, increase in the expenses of this witness, he is entitled to be compensated for this loss to him in the shape of increase in the expenses of the journey to and from the office even though he is availing of the ferry service. As the list Ext. F shows that of all the addresses given in the list, the address of this witness and of Bimal Chandra Chatterjee, Qmrul Huda and Azizul Rahman are nearest to Metiabruz, there cannot be any reason to deny to the other employees mentioned in the list the compensation which Broja Kumar Das is entitled to get for the increase in the expenses in the journey to and from Calcutta. In case the ferry service is withdrawn, these employees will certainly get compensation at a much higher rate. In this context, reference may be made to Ext. 1/P, an office note of the company, dated the 21st March 1963. By this notice it was notified that at any moment, the company can withdraw the ferry service. If the ferry service is withdrawn, the employees now availing of the service, will have to travel to Goaberia from Howrah Station by bus and rickshaw as the workers residing at Calcutta and its suburbs and 24-Parganas are now doing. It is in evidence that bus fare from the Howrah Station to Bakultala is 17 nP. per trip, and workers residing at places outside Howrah, have to meet these bus expenses over and above the rickshaw fare mentioned already. As evidences come, it can be said that workers of the company transferred to Goaberia and residing on this side of the Ganges, viz., Calcutta and its suburbs and 24-Parganas, and transferred to Goaberia are since the date of the transfer spending each working day at least 44 nP. as bus fare and 80 nP. as rickshaw fare over and above expenses for their joining the office at Lyons Range and that expenses of the workers living in the districts of Howrah and Hooghly have increased by 80 nP. per working day on account of the rickshaw fare. On behalf of the union it was contended that the workers living in the districts of Howrah and Hooghly have to spend more on account of bus fare but even if this case of the union was correct, the increase is too negligible to be taken into consideration to assess the compensation for the transfer. For attending the office at Lyons Range, each of these workers have to spend about 15 nP. as bus fare from Howrah to Dalhousie Square and as the bus fare from Howrah to Bakultala is only 17 nP., this difference in the bus fare of the two routes should be ignored to assess the compensation. I am therefore of the opinion that all workers of the company transferred to Goaberia excepting those using the company's launch at Metiabruz shall get 80 nP per working day, as rickshaw fare. In addition to this amount workers attending Goaberia office from Calcutta and its suburbs and 24-Parganas will get about 45 nP. per day as this amount represent the excess bus fare of two trips per day from Lyons' Range to Goaberia. Stated in other words, each of such worker is entitled to get from the company Rs. 1.25 nP. per day as travelling allowance for the transfer to Goaberia. Workers of the company availing of the launch will, however, get travelling allowance at a much lesser rate, because as a result of the transfer their expenses for the journey to and fro Goaberia have only increased by about 35 nP. per day. As the transfer of the office to Goaberia has saved the workers' living at Howrah town proper, the bus fare from Howrah to Lyons' Range they will not get the full amount of rickshaw fare from Bakultala to Goaberia but will get the difference between the rickshaw fare and the bus fare from Howrah to Lyons Range. As journey to and fro Lyons Range cost these workers bus fare to the extent of 30 nP. per diem, they will get only 50 nP. per day as travelling allowance for the transfer.

In view of the foregoing discussions the workers transferred to Goaberia shall, from the date of transfer, get travelling allowance at the following rate:—

1. Workers living in Howrah town at the rate of Rs. 12 per month;
2. Workers living in the suburbs and districts of Howrah and Hooghly at the rate of Rs. 21 per month;
3. Workers living in Calcutta and its suburbs and 24-Parganas at the rate of Rs. 32 per month;
4. Workers using company's launch at the rate of Rs. 10 per month.

Next I pass on to the cases of workers transferred to Camac Street. A list of the staff of this office is on record and it will appear from this list that the transfer of the office to Camac Street from Lyons Range has caused the majority of the workers slight increase in their expenses for attending the office. For instance, a worker formerly attending the office from Shyambazar, he is now required to spend 5 nP. more as bus fare for joining the office at Camac Street but this increase in the expense of journey is too small for allowing the workers any travelling allowance. Hence, I am of opinion that the workers transferred to Camac Street will not get any compensation for the transfer.

It was next argued on behalf of the union that as in a joint meeting of the workers' representative and company's representative, dated 12th June 1963, it was settled and decided that for the transfer of the office to Goaberia and to Camac Street the workers would not get any compensation, union's case for travelling allowance to the workers must be over-ruled. In support of this contention company relied on the document Ext. D in this case. This Ext. D was a proceeding of a meeting held at the Head Office at Goaberia on 12th June 1963. It appears from this exhibit that Shri S. K. Bhattacharji, Head Clerk, Shri T. G. Seshan, and Shri Shibnath Banerji were present in this proceeding on behalf of the workers but there is no evidence on record indicating that they were authorised by the workers or by majority of them to represent them at the meeting.

In this view of the matter even if these workers and the company's representative have at that meeting decided that the transferred workers would not get any compensation for the transfer, the same cannot be binding on the other workers. Moreover, paragraph 6 of the proceedings sufficiently indicates that these workers have at the meeting sacrificed the cause of the other workers to placate through masters. This would be evident from the following lines of this paragraph :—

"They agreed, however, that such expenses were unavoidable and that if they were to continue in service with any employer, it was their responsibility to take themselves to their place of business at their own expense."

I am, therefore, of the opinion that the agreement is no bar to the union's claiming travelling allowance for the transferred workers.

In view of the foregoing discussions workers transferred to Goaberia will, from the date of the transfer, get from the company travelling allowance at the following rates:

1. Workers living in Howrah town at the rate of Rs. 12 per month.
2. Workers living in the suburbs and districts of Howrah and Hooghly at the rate of Rs. 21 per month.
3. Workers living in Calcutta and its suburbs and 24-Parganas at the rate of Rs. 32 per month.
4. Workers using company's launch at the rate of Rs. 10 per month. In case they are denied the launch, they will get compensation as in No. 3.

This is my award. The award must be implemented and all emoluments due to the transferred workers as travelling allowance from the date of transfer must be paid within two months of the publication of the award in the "Calcutta Gazette".

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri A. K. DE, District Judge, Presiding Officer,
Fifth Industrial Tribunal.

Present for the Company : Shri K. K. Moitra, Advocate.

Present for the Union : Shri N. D. Srimani, Advocate.

AWARD

In its Labour Department, order No. 4564-I.R./IR/8L-15/64, dated 30th September 1964, the Government of West Bengal referred for adjudication under section 10 of the Industrial Disputes Act two issues in respect of industrial dispute between the Calcutta Silk Manufacturing Co. Ltd., hereinafter called the Company, and their workmen represented by the Calcutta Silk Manufacturing Workers' Union, hereinafter called the Union, to the First Industrial Tribunal. Later, the said Government in its Labour Department, order No. 308-IR/IR/8L-15/64, dated 22nd January 1966, transferred the same to this Tribunal for adjudication.

The issues are:

1. Is the refusal of employment with previous benefits to Shri Upendra Swain justified? What relief, if any, is he entitled to?

2. Are the suspension orders of the workmen named below for the period mentioned against each justified? What relief, if any, are they entitled to?

(i) Shri N. Basurajee—7-7-62 to 13-7-62.
(ii) Shri Purusottam—2-3-63 to 15-3-63.
(iii) Shri Dharani Prodhan—19-2-63 to 23-2-63.
(iv) Shri Rajnarayan Pandey—9-2-63 to 16-2-63.
(v) Shri Akhil Roy—22-1-63 to 29-1-63.
(vi) Shri Ganesh Debnath—8-8-52 to 22-9-62.

The union and the company filed a joint petition of compromise settling its dispute in issue No.2 stating the terms in paragraphs 2 and 3 of it. The Tribunal considers it and is satisfied that those terms are just, legal and proper and decides to record that. The Tribunal decides the issue No. 2 in terms of that petition.

Regarding issue No. 1, the union has not given any evidence having remained absent after the rejection of its petition for time. The question is whether refusal of employment with previous benefits to Shri Upendra Swain is justified. The first matter for consideration is whether there has been refusal of employment to Shri Swain, and, if so, whether that is justified. Shri Swain admittedly went on leave up to 25th May 1963, and, did not rejoin on 26th May 1963. He admittedly applied for extension of his leave up to 25th June 1963, and, was not granted leave up to that date. He admittedly did not report for duty on the date following the date up to which he was granted leave. He admittedly came for duty on a much later date (see paragraph 4 of union's statement). Shri Swain was not allowed to join on that later date. Is that refusal of employment? Certainly, it is not. The company admittedly asked for certain informations from him to satisfy itself if his absence from work, without leave sanctioned to him, could be excused. The company, thereafter, asked him to rejoin by its letter, dated 1st August 1963 (Annexure A of union's written statement) as a new employee expressly stating there that the question of continuity of his service would be decided after further investigation. This the company wrote in reply to Shri Swain's letter, dated 29th July 1963. This letter of 29th July 1963, however, was not produced though it was Shri Swain's own letter. It cannot be said on these facts that there was any refusal of employment, with previous benefits, to Shri Swain. He was asked, and was given opportunity to join, question of previous benefits being kept open for decision after investigation. Till it is said after investigation, indicated in its letter of 1st August 1963 by the Company that the previous benefits would not be available to him, even if he had joined as new employee in terms of Annexure A of union's written statement, he would be deemed and is deemed to have not been refused employment with previous benefits. Therefore, the Tribunal holds that the question in issue No. 1, first part, has not arisen, and its justness or otherwise cannot be a matter for adjudication. necessarily the second part of issue No. 1 does not arise and has not arisen.

In the result, the Tribunal answers issue No. 1 as in the last paragraph and decides issue No. 2 in terms of joint petition of compromise and directs that the said joint petition is annexed to and made part of this award.

The present reference under section 10 of the Industrial Disputes Act was at first sent to the First Industrial Tribunal, West Bengal, for adjudication. Subsequently, however, it was transferred to this Tribunal for disposal by the Government of West Bengal, Labour Department, order No. 4199-I.R./IR/8L-15/63, dated 23rd September 1965. The issue for adjudication is as follows :

> Whether the management is justified in keeping 100 looms closed with effect from 27th August 1962? What relief, if any, are the workmen entitled to?

The parties appeared and filed their written statement regarding the issue in question. Today was fixed for hearing. The workmen of Rampooria Cotton Mills Ltd. represented by Serampore Sub-Divisional Cotton Textiles Workers' Union has filed a petition today stating that the Rampooria Cotton Mills Ltd. has started working of the 100 looms referred to in the issue and that the dispute regarding the closing down of the said looms is no longer in existence. I have heard Shri Biswanath Ash, the learned Advocate for the company appearing with D.N Bhadra, the Labour Officer and also Shri Shyam Sundar Chowdhury and Shri Kiran Mitra, learned Advocates of the Union. They have prayed that a 'no dispute' award may be passed. In the circumstances when there is no industrial dispute at present between the parties, my only finding would be to that effect and a 'no dispute' award is accordingly passed.

ANNEXURE

In the matter of an application under section 33A Industrial Disputes Act by Shri Uday Kant Jha, C/o Calcutta Silk Manufacturing Workers' Union, P.O. Sukchar, 24-Parganas, against Messrs. Calcutta Silk Manufacturing Co. Ltd., Khardah, P.O. Sukchar, 24-Parganas. (Case No. 21/63 under section 33A).

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri S. K. RAY, Judge,
Seventh Industrial Tribunal.

AWARD

This is an application under section 33A Industrial Disputes Act by Shri Uday Kant Jha, a workman of the company O.P. Messrs. Calcutta Silk Manufacturing Co. Ltd., complaining that the company has kept him under suspension indefinitely by way of punishment after charge-sheet made on 20th March 1962 on certain false, baseless, malicious and fabricated pleas. This action is said to have been taken during the pendency of the adjudication proceedings of another dispute between the company and its workmen, referred to this Tribunal by G.O. No. 1662-I.R./IR/8L-16(B)/62, dated the 10th May 1962, without complying with the relevant provisions of section 33 Industrial disputes Act. It is alleged that this constituted contravention of the relevant provisions of section 33 Industrial Disputes Act and so, he is entitled to make the present application. He claims that the Tribunal should set aside the alleged illegal action of the company and direct the company to provide employment to him after withdrawing the charge-sheet and suspension order and also to pay him full wages for the period of suspension.

The company has appeared and filed its written statement in due course. It has challenged the application as not maintainable in law and has also supported the action taken by the company against the workman on the facts alleged by it.

After necessary preliminary proceedings and some inevitable adjournments, the case was finally fixed for hearing on 26th May 1966. On that date, the workman himself appeared and filed an application addressed to the Manager of the company stating that he did not want to keep the matter pending further and wanted to resign from the company's service and finally requesting the company to accept his resignation and settle his dues, if any. Nothing else was done by the applicant. The application was directed to be put up on 4th June 1966 for orders awaiting further action, if any, by the workman, and for determining whether he really wanted to prosecute the present application under section 33A. On 4th June 1966 the application was put up, but there was no appearance by or on behalf of the workman. The Company's representative was present. I hold from the aforesaid conduct of the applicant that he does not want to prosecute the present application and has given up the case and the dispute covered by it and so the case is to be disposed of by a 'no dispute' award.

In the result, I make a 'no dispute' award in the case.

No. 2583-I.R./IR/7L-20/64.—28th June 1966.—Whereas under the Government of West Bengal, Labour Department, order No. 616-I.R./IR/7L-20/64, dated the 12th February 1965, the industrial dispute between Messrs. Ludlow Jute Co. Ltd., P.O. AWARD

The present proceeding arises out of a complaint filed under section 33A of the Industrial Disputes Act by Shri Kalipada Halder against his employer Messrs. Ludlow Jute Co. Ltd. (hereinafter described as the company).

The allegation of the petitioner Shri Kalipada Halder is simple. The story is that during the pendency of the industrial dispute between the company and its workmen in which the petitioner was concerned, the company terminated his service verbally on 31st July 1965 in violation of section 33 of the Industrial Disputes Act. The termination of service was by way of punishment. The grounds for the termination of service as set up by the company were incorrect. One months wages were not paid to the petitioner and no application for approval of the order of dismissal was filed before this Tribunal by the Company. The order of termination, according to the petitioner, was unjust and illegal.

The company appeared in this case and filed written statement. In the written statement it has been alleged that the petitioner was not a workman within the meaning of the Industrial disputes Act. There has been no violation of the provision of section 33 of the Industrial Disputes Act. The company wants to say that the petitioner was an assistant supervisor of the Transport Department of the company, that during the short period of his employment he received several warnings for inefficient work and neglect of duty and that despite such warnings, the petitioner failed to come up to the standard of the company's requirements. The company therefore, terminated the service of the petitioner on 31st July 1965 by offering him one month's salary in lieu of notice. The company asserts in the written statement that it is a case of contractual termination of employment and not a case of discharge or dismissal for misconduct.

At the time of hearing, the petitioner examined himself, the company examined O.P.W.1, the head of the Transport and Jute Department on its side. Some documents have been marked on both the sides.

It is admitted by the parties that the service of the petitioner was teminated verbally on 31st July 1965 and that an industrial dispute between the company and its workmen in which the petitioner was concerned was pending at that time before this Tribunal. In the written statement it was alleged by the company that Shri Kalipada Halder was not a workmen. At the time of argument however, this point was not pressed by the company. Moreover, the petitioner has stated in his evidence that he had no power to issue chargesheet to or impose any penalty against any workman. He has also stated that he has no hands in the matter of policy of the company. These facts have not been denied by O.P.W.1 Shri Jogendra Paul Tah, the head of the Transport and Jute Department of the company. I am satisfied from the evidence that Shri Halder is not employed mainly in a managerial or administrative capacity. Admittedly he does not draw wages exceeding Rs. 500 per month. He does not exercise according to the nature of his duties, or by reason of any power vested in him, any function of managerial nature. I hold that Shri Halder is a workman according to the definition of the Industrial Disputes Act.

It has been argued from the side of the company that there has been no contravention of section 33 of the Industrial Disputes Act because it was not a case of misconduct but a case of simple discharge or termination of service for the petitioner's failure to come up to the standard of the company's requirements. We are therefore to ascertain the nature of the termination of service. The company wrote a letter to the Labour Officer, West Bengal, on 13th September 1965 over the termination of the petitioner's service. The copy of the letter is Ext. 1. The company states in this letter that in April 1964, Shri Halder was employed in the Transport Department, that during the period of employment, his services were not found satisfactory, that he was warned several times by his departmental head and that finally he was released effectively on 31st July 1965. O.P.W.1 Shri Tah, the departmental head, has stated that during the probationary period of Shri Halder, he recommended for his confirmation and that at the same time, he suggested that he should be watched. His further statement is that after the confirmation of the petitioner, he found him committing mistakes and he verbally warned him. Ultimately, however, he made a report for replacing Shri Halder. It is clear, therefore, that Shri Halder was confirmed. Ext.G, a report, shows that Shri Tah made a report to Mr. M.A.Keep that Shri Halder had been previously warned for committing mistakes and that he had not shown any improvement. In this report Shri Tah suggests that a replacement should be made as Shri Halder is incapable of maintaining his improvement. The report is dated 14th July 1965. It is curious to note that except Ext. G., there is no reliable material or evidence to show that in fact, Shri Halder committed mistakes or that he was warned for any mistake. Shri Halder in his evidence has asserted that his work had never been unsatisfactory as alleged by the company and that he received no warning from the authority. The company did not hold any enquiry at all to ascertain whether Shri Halder had committed any mistake. I am not satisfied to hold that Shri Halder did commit any mistake as alleged by the company or that he was verbally warned for any such mistakes. The company in any view, did not offer any opportunity to Shri Halder to defend his case or to challenge the allegation that he had committed any mistake or that he was in the wrong. I do not believe the story of committing mistakes by Shri Halder as alleged by the company and even if there be any such finding by the company, I hold that such finding was improper, illegal and unreasonable without any basis.

The company wants to say that it terminated the service of Shri Halder for his failure to come up to the standard of the company's requirements and on account of his inefficiency due to his mistakes. With regard to the alleged mistakes, I have found that the story is without any basis. There is no material before me to show the standard of the company's requirement. It is strange that the company before terminating the service of Shri Halder, gave no opportunity for his self-defence. No charge-sheet was served on the petitioner, no enquiry was held and the petitioner did not get any chance to challenge the allegation of the company. The conduct of the company in this respect is not only improper and illegal but it is terribly shocking to the conscience. The argument of the company is that this is not a case of misconduct but a simple termination of service for failure to come up to the standard of the company's requirements. The allegation of the company is that Shri Halder was incompetent and inefficient in his duties or at least neglectful in his jobs.

The allegations made by the company amount to misconduct. The company has filed the Standing Orders governing the workmen. They will appear in Ext. J. Rule 14 of Ext. J refers to misconduct. Habitual negligence or neglect of work is a misconduct according to the company. The evidence shows unerringly that for all practical purposes, Shri Halder was dismissed from service on the ground of misconduct and by way of penatly. Rule 14 of Ext.J relates to misconduct and also disciplinary action arising out of it including dismissal. According to the Standing Orders, the company is to issue charge-sheet to the delinquent, giving him opportunity to explain the allegation, and hold an enquiry giving him fair opportunities for his self-defence and in case he is found guilty, the company may dismiss him according to the provision of law. In the present case, the company in a high handed manner, dismissed Shri Halder from service without following its own Standing Orders or complying with section 33(2)(b) of the Industrial Disputes Act. The company has now set up a story of simple termination of service in a colourable garb to hide the real fact of punishing Shri Halder without any justification whatsoever. The dismissal of Shri Halder from service is not bona fide.

That the action of the company in removing Shri Halder from service is bona fide, would be further evident from the fact that no order of dismissal in writing was handed over to Shri Halder. Rule 14(g) shows that a copy of the order of punishment, passed by the Manager shall be supplied to the workmen concerned. In the present case, as I have already held, it was a case of dismissal by way of penalty. No copy of the order passed by the Manager or the head of the department was supplied to Shri Halder. The company assigned no reason as to why the petitioner was verbally removed from service and why no order in writing was served on him. O.P.W.1 in reply to my question has stated that Mr. Keep discharged Shri Halder. It is surprising to note that he further says that the alleged discharge letter by Mr. Keep was addressed to the Head of the Fibre Department. It is surprising still that no letter of discharge was admittedly served on Shri Halder. The facts and circumstances of this case clearly show that this is not a case of bona fide termination of service of Shri Halder who was removed from service of some ulterior motive, in a most illegal and improper way. This is a clear case of unfair labour practice on the part of the company. Before me also no order of termination of service of Shri Halder signed by the authority, has been filed.

Lastly an attempt has been made to contend from the side of the company that Shri Halder gave a receipt of final settlement of his dues and, therefore, he has been estopped from challenging the order of the termination of service. This case of estoppel has not been pleaded in the written statement filed by the company only at the time of actual hearing of the case it has been set up. The receipt has been marked Ext. D. Shri Halder has stated that when he signed the receipt, except the words "final settlement", other entries were there. The receipt is dated 31st July 1965. Admittedly at the time when the receipt was signed by Shri Halder his Provident Fund money was still due from the company. That money has not been paid. The receipt was, therefore, not in full satisfaction of all the dues of the petitioner. Ext. A, a letter, written by Shri Halder on 3rd August 1965 to Shri Tah shows that even immediately after his termination of service on 31st July 1965, he was appealing for reinstatement and he had a mind to appeal to still higher authorities. This letter written immediately after the termination of service shows that Shri Halder did not accept the alleged order of discharge. He was keen to repudiate it. Moreover, when there was no order or valid termination of service passed by the authority in writing to Shri Halder and when I have found that the termination of service is mala fide, unjust and illegal and without any basis, I do not attach any importance to Ext.D. There has been no case of estoppel, acquiescence or waiver in this case. As this case was not pleaded in the written statement of the company, the petitioner was not aware of it. Had it been pleaded the petitioner in that case could have explained why he granted the receipt. The company also did not venture to put that question to the petitioner during cross-examination. However, I reject the company's case as set up.

No other point has been raised from the side of the company. In view of my findings above, I hold that the petitioner Shri Kalipada Halder was dismissed from service by the company by way of penalty and on ground of misconduct though in a colourable form. The order of dismissal was mala fide and unjust. The company did not comply with the provision of Sec 33(2)(b) of the Industrial Disputes Act at the time of the virtual dismissal of the petitioner from the service. The company in the circumstances, shall allow the petitioner to work in his former capacity within 15 days of the publication of this award in the "Calcutta Gazette" and shall pay up all his wages and other dues if any, for this period of his non-employment.

The case of the petitioner thus succeeds with the reliefs mentioned above.

AWARD

By order No. 2689-IR./IR/11L-159(A)/64, dated the 7th July 1964, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Amin Chand Payare Lal, 135 Canning Street, Calcutta-1, and their workmen represented by Surendra (Overseas) and Associated Companies' Employees' Union, C/o Federation of Mercantile Employees' Union, 12A Netaji Subhas Road (1st floor), Calcutta-1, regarding the matters specified in the schedule to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by Notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issues

1. Is the suspension of the following two workmen for an indefinite period since 19th September 1963 justified ? To what relief, if any, are they entitled ?
   (1) Ram Kalap, (2) Shri Rudra Narain Singh.
2. Is the action taken by the company against the following workmen justified ? To what relief, if any, are they entitled?
   (1) Shri Bishnu Deo Singh, (2) Shri Narendra Prasad Pal.

On receipt of the order of reference usual notices were issued on the parties and they appeared and filed their written statements after several adjournments on parties' prayer, the case was fixed for hearing on 29th March 1966. On that date the company appeared but neither the workers nor anybody on behalf of the union was present. The case could not, therefore, be taken up for hearing on that date and was adjourned to 28th April 1966 for hearing. On 22nd April 1966 the parties filed a joint petition stating that the case is likely to be amicably settled and praying for an adjournment. The adjournment was allowed and the case was adjourned to 13th June 1966. On this date again the union did not appear; nor did any of the workers concerned. The company was, however, present. From this non-appearance of the union or any of the concerned workers on 13th June 1966 as also on 29th March 1966 it can be presumed that none of the workers has any outstanding grievance against the company. Accordingly a "no dispute" award is passed.

This is my award.

By order No. 1306-I.R./IR/10L-40/65, dated the 1st April, 1965, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Aryan Engineering Works Ltd., P.O. Khardah, 24-Parganas, and their workmen represented by the Aryan Engineering and Dhanuka Steel Mazdoor Union, Mazdoor Awaz, P.O. Issues

1. Bonus payable in 1964.

2. Whether the lock-out declared by the company with effect from 29th September 1964 was justified? What relief, if any, the workmen are entitled to for the lock-out period?

On receipt of the order of reference usual notices were issued on the parties and they appeared and filed their written statements.

The Union's case in short is that Messrs. Aryan Engineering Works Ltd., is a public limited Company having its factory situated at Khardah in the district of 24-Parganas and is one of the highly prosperous unit of the Engineering Industries in West Bengal. It employs about 100 workmen in the various departments of its factory but has never paid any bonus to its workmen even though its financial conditions warranted granting of such bonus. On 2nd September 1964 a demand for bonus equivalent to two months' wages for the year 1963 payable in 1964 was submitted to the Manager of the company by the union. A copy of the said representation for bonus was also forwarded to the Assistant Labour Commissioner, for his intervention. On receipt of the copy of the representation, the Assistant Labour Commissioner, convened a joint conference of the parties to the dispute at his office on 23rd September 1964 at 4 p.m. to settle the matter through conciliation proceedings. Union representatives duly attended the conference but none from the company appeared. On 26th September 1964 the representatives of the workmen staged a deputation before Shri R. K. Dhanuka the Director of the company,presenting claim for bonus. At the intervention of the local police Shri Dhanuka agreed to abide by the decision of Shri B. N. Banerji, the Labour Officer of the Government of West Bengal, Barrackpore, regarding the workers' claim for bonus and handed over a note to the workers to that effect in presence of a Police Officer of the local police-station. The matter was duly communicated to the Labour Officer, who convened a meeting of the parties on 30th September 1964 at 5 p.m. and also sent a notice of the meeting to the company and the union. On receipt of the notice the company suddenly closed the factory by a notice, dated 29th July 1964, with effect from the date, on certain false, frivolous, baseless and malicious allegations. Next day, i.e., on 30th September 1964 union requested the Labour Officer to intervene in the matter and to induce the company to withdraw the lock out and closing of the factory. Accordingly a meeting of the parties was called on 3rd October 1964 by the conciliation officer but the dispute could not be settled. Thereafter the intervention of the Deputy Labour Commissioner was sought for and he convened a joint meeting on 26th October 1964. In the said meeting an interim settlement of the matter was arrived at and it was settled and decided that the lock-out would be lifted and the dispute over the question of bonus and justifiability of the lock-out would be taken up for further conciliation and if no amicable settlement could be possible, the issues would be referred to for adjudication by the Government. On 16th December 1964 another meeting was called by the Deputy Labour Commissioner to settle the dispute amicably. He, however, could not effect any conciliation and accordingly the issues regarding the justifiability of the lock-out and the workers' claim for bonus were referred to this Tribunal for adjudication. The union asserts that the lock-out was illegal and unjustified and prays that the workmen be granted full wages for the period of lock-out from 26th September 1964 to 26th October 1964. The union also prays for granting of bouns to the workers at the rate of 10 per cent. of the annual earning for the year 1963 payable in 1964.

In the written statement filed on 28th September 1965 the company pleaded its inability to give any bonus to its workers on the ground that it is always running at a loss and also submitted that the workers are not entitled to any compensation for the lock-out period as the lock-out had to be declared for the safety of the factory as also for the workers' misbehaviour with Shri Dhanuka, the Director of the company, on 26th September 1964 and their keeping him in illegal confinement that day from 2 p.m. till 12 midnight. Company stated that no deputation of the workers had met Shri Dhanuka over their claim for bonus, but the workers had suddenly stopped work and commenced a strike since 2 p.m. and had also in a body surrounded Shri Dhanuka in the factory as soon as he had told them that the company was not in a position to pay any bonus. The company stated further that the workers had that day misbehaved with Shri Dhanuka, used abusive languages towards him, man-handled him and also held out threats of murder when they were keeping him under confinement, if bonus was not paid to them. The Police came on information received from members of Shri Dhanuka's family and requested him to give a note agreeing to pay bonus and abide by the decision of the Labour Officer only in order to pacify the violent workers and seek release of Shri Dhanuka. The company submits that for the illegal strike started by the workers from 2 p.m. of 26th September 1964 as also for their illegal confinement of Shri Dhanuka from 2 p.m. till 12 midnight of that day and their acts of violence and disorders and their holding out threats of loss of life and destroying the factory's properties, during the period of illegal confinement of Shri Dhanuka, the lock-out had to be declared. The lock-out was, in these circumstances justified and the workers are not entitled to compensation for the lock-out period. The workers are not also entitled to get any bonus for 1963 payable in 1964 as its financial condition will not permit granting of any bonus to the workers as it was all along a losing concern.

The issues referred for adjudication have already been set forth above.

Decision

Of the two issues under reference, the question of bonus is taken up first for consideration. After the parties had filed their respective written statements, the Tribunal directed them to file their calculation of available surplus by its order No. 17, dated 9th December 1965. In compliance with that order company filed its calculation on 9th February 1966. Thereafter on 22nd February 1966 the union filed a petition stating that as the balance sheet of the company for the year ended 31st December 1963 shows a net loss of Rs. 45,296, it will not filed its calculation of available surplus under the Bonus Act. In this petition the union, also submitted that the workmen are entitled to get the minimum bonus payable under section 10 of the Payment of Bonus Act, 1965. Appearing for the company Shri N. K. Mukherji, Advocate, argued before this Tribunal that as the Payment of Bonus Act, 1965, is not applicable to the instant case and the union has not challenged the correctness of company's calculation of available surplus, the union's claim for payment of bonus for 1963 payable in 1964 must be overruled. In support of the contention that the Payment of Bonus Act (hereinafter referred to in this award as the Act) is not attracted to this case. Shri Mukherji referred me to sub-section (4) of Section 1 of the Act which lays down that "save as otherwise provided in this Act, the provisions of this Act shall, on relation to a factory or other establishment to which this Act applies, have effect in respect of the accounting year commencing on any day in the year 1964 and in respect of every subsequent accounting year." He argued that as calendar year is the accounting year of the company, the union's claim for bonus, must in view of these provisions of sub-section (4) of section 1, be decided independently of the provisions of this Act. This argument of Shri Mukherji cannot be accepted as section 33 of the Act makes the Act applicable to this case The order of reference was received in this tribunal on 6th April 1965 and section 33 lays down that "where immediately before 29th May 1965, any industrial dispute regarding payment of bonus relating to any accounting year not being an accounting year earlier than the accounting year ending on any day in the year 1962. was pending before the appropriate Government or before any Tribunal or other authority under the Industrial Disputes Act, 1947, the bonus shall be payable in accordance with the provisions of this Act in relation to the accounting year to which the dispute relates and any subsequent accounting year, notwithstanding that in respect of that subsequent accounting year no such dispute was pending." In this case the industrial dispute is with respect to bonus relating to the accounting year 1963 and the dispute was pending adjudication before this tribunal from before May 1965. The Bonus Act, therefore, is applicable to this case and under section 10 of this Act, subject to the provisions of sections 8 and 13 every employer shall be bound to pay every employee in an accounting year a minimum bonus which shall be four per cent of the salary or wage earned by the employee during the accounting year or forty rupees, whichever is higher, whether there are profits in the accounting year or not. Under section 8 of the Act, every employee shall be entitled to be paid by his employer, in an accounting year, bonus in accordance with the provisions of this Act, provided he has worked in the establishment for not less than thirty days in that year. Section 13 says that where an employee has not worked for all the working days, in any accounting year, the minimum bonus of forty rupees, or, as the case may be of twenty five rupees in case of workers who have not completed 5 years of age at the beginning of the accounting year, if such bonus is higher than 4 per cent. of his salary or wage for the days he worked, in the accounting year, shall be proportionately reduced. The workers of the company must, therefore, be allowed the minimum bonus as prescribed in section 10 subject to the conditions mentioned in sections 8 and 13.

It will appear from the pleadings of the parties that over the workers' claim for bonus for the year 1963 payable in 1964 there was certain incident inside the factory on 26th September 1964 and lock-out with immediate effect from 29th September 1964 was declared by Shri R. K. Dhanuka, Director of the company. The notice of the said lock-out as given by Shri Dhanuka is Ext. 4 and reads as follows: "The factory remains closed with immediate effect until further notice for the insolent attitude shown by the workers when the undersigned visited the factory on 26th instant for a discussion about an increase in piece-rate and when he was kept confined in a room till late at night until the arrival of Police in the issue of bonus and was made to sign under duress a declaration accepting their demand for bonus which the company is not in a position to pay on account of its running at a loss. The management is not prepared to negotiate with the workers for re-opening the factory until the workers tender their unconditional apology in writing to the undersigned for their misbehaviour and insolence." The declaration rereferred to in this notice is Ext. 3 in the case, and Shri Dhanuka has in his evidence before this tribunal stated that when at about 2-30 p.m. he had gone to the factory on receipt of a phone call from one Ram Naresh Bose that he would discuss with him the question of bonus and piece-rates, the workers surrounded his office and also squatted before his office and said that they would not allow him till and until the bonus question was settled. He also stated that the workers had abused him filthily and also had not allowed him to come out of his office and that when he had tried to get up from his chair, with an idea to go out to answer a call of nature, some of the workers had forced him to sit on his chair. Proceeding further in his evidence Shri Dhanuka said that the workers had also threatened that they would assault him if bonus was not paid and that at about 8 in the night Police had come on receipt of information from his family members, who had earlier been directed by him to inform the police as the workers were keeping him confined and that he had given the declaration to the Police as the latter had told him to give in writing an undertaking to pay bonus to the workers and also told him that the same would not be binding on him but was required to pacify the workers. He also stated that he had given the undertaking for threat of assault by the workers and had not given it out of own accord or voluntarily. On behalf of the union three employees of the factory including the General Secretary of the Union Ram Naresh Bose deposed before this tribunal and they have all denied the allegations made by Shri Dhanuka against the workers of the factory, in his evidence before this tribunal. They admitted that immediately after the arrival of Shri Dhanuka in the factory at 2 p.m. on 26th September 1964 some of the workers had been to his office and pressed for bonus for the year 1963 but denied that they had kept Shri Dhanuka confined in his office room till midnight of that day or had used abusive languages or physiac violence on him, or had threatened him with assault and destruction of the factory properties if the claim for bonus was not met. They also denied Shri Dhanuka's allegation that by force and threat of assaults they have obtained from him the declaration marked Ext. 3 and suggested that Shri Dhanuka had himself given the declaration at the intervention of the police after the latter had come on phone message. Ram Naresh Bose also denied that he had requested Shri Dhanuka on phone to come to the factory for discussion regarding bonus and piece-rate. That Police had come to the factory that day and in presence of Police Shri Dhanuka had given the declaration Ext. 3 are thus admitted, but the evidence as led by the company cannot substantiate the company's assertion that the workers had obtained the declaration from Shri Dhanuka by coercion, force or duress. The evidence adduced by the company was also too meagre and insufficient to substantiate its case that the workers had that day kept Shri Dhanuka confined in his office room till mid-night or had used physical violence or filthy languages or held out threats of personal assault and destruction of factories properties if bonus was not paid so long he was in his office-room that day. In his evidence Shri Dhanuka said that several officers of the company sit in the room adjacent to his own room but none of them was called to substantiate the company's allegations against the workers over the incident of 26th September 1964; nor was any police official called by the company, to substantiate Shri Dhanuka's statements that he had given Ext. 3 at the request of the Police and under the threat of assaults by the workers and not of his own free will. He admitted that had signed this delclaration Ext. 3 and that it had been written by somebody else. He, however, could not say actually who was the writer of the document. He was asked if Ram Prasad had written this exhibit but his reply was "I cannot say". This statement is hardly believable. If the company's case was true, the writer of this document was the best witness to support Shri Dhanuka's allegation regarding this document Ext. 3, and his non-examination only indicates that he had not been examined as Shri Dhanuka knew that he had signed the declaration of his own free-will and not under compulsion or threat of assualt by the workers. Non-examination of the Police official in whose presence this declaration was executed by Shri Dhanuka also leads to the same conclusion. In this view of the the matter there cannot be any reason to doubt the bona fides of Ext. 3 or to hold that Shri Dhanuka has not given his declaration of his own accord and voluntarily and this declaration shakes the company's allegation that on 26th September 1964 the workers had kept Shri Dhanuka illegally confined in his office room from 2 p.m. till mid-night and had assaulted and insulted him and threatened him with assault as has been said by Shri Dhanuka in his evidence before this Tribunal. Non-examination of any officer of the company to corroborate all these allegations of Shri Dhanuka against the workmen also indicates the frivolity of the allegations and this Tribunal has not the slightest hesitation to conclude that to justify the declaration of lock-out with effect from 29th September 1964, these false allegations against the workers have been introduced by the company in its written statement filed as also by Shri Dhanuka in his evidence before the Tribunal. In the written statement filed on behalf of the company it has been stated that when immediately after his arrival in the factory at about 2 p.m. on 26th September 1964 Shri Dhanuka had pleaded inability to pay the bonus to the workers the latter had suddenly stopped work and commenced a strike since 2 p.m. of that day. That this statement of strike was absolutely false is evident from the fact that on 27th and 28th September 1965 the factory was open and the workers also reported for duty. All the three witnesses for the union categorically stated that on these three dates the workers of the factory had worked in the three shifts. In his evidence-in-chief Shri Dhanuka also admitted that on 28th and 29th September 1965 the workers had come to the factory but stated that they had not worked. As the company has about 100 workers in its factory, certainly it has production registers or other documents indicating the daily production in the factory but no such document was produced to corroborate Shri Dhanuka's statement that on 28th and 29th there was no work and no production in the factory. Suggestion was given in the cross-examination of Shri Dhanuka that company maintains production register, but he made no statement indicating that the company does not keep any record or register of the production in the factory. Non-production of any document relating to the production in the factory greatly shakes the credibility of Shri Dhanuka's evidence that on 28th and 29th September 1964 the workers had gone to the factory but had done no work. Non-examination of Suren Babu and Gauranga Babu who, as per evidence of Shri Dhanuka also used to look after the factory, as a witness in support of Shri Dhanuka's evidence that on 28th and 29th September 1964 the workers had done no work in the factory, also indicates the incredibility of Shri Dhanuka's statement that on 28th and 29th September 1964 there was no work in the factory. More than Shri Dhanuka, any of Shri Gauranga Babu and Ratan Babu, was competent to prove that on 28th and 29th September, there was no work in the factory and non-examination of any of them only indicates that the company's allegation that on 28th and 29th September 1964 the workers had gone to the factory but had done no work, has no basis at all. Conclusion, therefore, is inevitable that even on the 28th and 29th there was work in the factory and this finding discredits the company's allegation of a strike by the workers since 2 p.m. on 26th September 1964. It is in evidence that the factory works in there shifts—first shift from 6 a.m. to 2 p.m., second shift from 2 p.m. to 10 p.m., and the general shift from 8 A.M. to 3 P.M. By the time Shri Dhanuka had reached the factory on 26th September 1964, the first shift was over and no officer from the factory was called to prove that there was no work in the second shift that day or that the work of the general shift was suspended after Shri Dhanuka had arrived at the factory. Practically speaking, there is no evidence indicating suspension of work in the factory after Shri Dhanuka had arrived. According to section 2(q), "strike" means a cessation of work by a body of persons employed in any industry acting in combination, or a concerted refusal under common understanding of any number of persons who are or have been so employed to continue to work or to accept employment. "Strike" thus means the stoppage of work by a body of workmen acting in combination with a view to enforce some demand against the employer. A number of workmen, and their concerted desire and action in order to bring pressure upon the employer in order to enforce their demands these are the essential features of a "strike". Evidence led by the company cannot prove any of these features in this case. It is true that the workers have also conceded that some of them had met Shri Dhanuka and pressed on him to comply with their demand for bonus. But in the absence of any evidence indicating cessation of work by the second shift workers of that day or cessation of work by the general shift workers before the close of the shift, these facts admitted on behalf of the union cannot substantiate the company's case that since 2 p.m. on 26th September 1965 the workers had gone on strike. In the notice of lock-out Ext. 4 which has already been quoted above there was also no whisper of any strike in the factory since 2 p.m. of 26th September 1964. In view of these facts and circumstances, company's allegations that since 2 p.m. of 26th September 1964 the workers had gone on strike must be held to be absolutely false and frivolous and there cannot be the least hesitation to conclude that only to justify the lock-out with effect from 29th September 1964, the plea of strike since 26th September 1965 2 p.m. has been falsely introduced in the written statement of the company. As the company's plea of strike is found to be false and it has also failed to substantiate its assertions that on 26th September 1964 the workers were violent and had also illegally confined Mr. Dhanuka and insulted and abused him filthily and also used physical violence to him, it must be held that the company had no justification to declare the lock-out by the notice, dated 29th September 1964 marked Ext. 4 with immediate effect. Even if these allegations of misbehaviour to Mr. Dhanuka by the workers on 26th September 1964 were all proved, still lock-out cannot be justified as the evidence as led by the company cannot establish that the factory was not functioning normally when the lock-out was declared on 29th September 1964. The lock-out notice was given on 29th September 1964 and it is in evidence that before Mr Dhanuka had given this notice, the Assistant Labour Officer, Barrackpore has given all the parties a notice of a joint conference in his office on 30th September 1964, over the question of payment of bonus to the workers [Vide Ext. 2(a) and the evidence of P.W.1 Ram Naresh Bose.)] This notice Ext 2(a) was dated 28th September 1964 and the union's case was that this conference was called over the written assurance of Shri Dhanuka marked Ext 3 in the case and that the company had declared the lock-out immediately on receipt of notice of the conference. This case of the union cannot be disbelieved if the date of the notice and Ext. 3, and absence of any justification for declaring the lock-out be considered together and as evidence has come, it must be concluded that the lock-out was declared only to harass and punish the workers for their approaching Labour Officer, Barrackpore, for taking action on the written assurance Ext. 3 given by Shri Dhanuka. The lock-out was declared only to victimise the workers for their insistence on getting bonus for 1963 and was as such absolutely illegal and unjustified The workers are, therefore, entitled to get full wages for the period of lock-out.

In view of the findings made above regarding the issues under reference every employee of the company do get bonus for 1963 payable in 1964 at the rate of 4 per cent. of the salary or wage earned by him during the accounting year 1963, or forty rupees whichever is higher, subject to the provisions of sections 8 and 13 of the Payment of Bonus Act, 1965. The lock-out declared by the company with effect from 29th September 1964 is declared as illegal and unjustified and the workers do get full wages for the entire lock-out period.

This is my award which has to be implemented within two months of its publication in the "Calcutta Gazette."

PUBLIC SERVICE COMMISSION, WEST BENGAL

General information relating to age concession, fixation of initial pay, etc., in respect of posts advertised by the Commission and instructions to candidates applying in response thereto.

General concession in age

(1) (a) **For political sufferers:** A candidate who before 15th August 1947 was detained, imprisoned, interned or externed on account of his/her activities in connection with the country's struggle for independence, not being convicted of an offence indicating moral turpitude, shall be entitled to a concession in respect of the upper age limit. The concession granted will be equal to the exact period of detention, imprisonment, internment or externment suffered up to a maximum of four years.

(b) **For Scheduled Caste/Tribe candidates:** The upper age limit is relaxable by five years for candidates belonging to Scheduled Castes/Scheduled Tribes.

(c) **For Displaced Persons:** The upper age limit is relaxable up to 45 years for displaced persons who have migrated to India from East Pakistan on or after January 1, 1964. This concession in age shall remain in force up to December 31, 1967.

The bona fide of the displaced persons will have to be certified by the Camp Commandant of the Transit Centre of the Dandakaranya Project or the Camp Commandant of the Relief Camp in various States or the District Magistrate of the area where the candidate may for the time being be resident.

Fixation of Pay

(2) (a) **For persons already in permanent Government service:** If a permanent Government servant is permitted to apply and is selected for a post in open competition with outsiders, the initial pay will be fixed under rule 42 or 55 of the West Bengal Service Rules, Part I, as the case may be. If, however, such a recruit is prepared to resign his appointment under Government, before applying, he will be eligible to the grant of higher initial pay on the same basis as an outsider.

(b) **For a temporary Government servant having no lien on any post under the West Bengal Government when appointed to a post carrying higher scale of pay:** Such an officer shall be eligible to draw as initial pay at the stage of the time-scale in the higher post which is equal to his pay in the lower post, or if there is no such stage, the stage next below that pay plus personal pay equal to the difference, to be absorbed in future increments in the higher scale provided that he has already rendered at least three years' continuous and satisfactory service in the lower post. The aforesaid benefit of fixation of pay will not, however, be available in the following cases:

(i) when the Commission has made a specific recommendation regarding the pay to be allowed to the Officer;

(ii) when under any specific rule such an officer is allowed a higher initial pay.

(c) **For outsiders:** Unless otherwise specified in a particular advertisement, higher initial pay on the basis of age, qualifications and experience (including experience outside Government service) may be allowed to a person not already in Government service, if the relevant advertisement contains a provision to that effect.

Instructions regarding submission of application

(3) Applications are to be made on the prescribed form which will be available from the office of the Public Service Commission, West Bengal, Anderson House (ground floor), Alipore, Calcutta-27, personally or on sending a large self-addressed envelope with stamps sufficient to cover the postage affixed to it. Candidates who are unable to obtain copies of the prescribed form may apply on any similar typed (not handwritten) form showing exactly the wording and spacing of the sample form published in the "Calcutta Gazette" of the 1st September 1955, provided the blanks are filled up in the candidates' own handwriting.

Particulars and certificates required

(4) Candidates should furnish evidence of their age, qualifications and previous experience together with certificates written not more than one year prior to the date of their applications, from responsible persons, testifying to their private character.

The Commission accepts only the age of a candidate as recorded in the Marticulation or the Secondary School Final/Leaving Certificate. In the case of a female candidate whose age is not recorded in the Matriculation or School Final Certificate, any of the following evidence of age is accepted by the Commission:

(1) A certificate from the Headmistress of the School, which she last attended, showing her exact age as recorded in the school register.

(2) An affidavit regarding her age sworn by her father or mother or some other person in a position to know by having been present or heard of her birth at the time of occurrence.

(3) A certificate regarding her age, from a Member of the Legislature or a gazetted officer, who must have known the candidate and her family, indicating clearly the evidence on the basis of which he/she satisfied himself/herself on the point.

Fee

(5) Candidates must enclose with their applications a fee of Rs. 5 in the form of a receipted chalan from a Government Treasury or the Reserve Bank of India under the head "XXI—Miscellaneous—Receipts of the Public Service Commission, West Bengal". Money orders, cheques, etc., in lieu of treasury chalans are not accepted. Postal Order, however, may be accepted from candidates. They should be crossed and made payable to "The Deputy Secretary, Public Service Commission, West Bengal". No application will be considered unless accompanied with the requisite application fee, except as provided below.

Candidates abroad may deposit their application fees with the High Commission of India or the Embassy, as the case may be, and obtain receipts for the same, which will have to be attached to their applications to be submitted to the Commission.

Candidates in Government service should make sure before depositing fee that their applications will be forwarded by their superior officers.

In no case will the fee paid with the application be refunded, except as provided below.

The Commission may remit application fee in respect of genuinely indigent displaced persons from East Pakistan who have migrated to India on or after January 1, 1964. This concession in fee shall remain in force up to December 31, 1967.

A candidate claiming such exemption must furnish besides evidence required under para. (1)(c) above, a certificate (in original) from a District Magistrate or a Gazetted Officer or a Member of Parliament or State Legislature to show that he is not in a position to pay the prescribed fee.

For a gazetted post, an indigent displaced person shall, in the first instance, pay the prescribed application fee, but if he/she is selected for and appears at the interview, the fee paid by him/her will be refunded afterwards. For a non-gazetted post, such candidates will not be required to pay the application fee.

Note: A member of the Scheduled Caste or Scheduled Tribe claiming age concession must furnish with his application a certificate in original from a Gazetted Officer or a Member of Parliament or State Legislature belonging to the Scheduled Caste or Scheduled Tribe, specifying the particular caste or tribe to which he claims to belong.

Address

(6) Candidates should give their present address and should communicate at once any subsequent change of address.

Canvassing

(7) Any attempt on the part of candidates to enlist support of their applications through persons of influence or officials of Government will disqualify them for appointment. Spontaneous recommendations from person interested in the candidates or otherwise known to them will be disregarded.

Forwarding of applications and submission of advance copies

(8) Applications from candidates who are in permanent or temporary employment under any Government, a Local or Statutory Body (e.g., Damodar Valley Corporation), in India will be rejected unless they are hubmitted through the appointing authority of their posts or service.

Candidates serving under Government or a Local or Statutory Body should submit an advance copy in the prescribed form. The application fee should in such cases be attached to the advance copy and not to the original. The candidature of such applicants may not however be considered if the original applications do not reach the Commission's office within a fortnight from the closing date. Unless applications in original or advance copies with application fees are received within the closing date, late applications may be rejected.

No person whose name is not included in the final electoral roll for the election shall be entitled to vote and contest in the election.* Changes of address after the final electoral roll has been prepared shall be disregarded.

(5) As soon as the final electoral roll has been prepared under sub-rule (4), the Returning Officer shall notify the fact in the "Calcutta Gazette", and in such other manner as he may think fit and request all electors generally to participate in the election. He shall at the same time appoint and notify, in the same manner, such date or dates or the latest date, as the case may be, and, if necessary, such time and place as may be deemed suitable, for each of the following operations, namely:—

If more nomination papers than the number of vacancy or vacancies to be filled at the election by a particular constituency be subscribed by the same elector, then only the permissible number of such nomination papers first received by the Returning Officer shall, if otherwise in order, be held to be valid but if the Returning Officer is unable to determine the order in which such nomination papers were received by him, all of such nomination papers shall be held to be invalid.

(4) The proposer and the seconder of a candidate shall be persons whose names are included in the final electoral roll of the constituency in which the vacancy or vacancies have occurred: otherwise the nomination paper shall be invalid.

(5) The nomination paper may be sent by post or delivered otherwise, but a nomination paper received by the Returning Officer after the latest date and hour notified therefor under sub-rule (5) of rule 3 shall be invalid.

(6) On receipt of each nomination paper the Returning Officer shall forthwith endorse thereon the date and hour of its receipt.

He shall decide all objections to his decision under that sub-rule as well as any question which may be raised as to the validity of any nomination and his decision shall, subject to the provisions of sub-rules (1) and (2) of rule 10, be final.

(10) Any candidate may withdraw his candidature by notice in writing subscribed by him and delivered to the Returning Officer up to 3 o'clock in the afternoon on the first working day succeeding the date appointed for the scrutiny of nomination papers, or where an objection or question as to the validity of any nomination paper is decided under sub-rule (9), on the first working day succeeding the date of the decision. A candidate who has withdrawn his candidature shall not be allowed to cancel the withdrawal or to be re-nominated as a candidate for the same election. The candidature of any duly nominated candidate shall remain valid for all purposes of these rules unless withdrawn in accordance with this sub-rule.

Election and Voting

5. (1) If the number of duly nominated candidates after any withdrawal of candidature under sub-rule (10) of rule 4 does not exceed the number of Members to be elected from any constituency, the Returning Officer shall, without calling for a poll, declare such candidate or candidates to be elected; but if such number exceeds the number of Members to be elected from any constituency, he shall take steps to call for a poll in the manner hereinafter laid down.

(2) When in pursuance of sub-rule (1) polling is required to be taken, the Returning Officer shall—

(a) cause to be prepared serially-numbered voting papers in Form IV,

(b) publish in the "Calcutta Gazette", and in such manner as he may think fit, the names of candidates arranged in alphabetical order of their surnames, and

(c) proceed to issue by registered post to each elector whose name is included in the final electoral roll of the constituency one voting paper in Form IV with one identification envelope in Form V, at his address as mentioned in the final electoral roll:

Provided that a person whose name is borne on the final electoral roll and whose ballot paper together with other connected papers has not already been despatched by registered post, or having been despatched has been returned by the post office undelivered, or whose ballot paper or any other connected papers have been lost by post office or have been inadvertently spoilt in such manner that it cannot conveniently be used as such, may appear personally before the Returning Officer or by his duly authorised agent with a statement to that effect to take the ballot paper and identification envelope or a duplicate copy of the ballot paper or other connected papers, as the case may be, and the Returning Officer may, on being satisfied as to the facts of such statement and to his identity and on taking a receipt from him or his duly authorised agent, hand over to him or to such agent his ballot paper and identification envelope or a duplicate copy of the ballot paper or other connected papers, as the case may be:

Provided further that in case of receipt of both the duplicate copy of the voting paper and the voting paper for which such a duplicate was issued, the Returning Officer shall reject both the voting paper and its duplicate copy.

(3) No election shall be invalidated by reason of the non-receipt by any elector of a voting paper.

(4) When poll is taken under sub-rule (*1*), an elector whose name is borne on the final electoral roll of any particular constituency, may vote for the maximum number of candidates to be elected from that constituency. A voting paper in which votes are given for more candidates than what is permissible under this sub-rule, shall be rejected.

(5) An elector, whose name is borne on the final electoral roll and who is desirous of recording votes, shall mark the voting paper issued to him, with a single cross × in the proper column against the name or names of the candidate or candidates, not exceeding the number of members to be elected, for whom he intends to vote and no elector shall record more than one vote or put more than one cross × against the name of any one candidate. A voting paper on which a vote or votes is or are marked otherwise than by a cross × as laid down in this sub-rule, or on which more than one such cross-mark or other kind of mark is put against the name of any one candidate shall be rejected.

(6) A vote recorded otherwise than on the voting paper sent to the electors, shall be rejected, and every voting paper in respect of which any requirement of these rules have not been complied with or on which a mark is placed in such a manner as to make it doubtful to which candidate the vote is given or on which elector has placed any mark whereby he may be afterwards identified or on which an alteration or erasure occurs indicating a change of vote or which is not received by the Returning Officer on or before the latest day and time notified under clause (d) of sub-rule (5) of rule 3 for the receiving of voting papers, shall be invalid.

(7) After recording his vote or votes or the voting paper the elector shall enclose it in the relative identification envelope, close the envelope, sign the declaration printed on the envelope, furnishing correctly all particulars required therein. The identification envelope shall then be either delivered personally by the elector or sent singly by post to the Returning Officer.

(8) Only one voting paper shall be enclosed in one identification envelope, and if two or more voting papers are enclosed in one identification envelope, the identification envelope and the voting papers, enclosed therein, shall be rejected.

(9) No voting paper shall be accepted unless it is enclosed in the identification envelope supplied with it, and any defect or incompleteness in furnishing the particulars required on the identification envelope, or its

receipt after the latest day and time notified under clause (d) of sub-rule (5) of rule 3 for its receipt with the proper voting paper, shall invalidate both the envelope and the voting paper enclosed.

(10) On receiving the identification envelopes the Returning Officer shall divide them into separate batches for each constituency and shall examine the envelope in each batch and where he rejects any of them for non-fulfilment of the requirements of sub-rules (7) and (9), he shall make the endorsement "rejected" on the envelope noting thereon the reason of rejection briefly, and make a separate bundle of the rejected envelopes for each constituency and deal with them under sub-rules (3) to (5) of rule 6.

(11) The Returning Officer shall place the identification envelopes which he provisionally accepts in a separate bundle for each constituency, without opening the envelope, and deal with them under sub-rules (3) to (5) of rule 6.

6. (1) The Returning Officer shall attend for the purpose of scrutiny and counting of votes on the date and at the time and place notified under clause (e) of sub-rule (5) of rule 3 and on any such subsequent date or dates as may be necessary to complete the scrutiny and counting.

(2) A candidate may be present in person or may send a representative, duly authorised by him in writing, to watch the process of security and counting.

(3) The Returning Officer shall show all identification envelopes, whether accepted or rejected, to the candidates or their representatives for examination of the propriety of their acceptance or rejection, and any objection taken to his decision of acceptance or rejection of any identification envelope shall be decided at once by the Returning Officer, and his decision in this behalf shall be final.

(4) The rejected identification envelopes shall be placed in separate bundles for each constituency. The bundles then shall be sealed and kept in safe custody under rule 8.

(5) The accepted identification envelopes shall be opened in the presence of the candidates or their representatives appearing under sub-rule (2) and the voting papers separated from the covers which will be kept aside from view.

(6) As the voting papers are separated from the envelopes, the Returning Officer shall proceed to examine the voting papers in convenient batches to see whether the votes have been recorded in accordance with sub-rules (5) to (9) of rule 5. He shall reject any voting paper which is found to be defective in any respect, make the endorsement "rejected" thereon and indicate thereon the ground of rejection very briefly. The remaining voting papers shall be deemed as accepted.

(7) If any objection is taken to his decision of acceptance or rejection of any voting paper, such objection shall be decided by the Returning Officer at once and his decision in this behalf shall be final.

(8) The Returning Officer shall separate or cause to be separated the accepted papers from those that have been rejected and keep them in a separate bundle for each constituency.

Declaration of the names of the candidates elected

7. (1) When the counting of the votes of each constituency has been completed by the conduct of the operation in one or more days as may be

necessary, the Returning Officer shall, subject to the provisions of sub-rule (2), forthwith declare as many candidates polling largest number of votes as there are Members in such constituency, to be duly elected.

(2) When an equality of votes is found to exist between any candidates and the addition of a vote shall entitle any of them to be declared elected, the determination of the person or persons to whom such additional vote shall be deemed to have been given, shall be made by drawing lots in the presence of the Returning Officer and in such manner as he may determine.

(3) The Returning Officer shall immediately report the results of the election to the President, and the President shall forward the report to the State Government.

(4) When forwarding the report of the Returning Officer under sub-rule (3) to the State Government, the President shall report, what seat, if any, could not be filled by election by any constituency, with the reason why the seat could not be so filled and the State Government shall fill up the seat by nomination under section 6.

Disposal of election papers

8. On the completion of the election proceedings the Returning Officer shall make into convenient bundles the nomination papers, the voting papers, the identification envelopes, seal each bundle and make over these and all other papers relating to the election to the Registrar, who shall keep them in safe custody in his office till the next general election.

Publication of the names of the members elected or nominated

9. The names of the Members nominated or elected under sub-section (*1*) of section 5 or under section 6 shall be published by the State Government in the "Calcutta Gazette", under section 8, as soon as may be after receipt of the report of the President under sub-rules (3) and (4) of rule 7.

10. (1) The State Government may, of its own motion or on an objection made within three months from the date of the election, declare any election to the *Parishad* to be void on account of corrupt practice, such as bribery, undue influence, personation, publication of false statements or any other sufficient cause, and may call on the constituency affected to make a fresh election within a specified date and any decision of the State Government under this rule shall be final.

Subject: Income Tax—Deduction from salaries during 1966-67

No. 12/15/66-IT(B), dated 18th April 1966, regarding deduction of income-tax from salaries during 1966-67, are circulated herewith for information and guidance of all drawing and disbursing officers under audit/payment of this office and all Treasury and Sub-Treasury Officers in West Bengal.

The schedule of rates attached to the Ministry's letter F. No. 12/15/66-IT(B), dated 10th March 1966, has also been reproduced below for reference.

[Dy. GM/113, dated 6/66 and Dy. GM/55, dated 5/66.]

Smt. R. K. KUTTY,

Sr. Dy. Accountant-General.

Copy of the letter No. F. No. 12/15/66-1.T.(B), dated the 10th March 1966 to all State Governments, from Shri Wasiq Ali Khan, Deupty Secretary to the Government of India.

I am directed to invite a reference to this Ministry's letter Nos. 12/13/65-I.T.(B), dated 10th March 1965, and 29th May 1965, on the subject of deduction of Income-tax from salaries paid during the year 1965-66. The Finance Bill introduced in the Parliament on 28th February 1966 provides *inter alia* the rates at which income-tax is proposed to be levied for the assessment year 1966-67. These rates will be applicable to deduction of tax from salaries paid or payable on or after 1st April 1966. An extract from Paragraph A of Part I of the First Schedule to the Finance Bill, 1966, in so far as it relates to earned income is enclosed herewith. It is requested that pending the passing of the Finance Bill, 1966, deduction of tax from salaries may be made during the year 1966-67 according to the rates in the said schedule.

2. The principal changes proposed to be made by the Finance Bill, 1966, so far as they relate to income from salaries, are as under—

(i) the basic exemption limit has been raised from Rs. 3,000 to Rs. 3,500. No tax will be leviable on a resident individual if his total income does not exceeds Rs. 3,500.

(ii) the quantum of tax relief on account of personal allowance admissible in the case of resident individuals is proposed to be increased in each case by Rs. 25, as set forth in clause (ii) of the proviso to paragraph A of Part I. As a result of this increase, no tax will be deductible at source where the total salary income after deduction of 60 per cent. of the qualifying sums in respect of contributions to Provident Funds, Life Insurance Premia, etc., does not exceed the following limits—

Resident only.

Unmarried Individual—Rs. 3,500.

Married Individual with no child—Rs. 4,000.

Married Individual with one dependent child—Rs. 4,400.

Married individual with more than one dependent child—Rs. 4,800.

(iii) A special surcharge for purposes of Union is leviable at the flat rate of 10 per cent. of the aggregate of the income-tax and any other surcharge leviable, in each case. For example if in a case the income-tax payable after the deduction on account of personal allowance comes to Rs. 400 the Special Surcharge (Union) leviable will be Rs. 40 and the total tax chargeable in that case will come to Rs. 440.

(iv) Clause 34 of the Finance Bill, 1966, seeks to insert two new sections in the Income Tax Act, 1961, viz., sections 288A and 288B. The proposed new section 288A seeks to provide that where the total income as computed in accordance with the provisions of the Act is not a multiple of ten rupees, it will be rounded off to the nearest multiple of ten rupees by ignoring the fraction which is less than five rupees and increasing the fraction which amounts to five rupees or more, to ten rupees; and the total income so rounded off will be deemed to be total income. Where the total income of an assessee includes earned income, the adjustment on account of rounding off will be made to the earned income. Where there is no earned income, such adjustment will be made to the unearned income.

The proposed section 288B seeks to provide that fractions of one rupee contained in the amount of tax (including advance tax and tax deducted at source), penalty, interest, etc., and refunds will be rounded off to the nearest rupee by ignoring amounts less than fifty paise and increasing amounts of fifty paise or more to one rupee.

3. As in the earlier year, the Finance Bill, 1966, also provides for the making of annuity deposit by resident individuals who are citizens of India. However the limit of the total income in respect of which there is an exemption from the requirement of making annuity deposits is proposed to be raised from Rs. 15,000 to Rs. 25,000 with effect from the assessment year 1967-68. Only persons with total income exceeding Rs. 25,000 will be required to make advance annuity deposit during the financial year 1966-67. However, assessees whose total income is between Rs. 15,000 to Rs. 25,000 and who wish to have the benefit of making annuity deposits will have the option of making such deposits if they send an intimation to the Income-tax Officer in this behalf by 30th September of the financial year preceding the relevant assessment year. Such option exercised by a person will be treated as final and will be binding on him for the relevant assessment year as well as for all assessment years thereafter. The annuity deposit will be made by the employees themselves and the Disbursing Officers should allow the amount of annuity deposit payable as a deduction from the income while computing the tax to be deducted at source. If a copy of the option filed before the Income-tax Officer by an employee whose salary income is between Rs. 15,000 to Rs. 25,000 is received by the Disbursing Officer, necessary deduction of the annuity deposit payable should be allowed from the income in computing the tax to be deducted at source.

For the removal of doubts, it is hereby clarified that the income on which annuity deposit will be calculated will be the gross income after deducting therefrom the specified percentage of the qualifying amount of contributions to Provident Funds, Life Insurance Premia, etc. Individuals who are not citizens of India are not liable to make annuity deposits. The rates of annuity deposits are given in the Second Schedule to the Finance Bill, 1966 (Extract enclosed).

4. In deducting the tax from salaries the following points have to be kept in view:

(i) While computing the taxable income the Disbursing Officers should allow deduction of 60 per cent. of the first Rs. 5,000 and 50 per cent. of the balance of the qualifying amount of payments towards Life Insurance Premia, Contributions to Provident Fund and Deposits in a 10-Year Account or 15-Year Account under the Post Office Savings Bank (Cumulative Time Deposit Rules), 1959. The qualifying amount of the payment in respect of all the items taken together will be subject to a maximum of 25 per cent. of the income of the assessee as computed before making the above deduction and before the deduction on account of Annuity Deposits, or Rs. 12,500 whichever is less.

(ii) No rebate of tax should be allowed by the person responsible for paying the salary in respect of any donations for charitable purposes which qualify for tax rebate under section 88 of the Income-tax Act, 1961. However, the rebate of tax in respect of contributions made to the National Defence Fund and Jawaharlal Nehru Memorial Fund may be allowed at source where deductions are made from the pay bills. While allowing rebate on these amounts care should be taken to see that contributions for the year are not less than the minimum limit of Rs. 250 and that the amount of such rebate does not exceed half the aggregate of the donations in respect of which rebate is allowed. Disbursing Officers should show the total contributions in the remarks column of the return under section 206 of the Income-tax Act, 1961.

(iii) Where the total income after giving allowable deduction of contributions to Provident Fund and Life Insurance Premia, etc., does not exceed Rs. 3,640 and the employee is unmarried the income tax payable shall not exceed 40 per cent. of the amount by which the total income exceeds Rs. 3,500. The Special surcharge at 10 per cent. of the income-tax will be levied in addition.

(iv) The deduction admissible for the maintenance of a conveyance will be allowed by the Income-tax Officer at the time of assessment. Relief in this regard should not be adjusted at the time of deduction of tax at source.

(v) The relief admissible to married persons and the persons who have one or more children dependent on them should be allowed for the full year if these conditions are fulfilled on the last date of that year.

(vi) A divorce should be treated as a married person if he/she has a child dependent on him/her. Otherwise he/she should be treated as unmarriel.

(vii) A widow/widower is to be treated as a married person.

5. For the facility of Disbursing Officers, a typical example of tax calculation is given in the enclosure to this letter.

6. If any changes are made when the Finance Bill, 1966, is passed into Law, the same will be communicated to you in due course.

7. These instructions may please be brought to the notice of all Disbursing Officers and State Undertakings under the control of the State Governments, etc.

Typical example of Income-tax calculation

Total Salary income—Rs. 12,004.

Contributions to G.P. Fund—Rs. 800.

IRRIGATION AND WATERWAYS DEPARTMENT

NOTIFICATION

No. 13-I.—8th July 1966.—In exercise of the powers conferred by sections 78 and 99 of the Bengal Irrigation Act, 1816 (Bengal Act III of 1816), the Governor is pleased hereby to make the following rules, schedule of rates and appendices for the supply of water from the Birkuti Irrigation Scheme in the district of Jalpaiguri.

2 A draft of these rules, schedule of rules and appendices was published at pages 1868a to 1868g of Part I of the "Calcutta Gazette, Extraordinary", of the 27th May 1966 under notification No. 6-I, dated the 5th May 1966, as required by the proviso to section 99 of the said Act.

RULES, SCHEDULE OF RATES AND APPENDICES

Leases for Kharif Irrigation

1. The country served by the canals of the Jorai Irrigation Scheme in the districts of Jalpaiguri and Cooch Behar shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for a *Kharif* irrigation may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions:—

I. Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently a separate lease may be granted for each part.

II. All leases within one block shall be so granted that they may expire on the same date.

III. No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall, from time to time, fix the gross area (i.e., the total area) for which and the limits of the canal within which, leases for *Kharif* irrigation may be granted.

5. Maps of all villages in which lands have been brought under lease, or in which there is any possibility of such leases being taken, shall be kept in the Subdivisional Canal Office. These maps are to be at scale 32 = 1 mile (F.P.S. scale map to be replaced by maps on corresponding metric scale).

6. The preliminary application for a lease for a *Kharif* irrigation either new or for renewal, small be in writing in the prescribed form given in Appendix I to these rules to be obtained from the Subdivisional or Sectional Canal Office. It may be presented and shall be received either at the Subdivisional or at the Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer, as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as that officer may direct, and shall ask his formal approval to the lease being proceeded with. The lands to be brought under lease shall be indicated on a copy of the map referred to in rule 5. On receipt of the approval of the Divisional Canal Officer, the Subdivisional Canal Officer shall approach the Officer-in-charge of revenue collection work for the purpose of obtaining the detailed assessment and the latter shall in due course intimate the result of such assessment to the Subdivisional Canal Officer.

7. The Officer-in-charge of revenue collection work on being approached by the Subdivisional Canal Officer shall depute an amin to prepare the *khasra* or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and *khasra*. Should the survey map and *khasra* be not available, the amin shall make a sketch map and shall measure the areas of the holdings with a chain or measuring rod.

8. When the amin has completed the *khasra* he shall forward it to the Officer-in-charge of revenue collection work who shall forward it to the Subdivisional Canal Officer who shall forward it to the Divisional Canal Officer for approval.

9. As soon as the *khasra* has been approved by the Divisional Canal Officer he shall return it to the Subdivisional Canal Officer endorsed with his signature in token of approval under intimation to the Officer-in-charge of revenue collection work.

The Subdivisional Canal Officer shall than prepare a khatian or abstract of the *khasra*, and shall have the form of application given in Appendix II to this rules, filled up and signed or marked by each of the applicants.

When the application has been completely signed, the Subdivisional Canal Officer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given in Appendix III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer through his Sectional Officer. The Divisional Canal Officer shall return the application to the Subdivisional Canal Officer with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that some of them decline to sign the application the Subdivisional Canal Officer shall report the matter to the Divisional Canal Officer. The Subdivisional Canal Officer shall then hold a local enquiry, regarding the statements of the persons who decline to sign the application and record his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign the application or whether the lease shall be declined. The Divisional Canal Officer may grant a lease when the lands of the cultivators of the block who have signed the application are not less than 95 per cent. of the net irrigable area of the block. If, in special case it is desirable to grant a lease even though the lands of the cultivators of the block who have not signed the application are more than five per cent. of the net irrigable area of the block, the Superintending Engineer may grant the lease by a written order, giving reason for the grant of such lease.

Leases for Rabi Irrigation

11. Applications for leases for supply of water for *Rabi* Irrigation to irrigate spring rice or other crops between the 16th November and the 15th June may be presented at Subdivisional Canal Office or to the Sectional Officer. They shall be in the form given in Appendix IV to these rules.

In the application the areas for which water is required shall be specified but the rate shall be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given in Appendix V to these rules shall be granted by the Subdivisional Cannal Officer if he is able to supply the water for such irrigation.

Supply of water

12. The Divisional Canal Officer shall control the supply of water throughout the division in his charge.

13. No water shall be supplied to any lands except such as have been brought under lease for *Kharif* or for *Rabi* irrigation.

14. Under the forms of irrigation lease in use, no specific supply of water is promised; but the undertaking is to give such supply to each lessee as may be necessary for the lands noted in the lease. The supply shall be given, as may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

15. The Divisional Canal Officer may give the required supply by rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water rates

16. The rates due for water supplied shall be collected by the Officer-in-charge of revenue collection work through tahsildars and other staff. All *khatians* or demand statements shall be signed by the Officer-in-charge of the revenue collection work after scrutiny in his office.

17. Each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved by the Officer-in-charge of revenue collection work for the purpose.

18. Each person on paying the amount due from him shall be given a receipt in the form prescribed for the purpose.

19. For the purposes of account and control over establishment and of general administration, the Officer-in-charge of revenue collection work shall be directly under the Additional District Magistrate, Estate Acquisition, of the district. In regard to any proceedings taken under the Public Demands Recovery Act, 1913 (Bengal Act III of 1913), the Officer-in-charge of revenue collection work shall also be subject to the control of the Additional District Magistrate, Estate Acquisition, of the district.

Unauthorised use of water and waste of water

20. Should it be necessary to take action under the provisions of sections 79 and 80 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), proceedings shall be instituted only under the direct order of the Divisional Canal Officer. The primary record of the facts regarding unauthorised use or waste of water shall be made by the Subdivisional Canal Officer or his subordinates. The parties reported to be using water in an unauthorised way or wasting water shall be called up to show cause why they should not be assessed for payment of water-rates. The record of their statements shall be made by the Divisional Canal Officer, or by the Subdivisional Canal Officer, as the case may be. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reason for or against assessment, both as regards the facts and as regards the law, and he shall determine the rate to be charged subject to the provisions contained in the Schedule of rates attached to these rules.

21. Should the Divisional Canal Officer decide that assessment should be made, he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him and an abstract of the demand or *khatian* shall be sent to the Officer-in-charge of the revenue collection work, who shall then proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), shall be computed from the date on which the statement of the dues may be furnished to the person assessed and the date shall be endorsed on it.

22. No proceedings shall be instituted if the unauthorised use or the waste of water have occurred through the act or neglect of a canal officer or subordinate officer employed on the canal. During *kharif* irrigation the passing on of surplus water from leased to unleased fields is not an unauthorised use of water.

Complaints and applications

23. All complaints or applications with respect to the supply of water, defective drainage or administration of the canal, shall be received on presentation at either Divisional or Subdivisional Canal Office.

Complaints or applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officer for disposal at his discretion.

When such complaints or applications are presented to the Sectional Canal Officer, he shall forward the same to the proper office.

24. All complaints or applications with respect to correctness of the assessment shall be received at the office of the Officer-in-charge of the revenue collection work.

25. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints or applications shall be recorded in registers to be kept for that purpose.

26. The Officer receiving the complaint or application shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

27. The orders passed on all complaints or applications shall be in writing, and a copy of every order shall be furnished to the complainant or the applicant.

The copy of the order may be sent by registered post, if this is convenient.

The period within which an appeal may be presented under section 91 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), shall be computed from the date on which the copy of the order is received by the person.

28. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think desirable, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is heard.

29. The Divisional Canal Officer may revise the proceedings of his Subdivisional Canal Officers and the Superintending Engineer may call for and revise the proceedings of all officers under his control.

Remissions and alteration of demand

30. Wherever the crop on land entitled to supply of water suffers material injury from insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be given by the Collector on the recommendation of the Divisional Canal Officers, provided that the person claiming remission has applied for such remission not less than fifteen days before the reaping of the crop.

31. Should the crop on lands under lease either for *Kharif* or for *Rabi* irrigation suffer material injury from excess of water due to deficient drainage, the Collector, on the recommendation of the Divisional Canal Officer, may grant remission for that year of the rates due on such lands in whole or in part, provided that the person asking for remission has applied for such remission at least fifteen days before the reaping of the crop.

32. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Collector.

33. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes in the occupation of lands shall be made under the orders of the Officer-in-charge of the revenue collection work, provided that no change involving any increase or decrease in the total area under lease shall be made, without the concurrence of the Divisional Canal Officer.

34. Remissions of water-rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause shall only be allowed under special orders of the State Government.

Irrecoverable demands

35. The writing off of those demands which are reported, after due enquiry by the Divisional Canal Officer or the Officer-in-charge of the revenue collection work, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death or owing to the defaulter having absconded may be sanctioned by the Collector, Commissioner or the Board of Revenue, as the case may be, subject to the monetary limits fixed by the Board of Revenue.

Cultivators' representatives

36. Whenever the application for lease for *Kharif* irrigation has been approval by the Divisional Canal Officer, the Officer-in-charge of the revenue collection work shall, with concurrence of the Subdivisional Canal Officer, select as representative of the cultivators' suitable person or persons who shall generally be accepted to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

37. The person or persons so selected shall be required to give assistance to the Canal Officers or the Officer-in-charge of the revenue collection work in respect of the following matters, namely:—

(i) in the preparation of applications for leases;

(ii) in the measurement of irrigated lands;

(iii) in recording the names of the occupiers of the holdings;

(iv) in receiving demand statements and distributing to the cultivators the individual notices of assessment;

(v) in attending, when required, at enquiries into complaints;

(vi) in reporting to the Junior Land Reforms Officer any changes in the occupancy of lands under lease; and

(vii) in assisting the tahsildar in collecting rates.

38. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation, which may lie within the boundaries of the leased area subject to a total limit of 3 *per cent.* of the area assessed. The Divisional Canal Officer may disallow in whole or in part this free irrigation, and may issue order to recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 37 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

39. The Divisional Canal Officer and the Officer-in-charge of the revenue collection work shall maintain in their respective offices a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

40. Applicants for lease for *Rabi* irrigation shall from among themselves nominate one having a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 37 and shall be entitled to free irrigation on the same terms as mentioned in rule 38.

Power to decline or cancel leases

41. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be declined or cancelled with effect from the 1st of July next following. The order to decline or cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

42. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistant difficulty in realising the water-rates, until all arrears have been paid.

He may further suspend, or altogether cancel, any lease if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

Present:

Shri S. K. BHATTACHARJEE, Presiding Officer, Second Industrial Tribunal.

Government of West Bengal, in the Labour Department, by order No. 6194-I.R./IR/8L-20/64, dated the 14th November 1964, referred an industrial dispute between Messrs. Kailash Trading Co., and their workmen represented by Howrah Cotton Mills Workers' Union to this Tribunal for adjudication on the following issues:—

Issues

(1) Puja bonus payable in 1962.

(2) Ex-gratia payment for two days on account of bonus payable in 1963.

After receipt of the order of reference notices were issued on the Company as well as the Union. The notices appear to have been duly served and both parties entered appearances before the Tribunal. The Company was represented by its Labour Adviser Shri K. K. Guha and the Union was represented by Shri Patit Paban Pathak. The Union filed written statement but no written statement was filed by the Company even though several opportunities were given and the matter was ultimately posted for ex parte hearing on 6th July 1965, with a direction to issue further notice upon the Company. This notice was received back on 6th July 1965, with an endorsement "Mill closed". Since that time the Union also failed to appear without showing any sufficient cause.

As both parties have failed to appear before the Tribunal without sufficient cause being shown, the Tribunal hereby makes an award under rule 22 of the rules on the footing that the industrial dispute under reference is no longer in existence.

Government of West Bengal, in the Labour Department, by order No. 4594-IR/IR/11L-19/64, dated Calcutta, the 27th October 1965, referred an industrial dispute between Messrs. A.S. Creet and their workmen represented by United Contractors' Workers' Union to this Tribunal for adjudication on the following issue :—

Issue

Whether the termination of service of Sm. Dukhi Bauri is justified? To what relief, if any, is she entitled?

After service of usual notices the company in a letter applied for time but the Union who raised the dispute failed to appear. Since then neither the company nor the Union took any steps and on 31st May 1966 a fresh notice was ordered to be issued on the parties requiring them to show cause why a no dispute award will not be made for their non-appearance without sufficient cause. After service of this notice a compromise petition was received under registered post signed by both parties stating inter alia that the matter has been settled between them and the worker in question has been paid a certain sum of money. The terms of settlement was endorsed by the Vice-President of the Union and the worker also put her thumb impression in the petition. The Manager on behalf of the employer also endorsed the petition, the terms of which appear to be fair and reasonable. The Tribunal therefore sees no reason not to record the petition of compromise which is accordingly accepted and an award is made. Let the petition of comprimise be made part of the award.

AWARD

The present reference under section 10 of the Industrial Disputes Act arises out of the Government of West Bengal, Labour Department, order No. 663/IR/IR/11L-10/66, dated 21st February 1966. The parties to the dispute are Messrs. Issue

Is the termination of service of Shri Kiron Chandra Das with effect from 25th August 1965 justified? To what relief, if any, including relief for unpaid wages from 8th September, 1965, is he entitled?

In this case both the parties appeared. The Union has filed its written statement. 28th June 1966 was fixed for filing written statement of the Company. Today however, both the parties appeared before me with a joint petition of compromise stating that the dispute has been amicably settled on the terms mentioned in the petition. ANNEXURE

In the matter of a complaint under section 33A, Industrial Disputes Act, by Shri Abdul Khalak, Night Line Bearer, 6/e., Bepin Behari Ganguly Street, Calcutta-12, against Messrs. The Great Eastern Hotel Ltd., 1, 2, 3 Old Court House Street, Calcutta-1, (Case No. 101 of 1965).

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

Present :

Shri R. BHATTACHARYA, M.A., LL.B., Judge, Fourth Industrial Tribunal.

For the Workman : Shri Ram Sen.

For the Company : Shri S. C. Sen, Advocate.

This is an application under section 33A of the Industrial Disputes Act filed by Abdul Khalak against its employer the Great Eastern Hotel Ltd. After due notice the opposite party employer appeared in this case and submitted written objection to the petition of the applicant.

In short, the case of the petitioner Abdul Khalak is that he was in the employ of the Great Eastern Hotel Ltd. (hereinafter described as the company) as night line bearer during the pendency of an Industrial Dispute between the company and its workmen referred by the Government of West Bengal to this Tribunal under its Labour Department, order No. 1927-I.R./IR/11L-266/64, dated 29th May 1965. The petitioner was dismissed by the company without holding proper enquiry and without giving him proper opportunity for his self-defence. It has been alleged that no approval of the order of dismissal was obtained and that one month's wages were not offered to him before dismissal. According to the petitioner, the order of dismissal was illegal and unjustified offending section 33 of the Industrial Disputes Act. The petitioner has stated that as he was concerned workmen in the Industrial Dispute mentioned here in before, he has filed the present application for redress.

The opposite party company has challenged the allegations of the petitioner. Its contention is that the application under section 33A of the Industrial Disputes Act is misconceived and not maintainable because the petitioner is not a workman concerned in the dispute mentioned by him. The company has two distinct establishments—one is Hotel and the other is Bakery. The nature of work in these two establishments is not the same. The workmen employed in the Hotel are represented by a union named the Great Eastern Hotel Workers Panchayat, and the workmen in the Bakery are represented by the Great Eastern Hotel Employees and Workers Union. According to the company, the petitioner was employed in the Hotel and was represented by the Great Eastern Hotel Workers Panchayat (hereinafter described as the Panchayat). For the purpose of convenience the Great Eastern Hotel Employees and Workers Union is referred to as Workers' Union. The case of the company is that the dispute mentioned in the order of reference referred to by the petitioner was a dispute between the company and its workmen of the Bakerey establishment which is not connected with the work men of the Hotel establishment. The petitioner was in no way connected with or interested in the order of reference, dated 29th May 1965, and he was nor a concerned workman in that dispute. That disputet had been amicably settled by and between the company and the workmen of Bakery establishment according to the agreement. In short, the company wants to say that as the petitioner had no connection with the reference in question in any way, the company was not bound to follow the section 33(2)(b) of the Industrial Disputes Act in the case of the petitioner while dismissing him from service on the ground of misconduct. The company has further denied other allegations of the petitioner. It has been stated that a charge-sheet was duly issued to the petitioner who submitted his explanation. An enquiry was held in his presence giving him all opportunities for his self-defence. The enquiring officer found the petitioner guilty and the management agreeing with the enquiring officer dismissed the petitioner by a letter, dated 7th October 1965.

On 30th April 1966 when the matter came up fo hearing, it was agreed by both the parties that the jurisdictional point raised by the company should be decided first before going into the merits of th case. The point before the Tribunal for decision as preliminary issue was whether the petitioner was a concerned workman in the industrial dispute referred to this Tribunal by the local government under its Labour Department, order No. 1927-I.R./IR/11L-266/64, dated 29th May 1965 and whether the present application under section 33A of the Industrial Disputes Act is maintainable. On this point the company produced certain documents which were marked exhibits. From the side of the petitioner it was agreed that these documents might be marked and taken in evidence and that their formal proof was waived. The petitioner had no document to be relied upon on this issue. Both the parties agreed that they would not adduce any oral evidence and that they would make their submission and advance their arguments relying on their documents which were marked exhibits. The parties were heard at length.

The main question is whether the petitioner Abdul Khalak was a workman concerned in the dispute arising out of the Government Order, dated 29th May 1965, mentioned above. If he is a concerned workman in the dispute, the present application will be maintainable, otherwise, the petitioner has no case in this proceeding. Certain facts are admitted before me at the time of argument. There is no dispute that Abdul Khalak worked in the Hotel establishment as night line bearer. As a worker in the Hotel establishment he had no duty in the Bakery establishment of the company. The petitioner was dismissed by the company on the allegation of misconduct during the pendency of the reference arising out of Government order No. 1927-IR, dated 29th May 1965. The copy of that order of reference is Ext. A. In this reference the parties were the Great Eastern Hotel Ltd. on the one hand and their workmen represented by the Great Eastern Hotel Employees and Workers Union on the other. The issue for decision was as follows :

Issue

Whether the workmen of the Bakery Section are entitled to service charge ? If so, what should be their precentage ?

That reference was disposed of by this Tribunal by an award, dated 25th October 1965. In that case a joint petition of compromise was filed by the parties and an award was passed on the basis of that compromise. Annexure 'A' to the award which has been marked Ext. C, is the agreement for compromise containing the terms of settlement. The names of the parties mentioned in that Annexure 'A' are the Great Eastern Hotel Ltd. and their workmen in the employ of the Bakery Department of the Great Eastern Hotel Ltd. represented by the Great Eastern Hotel Employees & Workers Union. Ext. B is the memorandum of settlement between the Great Eastern Hotel Ltd. and its workmen as represented by the Great Eastern Hotel Workers Panchait. It is to be noted that there is no dispute before me also that the union by the name of Great Eastern Hotel Workers Panchait represents the workmen employed in the Hotel Establishment of the company whereas the union named "the Great Eastern Hotel Employees & Workers Union" represented the workmen of the Bakery establishment of the company. Exts. B & C supports the contention of the company that it has two distinct and different establishments—one being the Bakery and the other being Hotel, and that the workers of these two different establishments are represented by two different unions. The Panchait represents the workmen of the Hotel Establishment and the Workers Union on the other represents the workmen of the Bakery establishment. I have given my best consideration to Ext. A and I find that in that reference the dispute was between the company on the one hand and their workmen of the Bakery department represented by the Workers Union. The issue mentioned in that order of reference relates to the workmen of Bakery section alone. It is quite clear that the said dispute was raised by the workmen of the Bakery Department of the company represented by the Workers Union. The Panchait or the workmen of the Hotel Establishment of the company did not espouse the cause of the workmen of the Bakery Department and, therefore, the workmen of the Hotel Establishment including Abdul Khalak had no concern or connection with that industrial dispute referred to by the Government under its order, dated 29th May 1965. The award in Ext. C will also show that the Workers Union of the Bakery workmen took active interest and compromised the matter. The workmen of the Hotel Department had nothing to do in that settlement. My attention has been drawn to three case laws reported in 1958 L.L.J. Vol. II at page 67, 1960 L.L.J. Vol. I page 551 and 1964 L.L.J. Vol. II at page 143. I have considered the principles laid down in these cases. The first case is the decision of our Calcutta High Court. In that case an industrial dispute was raised by some members of the Mechanical staff of an establishment and the clerical staff of the same establishment did not raise the dispute. In those circumstances it was held that the members of the clerical staff would not be considered as workmen concerned in the dispute with the meaning of section 33 of the Industrial Disputes Act. The second case is the decision of our Supreme Court. It was held by the Highest Tribunal of our country that there should be no limited construction of section 33 of the Industrial Disputes Act. According to this decision the expression "workmen concerned in such dispute" cannot be limited only to such workmen who are directly concerned with the dispute in questions. This expression includes all workmen on whose behalf the dispute has been raised as well as those who would be bound by the award which may be made in the said dispute. The last case, however, dose not enunciate any new principle. It lays down the duty of the Tribunal to ascertain the nature of the dispute with reference to the order of reference to decide whether or not the provision of section 33(2) (b) of the Industrial Disputes Act has been violated. From the evidence on record and the circumstances before me, I find that none of the workmen of the Hotel Establishment of the company including Abdul Khalak were concerned workmen in the order of reference, dated 29th May 1965. Only the workmen of the Bakery Establishment were concerned workmen, and they were represented by the Workers Union. The Panchait had no concron in that reference. I, therefore, hold that the petitioner Abdul Khalak was not a concerned workman in the dispute arising out of Government of West Bengal, Labour Department, order No. 1927-I.R./IR/11L-266/64, dated 29th May 1965, and, as such, the present application under section 33A of the Industrial Disputes Act filed by him is not maintainable.

In the result, the application fails and the petitioner Abdul Khalak is not entitled to any relief.

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Appearances:

For the Company : Shri B. K. Mukherjee, Labour Advisor, Indian Plastic Federation.

For the Union : Shri K. K. Guha, President of the West Bengal Committee of the Bharatiya Mazdoor Sangha.

Issue

Whether the workmen and their union are entitled to claim any dearness allowance in addition to their existing wages and if so what would be the amount.

AWARD

A reference has been made to this Tribunal under section 10 (2) of the Industrial Disputes Act regarding the question as to whether the workman and the Union are entitled to claim any dearness allowance in addition to their existing wages and if so what should be the amount. For the present purpose it is not necessary to refer to the details of the allegations made in the written statement of the employer and the employees represented by EMCO General Industries Workers' Union. It is sufficient to state a few undisputed facts The employer and employees had entered into an agreement on 23rd May 1963 before the A. L. C. (North) who is the Conciliation Officer. In terms of the agreement the Union was recognised by the employer Messrs. EMCO General Industries and certain revised rates of wages with retrospective effect from 1st January 1963 were agreed to. Another term is that the terms of settlement are to be effective for 3 years from 23rd May 1963 and the Union agreed not to raise or pursue during the operation of the settlement any demand involving directly or indirectly any financial commitment on the part of the Company excepting bonus for 1963 or thereafter. It is also undisputed that the Union raised the question of D. A. by letters, dated 20th August 1964 and 10th September 1964 and that an application under section 10 (2) of the Industrial Disputes Act read with rule 3 of the West Bengal Industrial Disputes Rules was submitted by the parties on or about 4th June 1965 and that thereafter the reference was made by the Government of West Bengal of the question referred to aboveto this Tribunal for adjudication.

Mr. B. K. Mukherjee appearing for the employer had submitted before me that in view of the terms of settlement that the Union representing workmen undertook not to raise or pursue during the operation of settlement any demand involving directly or indirectly any financial commitment on the part of the Company excepting bonus, the Union cannot raise the dispute regarding the D. A. Shri Mukherjee also contended that the application under section 10(2) of the Industrial Disputes Act does not bar the employer from raising this question. Shri K. K. Guha appearing for the Union had submitted that in the written statement the question as formulated by Shri Mukherjee had not been mentioned and therefore the employer cannot raise that question. He has next contended that the only effect of the terms of the agreement mnetioned above is that the recognition of the Union might be withdrawn. He had also submitted that it is not necessary for the Union to terminate the settlement before the Conciliation Officer under section 19(2) of the Industrial Disputes Act.

Before I discuss the contentions of Shri Mukherjee and Shri Guha, I shall consider the question whether the joint application under section 10(2) of Industrial Disputes Act is a bar to the employer from raising the question regarding the invalidity of the reference. Regarding this question Shri Guha made no submission. Shri Mukherjee had referred to the Ruling reported 1961 I, LLJ. P.130 and 1960 I, LLJ, P. 383. In those cases it has been held that an application under section 10(2) of the Industrial Disputes Act does not deprive the party of the right to raise all preliminary objections which it would have right to raise, if the reference was made under section 10(1) (d) or section 12 (5) of the Industrial Disputes Act. Therefore after the reference the employer can raise the objection that the dispute is not an industrial dispute or that the concerned employee is not a workman under section 2(S) of the Industrial Disputes Act. It is therefore clear that inspite of the joint application under section 10(2) of the Act, the employer can raise the question regarding the invalidity of the reference.

I shall now turn to consider the first submission made by Shri Guha. In the written statement of the employer there is no specific objection regarding the invalidity of the reference. But as I have stated above, the facts are undisputed and the question is whether in those circumstances the reference regarding D.A. could validly be made. I do not think therefore that the first contention of Shri Guha can be accepted. Now with regard to second contention of Shri Guha, I do not agree that the only effect of non-compliance of the terms regarding the agreement not to raise or pursue any demand involving financial commitment, directly or indirectly, is that the recognition of the Union will be withdrawn. It is true that term appears under the heading "recognition" (vide agreement Ext A). But if clause 7 of the agreement is read as a whole, it would be clear that the term mentioned above has no connection to the question of recognition of the Union or with the question of withdrawal of the recognition. The second contention is also therefore overruled. With regard the third contention of Shri Guha, it appears that the settlement is to be finding for the period agreed upon and is to be continued to be finding on the parties after the expiry of the period, until the expiry of two months from the dates in which the notice in writing is given by one of the parties showing the intention to terminate the settlement.

In the present case the period of 3 years is to expire on 23rd May 1966 and the reference has been made on 27th September 1965. Therefore even the original period of 3 years had not expired on the date of reference. I think that though the period of 3 years had expired since, settlement is still finding on the parties. I therefore cannot accept the submission of Shri Guha that section 19(2) of the Industrial Disputes Act has no relevance or bearing. I shall now turn to discuss the contention raised by Shri Mukherjee. In my opinion the contention of Shri Mukherjee is well founded and must be given effect to. The settlement before the Conciliation Officer has not been terminated in accordance with the section 19(2) of the Industrial Disputes Act. The Union therefore cannot raise the question of D.A. which directly involves financial commitment on the part of the company. The joint application under section 10(2) of the Act does not amount to an agreement to terminate the settlement. In view of the facts and circumstances mentioned above it appears to me that the reference is not valid.

This is my award.

Present for the Mazdoor Union : Shri Anil Das Choudhury, Advocate.

Present for the Workers' Association : Shri Patit Paban Pathak of the association.

AWARD

In its Labour Department order No. 1632-IR/IR/11L-91(B)/65, dated 4th May 1965, the Government of West Bengal has referred to this Tribunal an industrial disputes with 8 issues between the Marwari Relief Society (Indoor and Outdoor Hospital), hereinafter called the Society, and their workmen represented by the Marwari Relief Society Hospital Workers' Association, hereinafter called Union No.1, and the Marwari Relief Society Mazdoor Union, hereinafter called Union No. 2, for adjudication.

The issues are : (1) Fixation of Grades and Scales of Pay for all categories of workmen. (2) Dearness Allowance. (3) Free quarters or House Rent Allowance. (4) Duty hours. (5) Overtime wages. (6) Special leave on Medical grounds. (7) Maternity leave. (8) Medical facilities.

The two Unions and the Society filed statements, submitted arguments, put in documents but gave no oral evidence. Facts, as are necessary, will be stated when considering each issue.

Issue No. 4 (Duty hours).

Union No. 1 stated that some of the workmen are to work 24 hours a day and have no fixed hours of work. It did not state what should be the duty hours and how they are to be fixed. Union No. 2 stated that the workmen should have 8 hours of duty with one hour recess. The Society stated that it had fixed 8 hours duty for all the workers. This relates to work in a hospital. Question of any recess during duty hours can, and does, not arise. The Tribunal decides that hours of duty of the workmen in the Society should be 8.

Issue No. 3 (Free quarters and house-rent allowance).

Union No. 1 complained that the workmen are not getting either free quarters or house-rent allowance (Para. 12 of its statement). In its Annexure B, it claims Rs. 10 or 10 per cent. of the total emolument as house-rent allowance, whichever is higher, in case no free quarters are given. Union No. 2, stated that each workman should be provided with a free quarter or be paid Rs. 30 monthly, as they, being hospital employees, are required to stay near it and rent there is very high. The Society's reply is that salaries paid include house-rent. There is no evidence that rent of houses near the hospital is higher than elsewhere or that all workers, irrespective of nature of duties, are to live near it. This is issue No. 7 in the adjudication by Shri M. N. Gan in his award, Ext. C. Shri Gan did not grant it in consideration of the financial position of the Society and of Society giving free accommodation to these whose presence is required in the Society's premises. The financial position of the Society, as seen from the Balance Sheets filed, has not undergone any great change that would call for a direction to the Society to pay any fixed amount to all its employees as house-rent. It may be noted that even all commercial establishments have not yet undertaken to provide free quarters or to pay house rent to all its employees. The Tribunal decides this issue in the negative refusing the demands for free quarters or house-rent allowance.

Issue No. 5 (Overtime wages).

The Society does not dispute that a workman, who has to work overtime, has to be paid overtime wages. In paragraph 12 of its statement, the Societys tates that it is paying overtime wages toe ssential service holders. Whoever is made to work overtime have to be given overtime wages; that cannot depend on his service being essential or not. It is not said what services are essential and what not. The Tribunal decides that all workmen should be paid overtime wages if he has to work overtime. This accords with the decision of issue No. 6 of Shri M. M. Gan's award.

Union No. 2 claims overtime wages at 2 times of the daily wages. There is no material showing that over-time that overtime wages in any other hospital are paid at 2 times. The Tribunal decides that it should be one and half times of the ordinary rate of wages paid to other workmen.

Issue No. 6 (Special leave on medical grounds).

The claim on this issue is vague. Union No. 1 states that if any workmen is attacked with T.B. etc., being exposed to such infection for work in hospital, the Society should make special consideration for him. Union No. 2 claims leave with full pay for whole period of such illness. The Society says that it grants 15 days' sick leave with full pay to permanent workmen and no further facility for any illness, whatever its nature, is necessary. The demand of Union No. 2 is too high. So also is the stand of the Society too far from reality. If and when a workman is proved to have been suffering and undergoing treatment or any sickness, such are tuberculosis and leprosy, he should be granted extraordinary leave without pay for a period not exceeding 12 months in the whole service period as is given by Government of West Bengal to its employees in such cases (vide rules 175 and 176 (a) of West Bengal Service Rules, Part I). The Tribunal decides accordingly.

Issue No. 7 (Maternity leave).

The Unions claim maternity leave with full pay for 6 to 8 weeks for the female employees. There are not many female employees. Proportion of female employees to male employees is small. There is no evidence how many of the female employees are married. The Society states that there should be no maternity leave as the employees get sick leave. This submission the Tribunal finds untenable. Sick leave is for sickness. Maternity leave cannot be equated with sick leave. Ext. 3 shows that a permanent female employee of the Calcutta National Medical Institute may get maternity leave up to 6 weeks on full pay. As the burden on this account will not be much, because of fewer number of female employees and because occasions for such leave may still be fewer, the Tribunal decides that the Society may grant to its female employees, up to a maximum of 6 weeks, at its discretion leave on full pay. This also accords with rule 199 of West Bengal Service Rules, Part I.

Issue No. 8 (Medical facilities).

This calls for no revision. Undisputedly, the employees when sick, are treated free of charge by the Society's doctors at the hospital. The Unions demand that the workmen should also be given medicines either free or on nominal charges, and, that hospital beds, when needed, should be given either free or on nominal charges. Union No. 1 claims same for employees' dependents also. The Society states that it gives medicines at concessional rates to all workmen. That should be continued. As for beds, this cannot be allowed. It is too patent that the number of beds in Calcutta hospitals falls far short of the demands of outsiders. To reserve again a few of those for employees and for their dependents would make the situation worse. The Tribunal rejects this demand but directs that the Society should continue the existing facilities, i.e., free medical aid at the hospital and medicines as are served from the hospital at concessional rates, to all its employees.

Issue No. 2 (Dearness allowance).

Dearness allowance was awarded by Shri Gan in his award, Ext C, at Rs. 5 a month on ad hoc basis to all employees from 1st April 1959. Therefore, the claim of the Unions is for its upward revision. There has been rise in prices. So frequent upward revision of D.A. is being made by all Government and commercial establishments. That is to partially neutralise the rise in cost of living. If cost of living index figures are studied steep rise will be noticed.

Union No 1 claims 50 per cent. of basic pay or Rs. 35 whichever is higher. Union No. 2 claims Rs. 35 as Dearness Allowance with provision of increase of Re.1 for each point in rise from the general index of cousumer price index prevailing in December 1964. The Society's reply is that Dearness Allowance is included in salary. This contention is unsound. Dearness Allowance is not included in wages. When salary was fixed Dearness Allowance was not being paid. To allow an increment on the basis of rise in price index will be a burden on the Society. It should be a lump sum for the present, to be taken up for revision in future with the financial position of the Society further improving and dearness continuing same or rising. The Tribunal decides that the Society should give Rs.10 instead of Rs. 5 a month as Dearness Allowance to its employees drawing basic salary between Rs. 31 and Rs. 100 and Rs. 15 instead of Rs. 5 to those drawing above Rs. 100, and Rs. 8 a month instead of Rs. 5 to those drawing below Rs. 30 only.

Issue No. 1 (Fixation of grades and scales of pay for all categories of workmen).

The workmen have been agitating for a long time for fixation of grades and scales. There were two references under section 10 for that before this. The first reference was made in 1959. The second one was in 1961. Shri M. N. Gan in his award on the first reference stated 'I have anxiously considered the question of fixing the grades and scales of pay. Some sort of scales of pay, may no doubt, remove considerable misunderstanding in this direction. But then, the issue on grades and scale of pay fails, not so much on merits but on account of insufficient materials. Further in view of the financial position of the Society, imposition of a heavy financial burden, which is likely to swell from year to year, is not at all advisable, and I do not venture to attempt doing that". Shri P. C. Pal who disposed of the second reference stated "At present grades and scales of pay are not fixed." A time scale of salary gives to the employee the satisfaction of knowing his future. This certainly brings in its train an amount of efficiency. It is unwholesome to keep a man constantly under a whip or sweet will of the employer. It is quite evident that fixation of grades and scales of pay is necessary. Marwari Relief Society was first registered as a Society on 23rd January 1926. It has not only extended its activities but has expanded to a large extent. It has as many as eight departments. It has three hospitals, one in Calcutta, one at Ranchi and the other at Raniganj. It has Naturopathy Department, Dispensing Department and Rasayanshala Department. Besides it has sweetmeat shop and General Department. Enlargement of its activities, no doubt for the good of the people, only proves its financial stability and ability. It is of no consequence as to how the finances are collected for the purpose, i.e., by taking donations or getting contributions or otherwise. It is indisputable that the Society does not render all the services in all its departments free. It sells its goods. It charges, may be not wholly, for its medicines, etc. Upon a reading of the Balance Sheets and Profit and Loss Accounts for several years it is seen that there has beeen gradual, steady and noticeable swelling of its revenue and surpluses. It was rupees 28 lakhs and odd in 1961-62 and became rupees 39 lakhs and odd in 1964-66. It is shown that expenditure has always been over income, the donations and contributions not being taken into account. But that is not a correct mode of studying the financial position. An institution started with the avowed object of doing charitable work by raising subscriptions, contributions and donations intended to meet its expenses certainly not wholly from its income. Study made by Shri P.C. Pal in his award appears to this Tribunal to be correct. The Tribunal is satisfied that the financial position of the Society is sufficiently stable to call for fixation of scales of pay of its in employees in the Calcutta hospital. Time is not yet come for fixing grades.

The next question is what are the categories of employees. In the Charter of Demands, Ext. 1, nine categories are mentioned. In Annexure B of the Union's written statement, 7 are mentioned. Union No. 2 in paragraph 10 of its statement mentions 11. The Society in its statement does not say anything about the categories. It is not said that there are any grades and scales in the salary of the employees. The Unions rely on the wage scales of employees in Calcutta National Medical Institute, Ext. 4, and of employees in the West Bengal Government Health Department hospitals for fixation of the grades and scales. This evidence removes the difficulties that Shri Gan faced in fixing grades and scales. But the Tribunal does not think it proper to adopt wholly either of these scales of pay. Government scales are fixed on an altogether different wider basis and consideration. Government scales are linked up with wage scales of its other employees in other fields. And an institution like Calcutta National Medical Institute is not comparable with this Society in any manner. That institute operates over a much larger area with larger resources and different purposes. It will again be seen that the scales demanded by the Unions at different times have not been yet same always. Upon the materials now available the Tribunal fixes the wage scales as in Annexure 1 of its award.

There is no evidence that there are at present grades among any category of employees in the Society or that grades are necessary to be introduced for beterment of service given by them. The Tribunal does not think that fixation of grades are called for at the moment.

In the result the Tribunal answers the issues as in the proceding paragraphs and awards accordingly.

The Metal Box Company of India Limited, P-48 Hide Road Extension, Calcutta-27, and their workmen represented by Metal Box Workers' Union, 27-B Circular Garden Reach Road, Calcutta-23, the Metal Box Staff Association, C/o The Metal Box Company of India Limited, P-48 Hide Road, Extension, Calcutta-27 and the Metal Box Office Employees' Association, C/o The Metal Box Company of India Limited, P-48 Hide Road Extension, Calcutta-27, to this Tribunal for adjudication.

Issue

> Whether computation of bonus in respecet of the accounting year ending 31st March 1965 payable to the employees is in accordance with the payment of Bonus Ordinance? If not, what should be the quantum of bonus for the employees?

After the service of the usual notice, the three unions mentioned in the order of reference had filed a joint written statement in accordance with the directions of this Tribunal to put in the written statement at first. Thereafter, the company had put in the written statement.

In the written statement submitted on behalf of the three unions, it is stated that the present dispute is in respect of all the categories of employees employed by the company in Calcutta No. 1 factory at P-48 Hide Road Extension, Calcutta-27, and Calcutta No. 2 factory at B-2 Hide Road Extension, Calcutta-43, including their respective factory office and other installations, that the company is a subsidiary of the parent world monopoly organisation named, the Metal Box Co. Overseas Ltd., United Kingdom, and that the company had submitted to the unions, the calculations of bonus alleged to be in accordance with the Payment of Bonus Ordinance. The unions, however, did not accept the calculations inasmuch as the provisions of the Payment of Bonus Ordinance, had not been adhered to in various respect. The unions had raised their objections to the calculations made by the company, in respect of the provisions for grautity, provision for doubtful debts, return on capital reserve created by re-valuation of fixed assets on 1st April 1956, direct taxes payable, development rebate and depreciation, and miscellaneous expenses. It has been submitted that the correct figure of available surplus would be much more than the figure shown in the calculations made by the company.

In the written statement submitted by the company, it is said that the unions mentioned in the order of reference, do not represent the company's employees employed at the head office at 59C Chowringhee Road, Calcutta, or at its Research Department at No. 92 Alipore Road, Calcutta-27, and therefore, the present dispute cannot be regarded to cover the employees employed in the head office, or in the Research Department. It is, however, not denied that the company is a subsidiary of the Metal Box Co. Overseas Ltd., of the United Kingdom, but it is denied that the company at the United Kingdom or this company has any monopoly in the trade. It is further alleged that the company had made calculations of the bonus in accordance with the Payment of Bonus

Ordinance, 1965, and had placed it before the unions and that thereafter, there had been correspondences between the company and the unions. With regard to the provision for gratuity, it has been denied that the said provision for gratuity falls within the expression "any other reserves" and it is said that the amount of 18,38,605 cannot be added back to arrive at the figure of gross profits. With regard to the provision for doubtful debts, the same objection has been raised on behalf of the company. With regard to return on capital reserve created by re-valuation of fixed assets on 1st April 1956, it is said that the assets of the company were properly revalued as on 1st April 1956 in order that the value as appearing in the company's balance-sheet might more nearly correspond to their real value. It is also denied that the capital reserve resulting from the said revaluation is not the actual figure of reserve for the purpose of arriving at the amount of reserve. With regard to direct taxes payable, it is said that the company in preparing its profit and loss account had made provision for bonus to the extent of Rs. 39,70,000. inasmuch as at that time the Payment of Bonus Ordinance had not been promulgated. The company, therefore, was obliged to make provision to the extent of maximum possible liability for bonus upon and ad-hoc basis. As a result of the provision of the Payment of Bonus Ordinance, the gross profit of the company was reduced to a figure in respect of which the provision of rupees one crore and thirty lacs for direct taxes was the proper provision. The company now finds that in accordance with the Payment of Bonus Ordinance, 1965, the amount of allocable surplus would be Rs. 29,98,125. The company also states that in making the calculations, the company has not acted upon the construction of the provisions of the Ordinance most favourable to itself under which direct taxes would have been calculated without any deduction from the profits in respect of bonus. With regard to Development Rebate and Depreciation, it is said that the figures have been computed in accordance with law and the unions are not entitled to discovery or disclosure of details of figures. Similar statement has been made with regard to Miscellaneous Expenses. Lastly, it is said that the workmen of the company are not entitled to get any relief.

Decision

Before I take up for consideration the question regarding the quantum of bonus payable for the accounting year ending 31st March 1965, I would point out that both Shri Ginwalla appearing for the employer and Shri Ram Sen appearing for the unions, had submitted that as the Payment of Bonus Act, 1965, had come into force, the provisions of the Payment of Bonus Act, 1965, are applicable. It has been provided in section 33 of the Act of 1965 that the Act is applicable to all pending disputes regarding bonus for 1962 onwards as on 29th May 1965, and also for the accounting year 1964. Shri Ginwalla and Shri Sen had also pointed out that reference in the issue to the Payment of Bonus Ordinance, 1965, has only been made, because at the time of reference, the Payment of Bonus Act, 1965, had not yet been published in the "Gazette of India". The date of reference is 17th September 1965, and the date of publication in "Gazette of India, Extraordinary" is 25th September 1965. It is, therefore, not necessary to refer to the provisions of the Payment of Bonus Ordinance, 1965, and it is not necessary in the circumstances to decide whether the computation of bonus in respect of the accounting year ending 31st March 1965, payable to the employees, is in accordance with the Payment of Bonus Ordinance. As both parties are agreed regarding this matter, it is not necessary for me to discuss the first part of the issue which has been referred for adjudication.

I shall now start to discuss certain provisions of the Payment of Bonus Act, 1965. Now, in section 2(1) of the Act, it has been provided, inter alia, that in relation to a company, the period in respect of which any profit and loss account of the company laid before it in annual general meeting is made up, whether that period is a year or not and that in any other case, the year is commencing on the 1st of April. There is no dispute that the accounting year in the present case is from 1st April 1964 to 31st March 1965. In section 2(4) of the Act, the allocable surplus has been defined to mean 60 per cent. of the available surplus of an accounting year. In section 2(6) of the Act, available surplus has been defined to mean, available surplus computed under section 5. The provision of section 5 is that the available surplus in respect of any accounting year shall be the gross profits for that year after deducting therefrom the sums referred to in section 6. Regarding gross profits, it has been provided in section 2(18) that it means gross profits calculated under section 4. Under section 4 of the Act, the gross profits are to be calculated in the manner laid down in the Second Schedule of the Act. In section 6 of the Act, the amounts deductable from gross profits had been mentioned. I shall have to discuss the question of deduction later on, and then I shall have to refer in particular to the terms of section 6 of the Act, and also the terms of section 7 of the Act.

From what I have stated above, it is clear that the calculation of gross profits must be in the manner specified in the Second Schedule of the Act. Now the first item in Second Schedule is the Net Profit as per profit and loss account which is Rs. 75,69,291 (vide Exts. A, Y and 2).

The next item shown in Ext. Y and Ext. 2 is the profit on disposal of fixed assets amounting to Rs. 1,09,167 (item No. 4 of the Second Schedule of the Act, vide also Ext. A).

The next item in Ext. 2 and Ext. Y is the provision for bonus to the employees and the amount shown is Rs. 39,70,000. This presumably comes out of the sum of Rs. 3,27,45,322 (Ext. A). The figure mentioned above appears both in Ext. Y and Ext. 2 and therefore the figure may be accepted to be correct. The figure was presumably obtained after deducting the amount of salaries and wages from the total sum of Rs. 3,27,45,322. I need not discuss this item further because no question was really raised regarding the accuracy of the figure.

The next item is depreciation and the figure shown in both Ext. 2 and Ext. Y is Rs. 23,48,226. This amount is also shown in the profit and loss account (Ext. A). There is also no dispute regarding this figure.

The next item is the provision for direct taxes including the provision, if any, for the previous accounting years. Now for the year ending 31st March 1965, the sum of Rs. 1,30,000 has been provided (vide Ext. A, Ext. 2 and Ext. Y). Ext. A further shows that the sum of Rs. 92,50,000 was the provision for tax for the year ending 31st March 1964. The evidence does not make it clear as to how much was provided for tax in the previous accounting year, that is say, accounting year before 31st March 1964. Neither Shri Sen appearing for the unions, nor Shri Ginwalla appearing for the company had referred to the provision for tax made for the accounting year ending 31st March 1964. Presumably, the provision for tax for the accounting year ending 31st March 1965 includes the provision for tax made for the accounting year ending 31st March 1964 and the previous accounting year.

The next item is the bonus paid to the employees in respect of the previous accounting years. The amount shown in both Ext. 2 and Ext. Y is Rs. 53,550. Presumably this figure comes out of the sum of Rs. 2,60,11,973 (vide Ext. A).

The next item is donation in excess of the amount admissible for income tax. The amount in both Ext. 2 and Y, is Rs. 11,000.

Therefore, the gross profit for the accounting year ending 31st March 1965, is Rs. 2,70,61,234. The unions want to add back certain other items. I shall not consider whether the amount shown in those items should or should not be added back.

Before discussing the various items, it is necessary to refer to the meaning of the words "provision" and "reserve". The word 'reserve' has been mentioned in sub-clause (e) of item 2 of section 2 of the Act, but the word 'reserve' itself has not been defined in the Act. According to the plain meaning of the word 'reserve', it means any amount which has been retained in the hands of the management for being paid on a future date. It therefore appears that the amount which has been retained by the management for being paid as gratuity in instalments as and when occasion arises, will go under that reserve referred to in clause (e) of item 2 of schedule II of the Bonus Act. Shri Grinwalla appearing for the employer has submitted that as the large majority of the employers are companies, the word 'reserve' had been used in the Bonus Act in the same sense as in the Companies Act, 1966. I do not think that this part of the submission of Shri Ginwalla can be accepted. The word 'reserve' must be given its plain and dictionary meaning if it has not been defined in the Bonus Act, itself. In this connection, I would refer to section 2(22) of the Payment of Bonus Act. It has been laid down therein that the words and expressions used but not defined in this Act and defined in the Industrial Disputes Act, 1947, shall have the meanings respectively assigned to them in that Act. The word 'reserve' has not been defined even in the Industrial Disputes Act, and therefore, it is not necessary to refer to the Industrial Disputes Act in this regard. There is, however, some indication in the Third Schedule of the Bonus Act, where special provision has been made regarding companies other than a banking company. Of course, there are also provisions regarding banking company, corporation, co-operative society and any other employer not falling under any of the aforesaid categories. For the present purpose, however, it is not necessary to refer to the other types of employers and the provision regarding reserve in respect of them. In the present case, I am concerned with the reserve regarding a company as defined in the Companies Act, 1956. Therefore, though the plain and dictionary meaning of the word 'reserve' might be accepted, certain light might be thrown regarding the meaning of the word 'reserve', by the provisions made in the Indian Companies Act. Shri Ginwalla had referred me to section 211 of the Indian Companies Act which provide for the form and contents of the balance-sheets and the profit and loss account. In that section itself, reference has been made to the form set out in part I of Schedule 6 of that Act. Regarding the preparation of the balance-sheet it has to give a true and fair view of the state of affairs of the company as at the end of the financial year. It has also provided therein that the profit and loss account is to give a true and fair view of the profit and loss of the company for the financial year, and shall be in accordance with the requirements of part II of Schedule 6. I shall now refer to Part I of Schedule 6. There is a heading 'entitled reserve' and 'surplus' and the sub-headings are 'capital reserve', 'capital redemption reserve', 'share premium account' and other reserves specifying the nature of each reserve and amount in respect thereof. It has been also stated that the word "fund" in relation to any other reserve should be used only where such reserve is specifically represented by earmarked investment. In Part II of Schedule 6, it is said that the profit and loss account must show the amounts provided for depreciation, renewals or diminution in the value of fixed assets and must also show the amount reserved for repayment of share capital and repayment of loans (vide para. 3, items IV and VIII). Reference has also been made by the learned Counsel Shri Ginwalla to Part III of Schedule 6. It has been provided, inter alia, that for purposes of I and II of this Schedule, unless the content otherwise requires, the expression "provision" shall, subject to sub-clause 2 of this clause, mean any amount written off or retained by way of providing for depreciation, renewal, or diminution in the value of assets, or retained by way of providing for any known liability of which the amount be determined with substantial accuracy, that the expression "reserve" shall not, subject as aforesaid, include any amount written off or retained by way of providing for depreciation, renewal, or diminution in the value of assets, or retained by way of providing for any known liability and that the expression "capital reserve" shall not include any amount regarded as free for distribution to profit and loss account and the expression "revenue reserve" shall mean any reserve other than the capital reserve. In sub-clause (2) of the same clause, it has been laid down that where any amount written off or retained by way of providing for depreciation, renewal or diminution in the value of assets, not being an amount written off in relation to fixed assets before the commencement of the Act, or any amount retained by way of providing for any known liability, is in excess of the amount which in the opinion of the Directors is reasonably necessary for the purpose, the excess shall be treated for the purpose of this Schedule as a reserve and not as a provision. It was next pointed out that in the present case, the Mercantile system of accounting has been followed, and therefore, the provision has to be made as soon as the liability arises. In this connection, the learned Counsel Shri Ginwalla had referred me to the ruling reported in A.I.R. 1964 S.C. 1766 (I.T. Commissioner, V. S.C. & F. Mills). In that case, their Lordships of the Supreme Court had referred to the rulings reported in A.I.R. 1953 S.C., 187, and A.I.R., 1959 S.C., 116 and had observed that the Mercantile system of accounting brings into credit what is due, immediately after it becomes legally due and before it is actually received and it brings into debit expenditure, the amount for legal liability after it has been incurred and before it is actually disbursed. The question which really arises in that case, is when the liability for the payment of bonus arose. The question felt to be considered in connection with the provisions of section 10(2)(x) and section 10(5) of the Indian Income Tax Act, 1922. It was held by their Lordships that it is only when the claim to profit bonus, if made, is settled amicably, or by industrial adjudication that a liability is incurred by the employer, who follow the mercantile system of accounting, even under section 10(2)(6) read with section 10(5) of Act. The learned Counsel had also referred to the ruling reported in 64 C.W.N. 979=1960 (II) L.L.J., 508 (Bengal Ingot Co. Ltd., v. the Fifth Industrial Tribunal, West Bengal). In that case, it was held that where the Mercantile system of accounting has been followed by a company and has been accepted by the Tribunal, the amount shown as bad debts reserve for the year in question, must be deducated before calculating the available surplus for distribution as bonus to the workmen. Further referring to these authorities and the provisions of the Companies Act, the learned Counsel had argued that really the amounts in respect of gratuity and other matters are really by way of provision and not reserve, and therefore, the amounts, therefore cannot be added back. Before I discuss this matter, I would refer to the book on accountancy by Willian Pickles (III edition), page 184-185. The learned author had referred to the lack of uniformity and looseness in the past in the employment of term reserve and had stated that this had led to the difficulties in the proper understanding of the financial position of the business as shown in the balance-sheets and that the matter has now been considerably clarified by the Companies Act, 1948. He has further observed that, though the requirements of the Act apply only to limited companies, the learned author proposes to deal with the reserves and provisions on the lines of the definitions laid down in the Act. 'Reserves' have been defined to be amounts set aside out of the profits and other surpluses which are not designed to meet any liability or contingency, commitment, or diminution in the value of assets known to exist at the date of the balance-sheet. 'Provisions' have been defined to be amounts set aside out of the profits and other surpluses to provide for—(a) depreciation, renewals, diminution in value of assets, or (b) any known liability of which the amount cannot be determined with substantial accuracy. It has also been observed that any amount set aside for the purposes mentioned in (a) and (b) above in excess of the estimated requirements, must be regarded as the reserve and sums set aside to meet known liabilities of which the amount can be determined with substantial accuracy do not fall within the definition of a provision, and should therefore be described as accruals or accrued liabilities. Lastly, it is observed that the reserves are in effect part of the undisputed profits of the business, and therefore, part of the proprietorship, whereas provisions of accruals are a diminution of the proprietorship in the form of a liability, or diminution of an asset and that the former are broadly appropriations and the latter charges against profits. The English Companies Act, 1948, has been broadly followed in the Indian Companies Act, 1956.

I shall now proceed to consider the different items in order to find out whether the item or items, is or are really reserves or provisions. But before considering the different items, I shall consider a submission which has been made by Mr. Ginwalla appearing for the employer. It is undisputed that the company did compute for the purpose of granting bonus and submitted the computation to the unions. It is further not disputed that at that point of time, objections were raised with regard that provision of gratuity, provision for bad and doubtful debts, and the return on capital reserve. The learned Counsel has suggested in his submission that the unions cannot raise the other questions besides the question relating to three matters mentioned above. I am unable to accept the submission of the learned Counsel. The question before me is whether certain amounts should or should not be added back, and merely because certain objections may not have been raised before the issue as to bonus was referred for adjudication, I do not think that the unions can be precluded from raising those other questions. Whether those objections should at all be upheld is a different matter. Now, the first contention on behalf of the unions is that there is a gratuity reserve to the tune of Rs. 18,38,605. This amount has been shown in Exts. A and 2 and has not been shown in Ext. Y. Ext. A further shows that out of the amount of 18 lacs odd, a sum of Rs. 10 lacs has been set aside as a provision, inasmuch as the scheme for payment of gratuity to the officers was formalised during the year. It is undisputed that the employees other than the officers are getting gratuity from before and that the officers-employees became entitled to the gratuity in accordance with the gratuity scheme from the year 1964 (vide the evidence of O. P. W. I Shri R. R. Verma who is the Chief Cost Accountant of the company). His evidence is that at the time of the introduction of the gratuity scheme, the company found out the total liability and then started providing sums to meet that liability, that in one year the company provided for the sum of Rs. 5 lacs, that in the following year, they provided for the sum of Rs. 10 lacs, and that this year the company made provisions for 5 lacs and in this way, the company tried to make up the liability and that after the company had made a full provision regarding the liability, the company made provisions thereafter only for that particular year. His further evidence is that in the year ending 31st March 1965, the company made a provision for about 7 lacs regarding those employees who are not officers and that the amount required for gratuity payable to the officers is nearer to 12 lacs or about 11½ lacs. Lastly he has said that regarding officers, the company had actually paid gratuity to the officers who had retired the sum of about 1½ lacs, and kept the sum of Rs. 10 lacs as provision for gratuity to the officers. It appears to me that though the payment of about 1½ lacs as gratuity to the officers does not appear in the profit and loss account of balance-sheet, the figure of Rs. 10 lacs as provision for gratuity to the officers is an excessive provision. The company itself had made provisions for 5 lacs to officers in some other years, and therefore, there is no reason why in this particular year, the company should have made provision for 10 lacs for gratuity to the officers. In my opinion, the amount of 5 lacs would be sufficient. Shri R. Sen appearing for the unions had sumbitted to me another calculation after the close of the evidence and in that calculation, the actual payment for the year to the workmen and the officers regarding the gratuity has been shown to be Rs. 2,38,605. This shows that even Shri Sen had accepted the actual payment of certain sum of money to the officers and other employees, and has claimed the balance of Rs. 16 lacs. I think that out of this sum of 16 lacs, provision for future gratuity to the tune of 5 lacs for the officers and 5 lacs for the other employees should be allowed. I have therefore come to the conclusion that there is an excessive provision to the tune of 6 lacs out of the sum of 18 lacs and odd. This amount of 6 lacs should be added back.

The next item which has been disputed on behalf of the unions is the provision of Rs. 50,000 for bad and doubtful debts (vide Exts. A and 2). Shri Ginwalla had submitted that the employer had estimated how much may not be realised and therefore had made a provision for the amount which, in the opinion of the employer, may not be realised from the persons liable to pay the amounts. He had further submitted that under the Bonus Act, the amount of reserve is to be added back and not the amount which is really provision in respect of the sums of money which might not be realised, or in respect of which there is some legitimate doubt whether the amount would be realised or not. The learned Counsel had also referred to the ruling reported in 64 C. W. N., 979—1960(II) L.L.J., 508 (Bengal Ingot Co. Ltd. vs. Fifth Industrial Tribunal). In that case, it was held that where the Mercantile system of accounting has been followed by a company and has been accepted by the Tribunal, the amount shown as bad debts reserve for the year in question, must be deducted before calculating the available surplus for distribution as bonus to the workmen. Shri R. Sen appearing for the Unions had submitted that there is really no evidence regarding the amount of money which is considered by the company doubtful in respect of the realisation. I am unable to agree with Shri Sen. On this point P. W. I Shri Parimal Das Gupta who is the General Secretary of the Metal Box Workers' Union, has said that because there is a provision for bad and doubtful debts, the amount had been added back. O. P. W. I Shri Verma has said that he does not remember the exact figure but the amount of bad and doubtful debts would be about Rs. 2,80,000 odd. He had referred to the certificate (Ext. U-1, dated 20th December 1965) and also the certificate (Ext. U-6, dated 19th March, 1966). Under my direction, the company also filed the list of bad and doubtful debts as at 31st March 1965. The figure mentioned by Shri Verma and appearing in Ext. U-6 is Rs. 2,83,268. This figure also appears in the list which the company has subsequently submitted according to my direction. If the company has made a provision to the tune of 50 thousand rupees out of the total sum mentioned above, I do not think, that it can be said that this amount should be added back. The evidence of O. P. W. I shows that only when any bad debts is considered to be irrecoverable, the company writes off and that he is not in a position to say what amount out of this sum has been declared by the company to be irrecoverable. I therefore cannot agree with Shri Sen that the sum of Rs. 50 thousand should be added back.

I shall now turn to discuss the question of provision for superannuation and gratuity to the Directors. It would appear from Ext. A that the other expenses include Directors' emoluments and that the Directors' emoluments include contribution to the superannuation fund to the tune of Rs. 54,475 and gratuity to the tune of Rs. 59,800. In the chart prepared after the evidence by Shri Sen, the total of these two sums has been added back. I do not think that the expenses regarding the contribution to the superannuation fund and regarding gratuity can be added back. In my opinion, the amounts mentioned above are reasonable, and therefore, no part of it is to be deducted and added back to the profit.

Therefore, it appears to me that only the sum of Rs. 6,00,000 is added back and that nothing to be added back on account of the provision for bad and doubtful debts and on account of the gratuity and contribution to the superannuation fund.

I shall now turn to discuss the deductions. The first item under section 6 of the Bonus Act is the amount by way of depreciation admissible in accordance with the provision of section 32(1) of the

Income Tax. Here the proviso to section 6(a) of the Bonus Act is not applicable. The depreciation as shown in Ext. A is Rs. 23,48,226. At the time of evidence, O.P.W. 1 has said that details have been supplied to the Auditors and according to the certificate of the Auditors (Ext. U-2), the amount of depreciation on fixed assets (including shift allowance) for the year ending 31st March 1965, is Rs. 28,82,261. Shri Sen appearing for the unions has pointed out that there is really no evidence that the amount of depreciation which should be allowed is 28 lacs odd, as subsequently claimed by the company. He has further submitted that the company can only be allowed 23 lacs odd as shown in the balance-sheet and profit and loss account. I think, there is considerable force in the submission of Shri Sen regarding this point. It does not appear that there is any reliable evidence to show that there was really any mistake in calculating the amount of depreciation as shown in the profit and loss account and balance-sheet. In the schedule of fixed assets as at 31st March 1965, different sums has been mentioned on account of depreciation in respect of buildings, machinery and plant, motor cars and lorries, furnitures and fixures and the total sum is the amount mentioned in the profit and loss account. On the basis of the evidence on record, it is difficult to find out how the amount of depreciation regarding the depreciation of fixed assets could be more. I therefore allow a sum of Rs. 23,43,226 under section 6(a) of the Companies Act.

The next item is the amount by way of development rebate or development allowance which the employer is entitled to deduct from its income under the Income Tax Act. The reference presumably is to section 33 and section 34 of the Indian Income Tax Act, 1961. It is unnecessary to discuss the provisions of these sections except to say that the development rebate in respect of the machinery and plant installed before 1st April 1961, is 25 per cent. of the actual cost of the machinery and plant, and in respect of the machinery and plant installed after 1st April 1961, the development rebate is 20 per cent. of the actual cost of the machinery and plant. It is undisputed that under section 6(b) of the Bonus Act, the employer is entitled to get a deduction of the amount by way of development rebate. Shri Sen appearing for the unions did not dispute that some amount is to be deducted from the gross profits. He, however, pointed out that in Ext. A, the development rebate reserve has been shown to be Rs. 7,00,000. He argued that in the circumstances, the company is not entitled to claim the sum of Rs. 9,00,000 on account of development rebate. I think, there is considerable force in the submission of Shri Sen. It is quite true that the certificate (Ext. U) shows that in accordance with the revised opinion of the Auditors the amount of allowance as development rebate for the year ending 31st March 1965, is Rs. 8,87,371. The Auditors themselves had originally stated the amount of allowance of development rebate to be 7 lacs. It appears to me that there is no definite and clear evidence that the amount of development rebate should be higher. The evidence of O.P.W. 1 is that he has made the calculation for the purpose of computation and that so far as the certificate is concerned, the work was done by the secretariat department. The evidence of O.P.W. 1 further is that all the machineries installed have been used, and therefore, the company is claiming the total amounts. The time of installation of particular machinery or machineries, does not appear from the evidence. In Ext. A certain additions regarding the land, building, machinery and plant, motor cars, and lorries and furniture and fixures and certain disposals of machinery and plant, motor cars and lorries, furniture and fixures, have been mentioned. It appears to me that in the circumstances, the amount of Rs. 7 lacs is a proper figure to be allowed on account of development rebate.

The next item is the amount which should be allowed on account of the direct tax. Now, section 6(c) of the Bonus Act says that subject to the provisions of section 7, any direct tax which the employer is liable to pay for the accounting year in respect of its income, profits and gains during that year, should be deducted. Section 7 of the Act says that direct tax payable by the employer for any accounting year, shall, subject to the following provisions, be calculated at the rates applicable to the Income of the employer for that year. It is unnecessary to refer to the provision of sections 6(a) to 6(d) of the Companies Act, inasmuch as they are not applicable. Section 7(e) however, provides that no account shall be taken of any rebate (other than development rebate or development allowance) or credit or relief or deduction (not hereinbefore mentioned in this section) for the payment of any direct tax allowed by any law for the time being in force relating to direct taxes, or under any relevant Annual Finance Act for the development of any industry. Therefore in calculating the amount of tax, the amount of development rebate and the amount of depreciation is to be excluded from the amount in respect of which, the income tax is payable. The figure therefore comes to Rs. 2,46,18,008. The amount for provision for taxation in the profit and loss account is Rs. 1,30,00,000. I need not calculate, because even Shri Sen had granted deduction of the sum of Rs. 1.30 lacs in the final chart which he had submitted after the evidence. On behalf of the company, however, it has been alleged that, though the amoun of Rs. 1.30 lacs has been shown in the profit and loss account, the actual amount payable as direct tax is Rs. 1,36,33,000. It is undisputed that there has been no assessment as yet in respect of the accounting year in question. Shri Ginwalla, however, had submitted that the method least advantageous to the company had been taken in calculating the amount of taxes. In this connection, my attention has been drawn to the two methods of calculation in Exts. V and V-1. It appears to me that even on the basis of the calculation made in Ext. V-1, and on the basis of the figures which have been accepted by me, the total amount of income tax and sur-tax is Rs. 1,45,41,004. This amount ought to be deducted from the gross profits. Shri Ginwalla had raised the question whether the amount of the tax is to be ascertained before or after the deduction of the bonus payable to the employees. I do not think that the tax is to be calculated after ascertaining the amount of bonus payable to the employees. In my opinion, the amount of bonus can only be found out after making deductions of the income tax and other taxes payable in respect of the profits of the company.

There is no dispute regarding the actual dividend on the preference capital to the tune of Rs. 1,50,000. Therefore that amount ought to be deducted. There is, further, no dispute that 8½ per cent. is payable on the equity capital of Rs. 3,22,00,000. The figure comes to Rs. 27,37,000. There is, however, dispute with regard to the amount allowable on the reserve shown in the balance-sheet. The dispute chiefly centres round the capital reserve on account of the re-valuation of the assets. I do not think that I can accept the submission of Shri Sen that the company is not entitled to get 6 per cent. on the capital reserve of Rs. 57,00,151. There is, however, evidence that the capital has been revalued sometime in 1956, and the excess on such revaluation over the book value has been carried to the capital reserve. In Ext. A, the amount of the reserves appears to be Rs. 2,96,72,631. It appears to me that even the capital reserve consequent on revaluation of the assets, must be regarded to be reserve in respect of which the company is entitled to get 6 per cent. The capital reserve is also reserve employed in the business. 6 per cent. of the reserve is Rs. 17,80,358.

I am giving a chart showing the available surplus and the allocable surplus arrived at on the basis of the figures which I have mentioned above.

Regarding the total wage/salary of eligible employees, it appears from Ext. Y that the amount has been shown to be Rs. 2,25,82,447. The figure is admittedly a mistake, because the company had wrongly included the total salary including the salaries of the employees drawing over 750 per month, but below 1,600 per month. The corrected figure would appear in Ext. U-4. It is Rs. 2,22,18,382. This figure includes the amount of salary of employees drawing above Rs. 750 per month, but below 1,600, calculated at the rate of Rs. 750 per month in accordance with the provision of the Bonus Act. Shri Sen told me on my enquiry that he did not dispute this figure appearing in Ext. U-4. Therefore, I accept that figure as the total wage/salary of the eligible employees. The percentage works out at 14.55.

I therefore direct the employer to give bonus to the concerned employees at the percentage 14.55 within one month of the publication of this award in the "Calcutta Gazette". This is my award.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA

Present:

Shri R. BHATTACHARYA, M.A., LL.B.
Judge, Fourth Industrial Tribunal.

In this reference under section 10 of the Industrial Disputes Act the parties are Messrs. New Bengal Engineering Works, 20 Malipanchgharah Street, Lillooah, Howrah, and their workmen represented by the Iron and Steel Workmen's Union, 63 Shiva Gopal Banerji Lane, Ghusury, Howrah. The issues for adjudication are as follows:

Issues

1. Whether the refusal of employment to 31 workmen named in the list attached is justified ? What relief, if any, are they entitled to ?
2. Whether the suspension of Kartick Chandra Pandey, for 13 days from 19th February 1965, Shri Ganesh Chandra Bag for 16 days from 4th March 1965 and Shri Tauhid Khan for 15 days from 1st April 1965 is justified ? What relief, if any, are they entitled to ?
3. Permanency of the temporary workmen.

After service of due notices to the parties written statements were filed from each side. Today was fixed for hearing. It is 12.25 p.m. but the parties do not appear. No reason has been assigned as to why the union or the workmen are absent today. In the circumstances it may be presumed that the industrial disputes under the reference are no longer in existence.

I, therefore, find non-existence of industrial disputes in question, and an award is accordingly passed. The list attached to the order of reference is marked annexure 'A' hereof.

In the matter of an industrial dispute between Messrs. Kamala Sheet Metal Industries Private Ltd., 98 and 99 Beliaghata Main Road, Calcutta-10 and their workmen represented by Kamala Sheet Metal Industries Workers' Union, 75/16 Beliaghata Main Road, Calcutta-10. (Case No. VIII—224/64).

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri S. K. BHATTACHARJEE, Presiding Officer, Second Industrial Tribunal.

By order No. 3713-I.R./I. R./10L-65/64, dated Calcutta, the 22nd August 1964, Government of West Bengal, in the Labour Department, referred an industrial dispute between Messrs. Kamala Sheet Metal industries Private Ltd., and their workmen represented by Kamala Sheet Metal Industries Workers' Union to this Tribunal for adjudication on the following issue :

Issue

> Whether the strike resorted to by the workmen (as per list attached) is justified or not? To what relief, if any, are the workmen entitled ?

After receipt of the order of reference notices were served on both the parties and the company entered appearance through their Labour Adviser Shri K. K. Guha. Subsequently the union also appeared through Shri Tarapada Biswas and prayed for time to file written statement. The union applied for extension of time on the ground that they would move the Government for correcting the terms of reference and although sufficient opportunity was given, no such amended order of reference has been received. Subsequently the union wanted to file written statement on the existing terms of reference but they did not do so even though opportunity was given to them. The company was absent all through and neither party show sufficient cause for their non-appearance. The Tribunal therefore makes an award under rule 22 of the rules on the footing that the industrial dispute under reference is no longer in existence.

Dictated and corrected by me.

In the matter of an industrial dispute existing between Messrs. Godrej Soaps (Private) Ltd., 23/A Netaji Subhas Road, Calcutta-1 and their workmen represented by Godrej Soaps Employees' Union, C/o Federation of Mercantile Employees' Unions, 12A Netaji Subhas Road (1st Floor), Calcutta-1. BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri A. K. DE, District Judge,
Presiding Officer, Fifth Industrial Tribunal.

Present for the Company: Shri D. Bhattacharya of the Company.

Present for the Union: Shri Samar Ghosh of the Union.

These issues arise out of an industrial dispute between Messrs. Godrej Soaps (Private) Ltd., hereinafter called the Company, and their workmen represented by Godrej Soaps Employees' Union, hereinafter called the Union. The matter has been referred to this Tribunal for adjudication under section 10 of the Industrial Disputes Act by the Government of West Bengal, in its Labour Department, order No. 671-I.R./IR/11L-105/64, dated 21st February 1966.

The facts giving rise to this dispute may only be shortly stated—Shri Munshi Shaw was an employee of the Company. On 15th October 1963 he was given a notice asking him to show cause why disciplinary action should not be taken against him for gross misconduct. He replied to it on 18th October 1963. The

Company, not being satisfied with his explanation, decided to hold an enquiry and accordingly gave him a notice. The Company held the enquiry in due course and decided to dismiss him. He was dismissed by a letter, dated 19th December 1963. The Union challanges this dismissal as unjustified and has raised the issue No. 1.

Regarding issue No. 2, the Union stated that Shri Arun Sen was a salesman of the Company. He was retrenched by the Company by a letter, dated 16th December 1961. In April 1964, the Company appointed new salesmen but did not offer him with re-employment. The Union challenges this action of the Company as unjustified.

The Company on being served with notice filed a statement. The Company stated that the dispute over Munshi Shaw was settled in presence of the Conciliation Officer on 15th December 1965 and, therefore, there should not be any adjudication regarding that matter. About the other issue the Company stated that the Company recruited salesmen in 1964 and did not offer re-employment to Shri Sen at that time as he was not a graduate.

The issues are :

(1) Whether the dismissal of Shri Munshi Shaw is justified ? To what relief, if any, is he entitled ?

(2) Whether the management is justified in not offering re-employment to Shri Arun Sen, a retrenched salesman, at the time of subsequently recruiting a salesman for their Calcutta establishment ? What relief, if any, is the workman entitled to ?

Issue No 1. Shri Munshi Shaw was an employee of the Company. He was dsmissed from service by the Company by a letter, Annexure D, to the Unon's statement, on 19th December 1963. It is not disputed that this matter was the subject-matter of conciliation proceedings before Shri D. P. Dutta, Conciliation Officer and Assistant Labour Commissioner, West Bengal. It is not disputed that a settlement was arrived at in that conciliation proceeding. It was a tripartite settlement signed by the employer, the employee and the Conciliation Officer Paragraph 5 of that settlement is that the Company in final settlement of all claims of Shri Munshi Shaw, including his reinstatement, offered payment of a sum of Rs. 200 and the Union agreed to that offer. It is also admitted that in terms of that settlement there had been payment of that sum to the workman by the Company. In view of this it is contended by the learned representative for the Company that the matter is not an industrial dispute which can be adjudicated upon by the Tribunal. learly that is the position in view of the provisions of on 19 of the Industrial Disputes Act. However, the epresentative of the Union contends that he settlement in a hurry on a misapprehension ion that it had nothing to do with the claim nent of Munshi Shaw. Shri S. Ghosh who mo. of settlement on behalf of the workman W 1 and stated as above. It is difficult statement wholly. In para. 13 of the nt in this proceeding it has been stated that in the conciliation proceeding the management refused to consider the case of Munshi Shaw's dismissal. This statement runs counter to the oral testimony of Shri Ghosh at the hearing. The memo. of settlement read as a whole goes to show that the dispute relating to Munshi Shaw's case related also to his dismissal. It is difficult to say that in settling that dispute the Company offered Rs. 200 towards bonus and arrived at the settlement. The words "including reinstatement of Munshi Shaw" in para. 5(1) and para. 5,sub-para. 3 of it clearly leave no doubt that the matter of dismissal of Shri Shaw was considered and settled in that manner. The Tribunal is of the opinion that the dispute which is the subject-matter of issue No. 1 has been finally settled in the conciliation proceeding and is not open to be adjudicated upon in this proceeding. The charge against Shri Shaw was that he misappropriated stock worth Rs. 357.10 nP. belonging to one of the customers of the Company. This conduct was prejudicial to the interest and prestige of the Company. Shri Shaw produced a receipt showing that he actually took stock worth that sum from the said customer and that he repaid that money to them on the following date. The question that remained to be considered in the enquiry against him was whether such misappropriation of stock of the Company's customer was a misconduct. The Company has no certified standing orders. Therefore, in view of the provisions of section 12A of the Industrial Employment (Standing Orders), Act, the Model Standing Orders would be applicable. This is a misconduct under para. 14(B)(ii) of the Model Standing Orders. This amounted to dishonesty in connection with the employers' business. It is not disputed that there was an enquiry and that the workmen attended the said enquiry and he had also one observer with him. The fact constituting the misconduct was not in dispute. The question only was whether that fact constituted misconduct. Therefore it cannot be said that anything vitiated the domestic enquiry. If the question was open for adjudication the Tribunal would have held against the workmen on this issue.

Issue No 2. is not disputed that Arum Sen was a salesman of the Compan yand that he was retrenched by a letter, dated 9th December 1961. He was retrenched in accordance with the definition of the word "retrenchment" in section 2(o) of the Industrial Despute Act. Section 25(H) of the Act provides that the employer shall give opportunity to his retrenched workmen to offer themselves for re-employment. The Company did not offer Shri Sen opportunity to be re-employed in the post which was advertised in the Daily Statesman of March 1963 and April 1964. The advertisements show that the educational qualification for the post as notified was that of a graduate. Shri Sen admittedly was not a graduate. The question is whether the Company was required under section 25(H) to give Shri Sen an opportunity to offer himself for re-employment in that post. The answer must be in the negative. As the post was meant for a graduate it would have been meaningless to offer Shri Sen an opportunity to himself for that post. Therefore the Tribunal is of the view that the management was not required to offer re-employment to Shri Sen in the post advertised in 1963 and 1964. On the other hand, it is noticed that after retrenchment Shri Sen was given an appointment in a temporary post of salesman in 1962, when his qualification suited him for the post. That only shows that the Company intended to comply and, in fact, complied with the requirements of section 25(H) and rule 78 of the West Bengal Industrial Disputes Rules. It is again noticed that Shri Sen by two letters, dated 21st October 1963 and 26th October 1963 requested the Company to transfer his Provident Fund to his new employer. This also clearly made the Company aware that it was no longer necessary to give him any opportunity of re-employment in the Company. Whatever that is, the position is clear that the management was not required to offer re-employment to Shri Sen in the post advertised in 1963 and 1964. Shri Sen is not entitled to any relief.

In the result, the Tribunal decides that the issue No. 1 cannot be adjudicated upon as having been concluded by a settlement in conciliation proceedings, and that the issue No. 2, first part, should be answered in the positive and the second part in the negative.

The Tribunal awards accordingly.

AWARD

This reference arises out of Government of West Bengal, Labour Department, notification No. 501-I. R./I R/11L-6/66, dated 9th February 1966. This relates to an industrial dispute between Messrs. Calcutta Engineering Stores, hereinafter referred to as the Company, and their workmen represented by Barabazar Zamadar Sangha, hereinafter referred to as the Union. This is for adjudication under section 10 of the Industrial Disputes Act.

Both the Company and the Union filed statements, examined witnesses and made submissions.

Facts may be briefly stated. Shri Bali Karan Singh was in the employ of the Company. He was the goods booking clerk. A sum of Rs.300 belonging to the Company was stolen from his pocket on 2nd May 1964. He executed a hand-note for it in December 1964. On 23rd March 1965, the Company demanded payment of the hand-note money. He paid it and asked for return of the hand-note. On that, Shri Probodh Seal assaulted him and Shri Provash, another partner, directed him not to come to work saying that his services stood terminated. Shri Singh immediately reported the matter at Barabazar police station, and as a member of this Union, reported it there. The Union took up the matter with the Labour Commissioner by a letter, dated 26th March 1965. As nothing came out of the conciliation that was started on the Union's letter, this reference was made. The Union prays for reinstatement of the workman and payment of back wages for the period of unemployment from 23rd March 1965.

The Company stated that on and from 23rd March 1965 this workman without any notice did not attend to his duties in the management and wrongfully and illegally absented himself from work. The Company stated that it had not terminated his services but that the workman has wrongfully left the job without notice.

The issue is whether the termination of employment of Shri Bali Karan Singh is justified ? What relief, if any, is he entitled to ?

Shri Bali Karan Singh, an employee of the Company, has not worked in the Company since 23rd March 1965. The Union's case is that the management terminated his services saying that he should not come to work, whereas the Management's case is that the workman himself wrongfully left the job without any notice to the Company. The workman in his evidence stated that Probodh Babu pushed him out of the office where he demanded return of the pro-note and told him that he would not be kept in service. Shri Nemai Seal, one of the partners of the Company, stated that Shri Singh voluntarily left his job from 23rd March 1965. The question is which of the two versions is to be believed. Shri Singh on 23rd March 1965 went to Barabazar police-station and made G.D. No. 3573, Ext. 1, at 3·05 p.m. He stated there that his employer asked him to go away from the firm. He also reported that to his Union on the same day, vide Ext. 2. On that basis, the Union brought it to the notice of the Labour Commissioner by its letter, Ext. 4, dated 26th March 1965. Upon that letter, admittedly there was a conciliation proceeding. It is clear from this that the Company's version that Shri Singh voluntarily quitted the job is not acceptable. It is unlikely that a workman would voluntarily quit the job and would, at the same time on the same day, state as he had said in Exts. 1 and 2. It is to be noted that Provash Babu, who was stated in para. 8 of the Union's statement to have asked Shri Singh not to come to work, did not deny it on dock. Again, if the workman had wrongfully absented himself from his work without notice, the Company was likely to have started a proceeding against him for that and to have dismissed him. Nothing was done. To stop coming to work without notice is not same as voluntarily relinquishing the job. The Teribunal on a consideration of the evidence, therefore, decides that the employment of Shri Singh was terminated by the Company and that the workmandid not voluntarily give up the job.

The next question is whether this termination of employment of Shri Singh was justified or not. No attempt was made to justify it. For, no proceeding was started. No notice of termination was given. The termination of employment was not justified. It is convenient to note here that at the hearing Shri Nemai Seal stated that the Company will have no objection if Shri Singh rejoins his work now. That was also the suggestion given to Shri Singh when he gave his evidence. As the Tribunal has decided that the termination of employment is not justified, the workman is certainly to be reinstated if he reports for work in the Company on any date not later than 7 days from the date of publication of this award.

The Union also prays for payment of back wages from 23rd March 1965 till the date of reinstatement. Ordinarily a workman reinstated gets back his back wages for the period of unemployment. But this case stands on a somewhat different footing. It appears from the evidence of Shri Singh that he was not satisfied with his salary of Rs.66 a month and that he demanded increase of his salary twice, in November 1964 and in December 1964 and that each time, the Company refused to agree to his demand. It is again in the evidence of Shri Nemai, O. P. W. 1. that finding Shri Singh not coming for work, he went on 25th March 1965 in search of him at his residence on Brabourne Road and met him. He further stated that Shri Singh on being asked as to why he was not coming to work, said that he would not work. It does not appear from the evidence that Shri Singh reported for work on any day after 23rd March 1966. At the hearing he examined Shri S. Pandey, P. W. 3, to prove that he and Shri Pandey went to the Company's office on 25th March 1965 and that he was not allowed to work. This part of the evidence, the Tribunal does not find acceptable. In the statement of the Union filed in this proceeding, it was not stated that the Secretary of the Union took the workman to the Company's office on 25th March 1965 to get him re-employed. Had it been true, it would have been so stated. Even in the letter, Ext. 2, dated 26th March 1965, which was written to the Labour Commissioner by the Union, it was not stated that there was any such attempt on 25th March 1965 to reinstate Shri Singh. The Tribunal rejects this part of the Union's case, and it is satisfied that Shri Singh did not come to work on any day after 23rd March 1965 and he cannot get any back wages for any period between 23rd March 1965 and the date of reinstatement. That period will be treated as his absence on leave without pay. There would be no break in his continuity of service because of that.

The Union examined Sadhu Nai, P. W. 4, to prove that the Company asked Shri Singh not to work for them on 23rd March 1965. This evidence does not appear to the Tribunal to be true. Sadhu, P. W. 4, was not in the employ of the Company in March 1965. It was unlikely that he would have chanced to be there at the time of the incident, but the fact remains that the workman reported, that he was refused work, at the thana on the same day, and there is no reliable evidence on the Company's side to the contrary. So, even without the evidence of P. W. 4, the Tribunal has concluded that Shri Singh's service was terminated.

In view of the above conclusion, the Tribunal answers first part of the issue in the negative and directs that the Company reinstates Shri Bali Karan Singh on his reporting for work to the Company on any date not later than 7 (seven) days from the date of the publication of this award.

In the matter of an industrial dispute between Messrs. BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri P. BASU, Bar-at-Law, Judge,
Sixth Industrial Tribunal.

Appearances:

Present for the Union : Shri S. N. Banerjee, Advocate.

Present for the Company : Shri P. P. Ginwalla, Counsel, with Shri D. Basu Thakur, officer of the Bengal Chamber of Commerce and Industry.

The Government of West Bengal, by order No. 4417-I. R./I. R./11L-139(B)/65, dated 15th October 1965, has referred the following industrial dispute between Messrs. Gestetner Duplicator Private Ltd., 114 Middle Road, Entally, Calcutta-14 and their workmen represented by Gestetner Employees' Union, 3B Mullick Dispensary Lane, Bowbazar, Calcutta-12, to this Tribunal for adjudication.

Issue

Whether the dismissal of Shri Pratap Chandra Das is justified ? To what relief, if any, is he entitled ?

After the service of the usual notice, the employer has put in the written statement at first as directed and thereafter the workman represented by the Union had put in the written statement.

In the written statement submitted by the employer it has been alleged that the order of reference is illegal and void, that Shri Pratap Chandra Das was appointed by the Company on 21st November 1948 as a Duro-Print Assistant, that the past record of Shri Das is not satisfactory and that Shri Das had been warned for disobedience in December 1953 and again in December 1962. It is further alleged that about 10 a.m. on 1st May 1964, Shri C. M. Bose, who is the overseer of the Duro-Print Department, was investigating the work of the department and Shri Das started talking in a very loud voice protesting against the investigation. Mr. T. E. Frost, who is the in-charge of the department heard the argument in loud voice and called Shri Das and asked him to behave properly and Shri Das screamed at him saying "you keep quiet". Subsequently when Mr. Frost gave him a gate pass suspending him and ordered him to leave the premises, Shri Das refused to do so. Thereafter Mr. Ball, who is the Assistant Works Manager, had asked Shri Das to leave the factory premises saying that Shri Das had been suspended but Shri Das refused to carry out that order. The Company accordingly issued a charge-sheet on Shri Das on 1st May 1964 and Shri Das gave his explanation on 4th May 1964. As the explanation was not considered satisfactory by the Company, it issued a letter on 4th May 1964 stating that an enquiry would be held regarding the charges. The enquiry was actually held on 15th May 1964. In that enquiry Shri Das was present and was given full opportunity to defend himself and to cross-examine the witnesses on behalf of the Management and to produce his witnesses. Shri Das had participated in the enquiry. The enquiring officer found Shri Das to be guilty of all the charges excepting the charge relating to talking to Shri C. M. Bose in an insubordinate manner. After considering the report and also of the fact whether there were any extenuating circumstances in favour of Shri Das, the Company by its letter, dated 29th May 1964, had dismissed Shri Das from service. Subsequently, the Union, by the letter, dated 10th June 1964, raised the dispute regarding the dispute of Shri Das and several conciliation meetings were held in which the Management produced the relevant documents concerning the disciplinary action taken against Shri Das. The Government did not take any action for a considerable time, presumably because they thought that no further action was called for. In the circumstances it is alleged that the dismissal of Shri Protap Chandra Das is justified and that Shri Das is not entitled to get any relief.

In the written statement submitted on behalf of the Union it is said that the reference is prefectly valid and legal, that Shri Das was appointed by the Company as a Duro-Print Assistant in the Head Office of the Company previously and was transferred with some other workmen to the workshop at Entally for the purpose of victimisation and that Shri Das is a very active member of the Union and became a chief spokesman of these workmen who were transferred to the Entally workshop. It is further stated that the Company never viewed the activities of Shri Das as an active trade unionist with any favour. It is denied that the past record of Shri Das s unsatisfactory. With regard to the warning it is aid that the Company is in the habit of issuing warning etters to the workmen without granting them reasonable opportunity to meet alleged charges and this method of punishment is resorted to by the company mainly for the purpose of victimisation. With regard to the incident of 1st May 1964. it is said that Shri Das did not scream at Mr. T. E. Frost saying "you keep quiet" and did not refuse to leave the factory premises, that while Shri Das was working on his machine, Shri C. M Bose said certain things to Shri Das from his back and that in the loud din and noise of the factory it was impossible to make oneself heard unless one spoke with a loud voice. At the time when discussion between Shri C. M. Bose and Shri Das was going on, Mr. T. E. Frost from a distance intervened thinking there was some trouble. Shri Das went to him and explained that he was not behaving improperly. Mr. Forst then realised that he had committed a mistake in thinking that there was some trouble. Mr. Frost, however, under a false sense of his prestige, refused to correct himself and refused to hear or consider the explanation of Shri Das. In fact, he had used abusive language against Shri Das and Shri Das naturally protested against this unjust and unbecoming treatment. Mr. Frost became very angry at the protest and varbally ordered Shri Das to go out of the premises. Shri Das refused to go out unless he was given the direction in writing. Then Mr. Frost got a gate pass and asked Shri Das to go out with the gate pass. Then Shri Das pointed out that if he went out with a gate pass, then it would be presumed that he did so for his own purpose and voluntarily. Shri Das also demanded an order in writing about the alleged suspension. Ultimately a charge-sheet along with a suspension order was issued to Shri Das and he left the premises. On that very date Shri Das reported the matter in writing to the Secretary of the Union stating in brief the incidents and praying for intervention. The issue of the charge-sheet and the giving of the reply to the charge-sheet are not denied but it is said that with a view to victimise Shri Das and to rescue Mr. Frost from his misdeeds that a perfunctory enquiry was ordered and the enquiry which was held on 15th May 1964, is a perfunctory and sham enquiry, and that Shri Das had, attended the enquiry, he was not given full opportunity to defend himself. Shri Das had submitted a written application praying for being defended by an officer of the Union, but the enquiring officer had refused his prayer. Shri Das wrote another letter on 16th May 1964 mentioning the fact that he had not been allowed to be represented by an official of the Union at the domestic enquiry. The principles of natural justice had also been violated. The finding of the enquiring officer is also perversed. Shri Das also had not been given the copies of the enquiry proceedings. In the circumstances it is said that the order of dismissal of Shri Das is unjustified, illegal and malafide by way of victimisation and an instance of unfair labour practice. With regard to the conciliation proceedings it is said that the company did not produce all the coments before the Conciliation Officer and the conciliation proceeding failed due to the adamant and unreasonable attitude of the company. In the circumstances it is prayed that Shri Protap Chandra Das may be reinstated with full wages from the date of suspension and all benefits including bonus.

Before I proceed to discuss the issue which has been referred for adjudication to this Tribunal, I would point out that the Learned Counsel Shri P. Ginwalla, appearing for the employer, did not press the contention regarding the alleged invalidity of the reference. In this case, admittedly the charge-sheet had been issued and reply to the charge-sheet had been given by the concerned workman. Admittedly again, an enquiry had been held on 15th May 1964 in which Shri Das was present. I shall presently refer to the charge-sheet and the reply. Before I do so, I shall consider the submission which has been made by the learned lawyer Shri S. N. Banerjee, appearing for the Union. There is no dispute that at the time of the enquiry Shri Das did submit a written petition to the enquiring officer praying that he might be allowed to be represented by Shri Amar Kumar Banerjee who is the Vice-President of the Union and that the enquiring officer Shri Mukherjee had refused that prayer. In the enquiry proceeding (Ext. D) the enquiring officer had stated that he had refused permission to Shri Amar Kumar Banerjee, the Union Vice-President, to represent Shri Das but he had made it clear that he would call in any fellow worker to assist or represent him. There is some dispute regarding the later portion—the endorsement of the enquiring officer in the enquiry proceeding but there is no dispute that the enquring officer Shri Mukherjee had refused the prayer of Shri Das that he might be represented in the enquiry proceeding by the Vice-President of the Union Shri Banerjee. Now, Ext. 1 is the letter, dated 15th May 1964, containing the prayer of Shri Das to be represented by the Union Vice-President Shri Banerjee. Ext. 2 is another letter, dated 16th May 1964 in which Shri Das had complained that he had not been allowed to be represented and defended by the Union Vice-President in the departmental enquiry held on 15th May 1964. It appears from the evidence of P. W. 1 Shri Protap Ch. Das that Shri Banerjee (P. W. 3) is not an employee of the Company. The evidence of P. W. 3 shows that the enquring officer Shri Mukherjee told him that he would not allow any outsiders to stay there. It is undisputed that Shri Banerjee is not an employee of the Company. In the letter to the Assistant Labour Commissioner, Ext. H. dated 10th June 1964, O. P. W. 3 has raised the question of the refusal of reasonable opportunity of being defended by Union official against the charge framed by the Company. When the attention of P. W. 3 was drawn to Ext. H, he had stated that he is not a lawyer and therefore, he is not able to put any objection in a legalistic form, but he thinks that he has in a way, stated that Shri Mukherjee had denied assistance by the Union. I do not think the letter Ext. H really shows that the enpuiring officer really denied assistance by the Union by refusing Shri Das to be defended by the Union Vice-President. Even in the written statement (vide paragraph 11) it has not been stated that the enquiring officer had denied the assistance by the union at the time of the enquiry. Before I refer to the other evidence, it is necessary to refer to the Certified Standing Orders, Ext. N. It has been provided that the charge-sheeted workman shall have the option of having a fellow workman to represent him at the time of enquiry but to avail himself of this privilege the worker must appear before the Manager or an Officer appointed by him for the purpose when directed to do so. There is a clear provision in the Standing Orders that the workman to whom the charge-sheet has been issued can be represented by a fellow workman. The Union official, therefore, specially one who is not an employee of the Company, has no right to represent the charge-sheeted workman at the time of enquiry. I do not think, therefore, that the enquiring officer Shri Mukherjee did anything wrong in refusing the prayer of Shri Das that he might be represented by the Union Vice-President

Shri Banerjee who is not an employee of the Company. In this connection I would refer to the ruling reported in 1960 (II), L. L. J., 417 (Brooke Bond, India (P) Ltd., vs. Subbraman). In that case their Lordships of the Supreme Court had held that the refusal by the enquiring officer to the workman being represented at the domestic enquiry by a lawyer or by an outsider would not vitiate the enquiry. In that case one workman was refused permission to be represented by a lawyer and another workman was refused permission to be represented by an outsider at the domestic enquiry. After the refusal of permision those workmen withdrew from the enquiry and the enquiry was held ex-parte and the workmen were found guilty of the charges. In those circumstances their Lordships of the Supreme Court had observed that in a domestic enquiry held by the employer, a workman has no right to be represented by a representative of his trade union, although the employer in his discretion may allow him to be so represented. It was further held that much less can a workman claim to be represented by a counsel or an outsider. I think reference may also be made to the ruling reported in 1962 (II), L. L. J., 228-A. I. R. 1960, S. C., 1914 (N. Kalindi versus Tata Locomotive and Engineering Company Ltd.). In that case their Lordships of the Supreme Court had held that a workman against whom an enquiry has been held by the management, has no right to be represented at such enquiry by a representative of his Union and that it cannot be said that in an enquiry against the workman natural justice demands that he should be represented by a representative of his Union. It is, therefore, settled law that in the domestic enquiry, workman cannot claim that he should be represented by representative of the Union or by an outsider. This is specially so where the Standing Orders itself provide for representation by another workman of the same employer. The contention of the Learned Advocate Shri Banerjee, therefore that the refusal of representation of Shri Das by the Vice-President of the Union amounts to denial of natural justice, cannot be accepted.

I shall turn to discuss as to what has happened after the refusal by the enquiring officer Shri Mukherjee. In the written statement and also in the letters issued after the refusal, it is not stated that the enquiring officer told Shri Das that he can only be represented by another workman working in the same department. The evidence of P.W. 1, therefore,that the Vice-President of the Union requested the enquiring officer that some one from the Head Office might be allowed to be present and that Shri Mukherjee stated that only a co-worker of the same department can be present at the time of the enquiry, cannot be accepted, agree with Shri Ginwalla that the evidence clearly establishes that Shri Mukherjee purported to follow the Standing Orders of the Company and had stated that Shri Das might be represented by another workman at the enquiry. In the circusmtances, I have come to the conclusion that the enquiry cannot be regarded to be unfair enquiry because of the alleged refusal by the enquiring officer in allowing someone (outsider or Union official) to represent Shri Das at the time of the domestic enquiry.

I shall now turn to discuss the evidence regarding the charge-sheet, the reply and the enquiry. The charge-sheet, Ext. A (on admission) is dated 1st of May 1964 and says that Shri Das is charged with the following acts of misconducts:—

On the morning of 1st May 1964 at about 10 a.m. while Mr. C. M. Bose, the overseer, was investigating the work of the department he started talking to him in a loud and insubordinate manner protesting against such investigation. When Mr. Frost, the departmental in-charge, asked him to behave properly he screamed at him saying "that he should keep quiet". Further, when Mr. Frost gave him a gate pass with orders to leave the premises immediately he refused to comply and continued to stay in defying his orders. Even when the Assistant Works Manager asked him to leave the Factory premises since he had been placed under suspension he defied him as well. It is also said that Shri Das was informed that a letter would be issued to him presently. The abovementioned acts of misconducts are alleged to constitute major misdemeanours under section "K", clause 2, items 1, 10 and 11 under the Factory's Standing Orders. The first charge, therefore, is talking in a loud and insubordinate manner to the overseer who is a superior officer. The second charge is that Shri Das asked Mr. Frost to keep quiet when Mr. Frost asked Shri Das to behave properly. Along with the second charge, there is a further charge that Shri Das refused to comply with the order of Mr. Frost who gave him a gate-pass and asked him to leave the premises immediately. The third charge is that Shri Das refused to leave the factory premises when asked by the Assistant Works Manager who informed him that he had been placed under suspension and the letter would be issued to him presently. Now, the Standing Orders Ext. N. provdes in clause 2, item 1, that wilful insubordination or idisobedience of any lawful or reasonable order of a superior, in clause 2, item 10, disorderly or indescent behaviour and in clause 2, item 11, omission of any act subversive of discipline are major misconducts. Mr.Ginwalla, appearing for the employer,as I understand him, had relied on clause 2,items 1 and 11 of the Standing Orders and had referred me to certain rulings to which, I shall refer later. The reply Ext. B is dated 4th May 1964. Regarding the first charge, Shri Das had stated that when he was operating his machine, Mr. C. M. Bose, the overseer, asked him to stop his machine and count the stencils. Shri Das told him that he may stop the machine and count the stencils but the production for the day would fall for which he will be responsible. Shri Das further told him that the counting of stencils were usually done by other employees since operators of machines, like himself, were exclusively responsible for production in the machines. He also said that the above discussion between Mr. Bose and Shri Das was being done in a loud voice, because the sound of running machines in his department made ordinary speech inaudible, and that loud discussion is a normal feature of the department and as such there was no occasion or reason on his part to be insubordinate towards Mr. Bose. Regarding the second charge Shri Das has said that when he and Mr. Bose were talking, Mr. Frost, who is the department in-charge, called and asked him why he was shouting. Shri Das explained to Mr. Frost that he had to answer Mr. Bose in a loud voice in order to make his words audible to him, and that he had no occasion to shout in the manner Mr. Frost had understood. Mr. Frost then became angry and told that he did not care to hear anything from him. When Shri Das again tried to explain the matter, Mr. Frost shouted at him "Don't talk like a bloody rascal. Get out immediately from the office premises." Shri Das had protested against the abuse by Mr. Frost. It is further stated that Shri Das did not scream at Mr Frost in the way alleged against him. Regarding the third charge it is said that after the protest by Shri Das, Mr. Frost went to call in Mr. Ball, the Assistant Works Manager and Mr. Ball came in and directed Shri Das to get out of the office. Shri Das pointed out that he cannot leave office without a written order and then Mr. Ball asked him to wait in the department but directed him not to work. Shri Das was thereafter, given a Show Cause Notice with the order of suspension.

The enquiry proceeding Ext. D contains not only the enquiry proceeding but also the report of the enquiring officer. It would appear that before the enquiring officer Shri Mukherjee, Mr. C. M. Bose, Mr. T. E. Frost, Mr. K. Ball and Mr. Sherazee had been examined on behalf of the Management and Mr. Bose and Mr. Ball had been cross-examined by Shri Das. Shri Das appears to have declined the cross-examination of Mr. Frost ad Mr. Sherazee. Thereafter Shri Das gave a statement saying that he had nothing to add with the reply, that all he wanted is the written order and that the word 'suspension' was written in the gate pass. Thereafter two defence witnesses Shri Anil Kumar Biswas and Shri N. Nandy were examined on behalf of Shri Das. The cross-examination of Shri Biswas and Shri Nandy had been declined. The enquiring officer, after considering the evidence, came to the conclusion that so far as the first charge is concerned, Shri Das is entitled to get the benefit of doubt, inasmuch as due to the rattling of machine, it is necessary to talk a bit loudly. The enquiring officer however, found the second and the third charge to be proved by the evidence of Mr. Frost and Mr. Ball. He has said that considering the entire evidence he is of the opinion that the charge against the workman under 2 and 3 above, namely screaming at Mr. Frost and refusing to leave the factory with the gate pass in defiance of the orders of the Department-in-charge and the Assistant Works Manager, when asked to leave the factory on account of his being placed under suspension, have been proved against Shri Das and that the above acts of misconduct fall under section K, clause 2, items 1, 10 and 11 of the Standing Orders. Afterwards, the Management had issued the order of dismissal on 29th May 1964. Ext. C. Ext. E is dated 26th May 1964 and says that the Director of the Company is of the opinion that the charge had been established at the enquiry and this warrants dismissal of Shri Das from the service of the Company. Mr. Ball was directed to take necessary action in this regard.

I shall now proceed to consider the alleged infirmities regarding the enquiry proceeding and the finding which has been urged before me by Shri Banerjee, appearing for the Union. The first contention is that Mr. Sherazee and Mr. Frost gave evidence before the enquiring officer in English and Shri Das could not follow what they had stated and the enquiring officer did not translate the statements of Mr. Forst and Mr. Sherazee in Bengali. It is contended that therefore Shri Das had been denied the real opportunities of defending himself. I do not think this submission of Shri Banerjee, appearing for the Union, can be accepted. In paragraphs 11 and 12 of the written statement of the Union it has not been stated that as Mr. Frost and Mr. Sherazee had givent he statements in English and as Shri Das could not follow what they had stated, Shri Das did not have any reasonable opportunity to defend himself at the time of the enquiry. It would appear also that the Secretary of the Union had written a letter of 10th of June 1964, Ext. H, regarding the alleged wrongful dismissal of Shri Das from service. It is stated therein that on completion of the departmental enquiry, the Union Secretary understood from Shri Das that he could not do well in the matter of cross-examination and accordingly he was greatly handicapped in defending himself and that he could have obviously the fair chance of defending himself if only the Union assistance was allowed. It is not stated therein that because of the evidence of Mr. Frost and Mr. Sherazee in English had not been translated in Bengali by the enquiring officer, Shri Das was seriously handicapped in the matter of cross-examination of those witnesses. It may be pointed out that Shri Das (P.W.1) in his evidence had said that the enquiring officer told Shri Das that it is not necessary to translate the statements of Mr. Sherazee who may not be cross-examined. What the enquiring officer told Shri Das regarding the statements in English by Mr. Frost, does not appear from the evidence of P.W.1. At the time of cross-examination, P.W.1 has denied that the enquiring officer had read over and explained the recorded statements of Mr. Frost and Mr. Sherazee in Bengali. He has further stated that the enquiring officer told him that it was not necessary to explain in Bengali the statements of these persons and it was also not necessary to put questions to those persons. He had denied that he did not want to put questions to those persons. Regarding this matter O.P.W.1 Shri Mukherjee had stated that he had translated all the statements into Bengali and that it is not correct that though Shri Das had asked to translate the statements of Mr. Frost and Mr. Sherazee into Bengali, he had refused to do so. At the time of cross-examiation O.P.W.1 had stated that he had faithfully recorded everything which had happened in connection with the enquiry and that it is not recorded in the enquiry proceeding that he had translated into Bengali the statements made to him and that he had read over and explained the statements of Mr. Ball to Shri Das or the statements of Mr. Sherazee to Shri Das. I do not think there is any good reason for not accepting the evidence of the enquiring officer Shri Mukherjee. The signature of Shri Das appears in every page of the enquiry proceeding. It is quite true that there is no endorsement that the statements had been read over and explained in Bengali to Shri Das but I do not think that for this reason the evidence of the enquiring officer should be disbelieved. There is an endorsement however, in Ext. D that the proceedings were explained to Shri Das. Shri Ginwalla had also referred me to the ruling reported in 1960 II, L.L.J., 673 (Woodbrairs and Sussex Estates vs. their workers). In that case it was held that there is no obligation on the part of the employer to read over or explain the charge-sheet to a workman in his own language, unless a *bona fide* request. is made to the employer on this behalf by the workman It does appear that there is no obligation on the part of the enquiring officer unless a special request is made to him, to read over and explain the recorded statements to the concerned workman. In fact, in this case however, there has been the reading over and explaining by Mr. Mukherjee to Shri Das. My attention has also been drawn to the ruling reported in 1958 II, L.L.J., 259 S. C. (Union of India vs. T. R. Varma). It was held in that case that in case of conflict between the enquiring proceeding and the evidence before the Tribunal, the recorded enquiry proceeding must be accepted. Their Lordships had proceeded not only on the presumption of correctness of enquiry proceeding but also had given reason why the enquiry proceeding must be regarded to be correct. It appears to me from the facts and circumstances which I have mentioned above that the enquiry proceedings as recorded were entirely correct. The contention therefore that Shri Das had been prejudiced in his defence because the evidence of Mr. Frost and Mr. Sherazee were not explained in Bengali, cannot be accepted. Mr. Banerjee had also submitted before me that Mr. Ball was not examined before the enquiring officer. For the reasons which I have mentioned above, I am of opinion that this contention also cannot be accepted.

The only other contention which Mr. Banerjee has raised on behalf of the Union is that the finding of the enquiring officer is perverse inasmuch as there was really no misconduct either on ground of wilful insubordination or on ground of an act of indiscipline. It was submitted also that though Mr. Frost might not have been cross-examined, Shri Anil Biswas, who was examined on behalf of Shri Das was also not cross-examined on behalf of the Management. I shall take for consideration the last submission first. The evidence of Mr. Frost substantially is that while Mr. C. M. Bose was investigating the question of excessive wetting of stencils for Duro-Print cutting, Shri Das intervened in a loud voice and that Shri Das was called by Mr. Frost and was told that he was talking too loud. Then Shri Das wanted to explain why the argument was loud and Mr. Frost told him that what Mr. Frost wanted to say was that Shri Das was talking too loud and that he was not interested about the subject-matter of the argument which he knew. Thereafter Shri Das screamed at Mr. Frost saying "you keep quiet". Mr. Frost then went to Mr. Ball and reported the matter to him. Therefore a gate pass was made out and Shri Das was asked to quit the factory immediately with the gate pass. It is also the evidence of Mr. Frost that Shri Das had refused to accept the gate pass and go out of the factory stating that he would only take orders from Europeans. Thereafter on being informed Mr. Frost, Mr. Ball again to come into department and asked Shri Das to leave but Shri Das still refused to go out and that Mr. Ball told him that he had been placed under suspension and that a letter will follow. Lastly he has said that Shri Das continued to sit throughout the day and left the factory after the working hours. The evidence of Mr. Biswas is that at the instance of Mr. Bose Shri Das had raised his voice, that on hearing the loud voice, Mr. Frost called Shri Das and asked him why he was talking so loud, that Shri Das was explaining to Mr. Frost the subject-matter of the discussion when Mr. Frost told him something and that then Shri Das told him that he (Mr. Frost) should not talk in that manner. The enquiring officer had not accepted the evidence of Shri Biswas on the ground that Shri Biswas had only heard from Shri R. B. Majumder who was not called as a witness. It is not for him to say whether there was a sufficient ground but the enquring officer certainly can reject the evidence on the ground stated by me. Therefore I cannot accept the submission of Shri Banerjee, appearing on behalf of the Union, that the enquiring officer has not given any reason why he did not accept the evidence of Shri Biswas. With regard to the earlier contention which I have mentioned above, it appears to me that the three incidents mentioned in the charge-sheet are more or less connected with one another. If the enquiring officer found that regarding the first charge, Shri Das was entitled to get benefit of doubt, I do not see how it can be said that Shri Das was not entitled to get the same benefit of doubt with regard to the other two charges. However that may be, I think there is some force to the contention of Shri Banerjee that Mr. Frost had mistakenly thought that Shri Das talking in an insubordinate manner to the superior officer. As I understand Shri Ginwalla, he did not dispute that Mr. Frost might have been mistakenly thinking that Shri Das was talking in an insubordinate manner to his superior officer who has gone to that department for the purpose of investigation. Mr. Frost had reported the matter to Mr. Ball and after discussion with him, had made out a gate pass and asked Shri Das to quit the factory immediately with the gate pass. The evidence of Mr. Ball before the enquiring officer does not show that Mr. Ball heard from Mr. Frost that Shri Das had screamed at him saying "you keep quiet". The evidence as recorded shows that Mr. Frost had reported to Mr. Ball that Shri Das was shouting at him and acting in a most disorderly manner. There is, therefore, discrepancy in the evidence of Mr. Frost and Mr. Ball as to whether Shri Das had really screamed at him saying "you keep quiet". So far as screaming of Shri Das is concerned, the evidence of Mr. Ball does not corroborate the evidence of Mr. Frost. Mr. Ginwalla has argued that corroboration is not necessary. As a general proposition of law, corroboration might not be necessary. It has been laid down in section 134 of the Indian Evidence Act that the Court can come to the conclusion on the basis of the evidence of a simple witness. But where the evidence shows that evidence of the single witness can be corroborated by the evidence of another person, the evidence of a single witness must be corroborated before the evidence can be accepted. This is specially so where there is a denial of screaming at Mr. Frost by Shri Das. But even if it be supposed that Shri Das really screamed at Mr. Frost, I do not think the act of screaming really amounts to wilful insubordination or disobedience of any lawful or reasonable order of the superior or an act subversive of discipline. Even the evidence of Mr. Frost shows that Shri Das was trying to explain the position to him and when Mr. Frost was not willing to hear what Shri Das had to say, Shri Das stated that Mr. Frost should keep quiet. In the report of the enquiring officer, there is no discussion of the evidence of Mr. Ball, in connection with the alleged screaming by Mr. Das. The enquiring officer thought that it is quite natural that Mr. Frost would ask the workman who was admittedly talking loudly to behave himself, and therefore, the enquiring officer accepted the testimony of Mr. Frost that Shri Das screamed at him saying "you keep quiet". I do not see how the enquiring officer came to that conclusion because Mr. Frost does not say in his evidence that he had asked Shri Das to behave himself. So, the finding , so far as that part of charge is concerned, it appears to me, to be perversed.

I shall now turn to discuss the evidence regarding the order to leave the factory with the gate pass. It will convenient to discuss the second part of the second charge and the third charge together. So far as this matter is concerned, it appears from the report that the enquiring officer had negatived the plea of the workman that he wanted a written order before leaving the factory on the ground that the gate pass (included in Ext. D) itself shows the reason for passing order to quit was the suspension of Shri Das. Shri Ginwalla had submitted that the workman cannot insist on written order of suspension and verbal order of suspension by Mr. Ball should have been regarded to be sufficient. He had also pointed out that in the gate pass, itself, suspension has been written as a ground for issuing the gate pass. I am unable to agree with the Learned Counsel. The evidence on behalf of the Management itself shows that Mr. Ball wanted to issue a written order of suspension. It is undisputed that at the time when Shri Das was asked to go out of the factory, no wirtten order of suspension was at all issued to him. The order of suspension appears in Ext. A, which is the charge-sheet. In the circumstances, I do not see how Shri Das could be asked to leave the factory on the basis of the gate pass alone. Shri Das (P.W.1) has explained that gate passes are issued by the Company to a concerned workman who wants to go out for his own business or to go out in connection with the Company's business and the gate passes are not issued for any other reason. Mr. Banerjee, on behalf of the Union, had submitted that if Shri Das had one out of factory with the gate-pass it might be taken that he had gone out for his own business or of his own accord. I do not see how Shri Das could have gone out with the gate pass containing the endorsement 'suspension'. It is only where a formal order of suspension is passed that the concerned may be directed to quit the factory. I therefore think that the enquiring officer came to a perverse finding when he said that the gate-pass with the endorsement of suspensiontatutamount to a written order of suspension and therefore, the order to leave the factory should have been obeyed by Shri Das. It appears to me that the order to leave the factory in the circumstances, is neither a reasonable nor a lawful order and the disobedience of such order cannot amount to wilful insubordination or an act of indiscipline. In this conection I would refer to the ruling reported in 1958 I, L.L.J., 100 (Pannalal vs. Elgin Mills Ltd). The refusal to obey orders "shut up" and "get out" is not wilful idsobedience of lawful andreasonable order of the superior officer and that such orders are neither lawful nor reasonable. Shri Ginwalla had referred me to the rulings reported in 1962 I, L.L.J., 471 (Workmen of Container and Closures Ltd., vs. First Labour Court) and 1960 II, L.L.J., 56, S.C. (Doom Dooma Tea Co. Ltd., vs. Assam Cha Karmachari Sangha). In the first case it was held that shouting of the words "shut up" to the superior officer who asked the workman to behave in a certain fashion is an act of indiscipline. Here the words used were "you keep quiet" I have also referred to the contexts in which those words are alleged to have been used. In the case reported in 1962 I, L.L.J., 471, workman had misbehaved himself and then the superior officer asked him not to behave in that fashion and then the words "shut up" were used. In those circumstances, shouting of the words "shut up" can only be regarded as an act of indiscipline on the part of a workman. In the next case, the superior officer used objectionable language in course of conversation touching the mistake of the workman who then assaulted him. In the domestic enquiry, the workman was found to be guilty of the misconduct viz., riotous conduct in assaulting the superior officer. The facts of the present case is entirely different from the case reported in 1960 II, L.L.J., 56 Here there is no question of any assult of any superior officer. I have, therefore, come to the conclusion that the finding of the enquiring officer that Shri Das is guilty of the second and the third charges is entirely perverse.

I had enquired of the Learned Counsel Shri Ginwalla whether he was going to examine Mr. Frost and Mr. Ball before this Tribunal and Shri Ginwalla had replied in the negative. Therefore, it is not possible for me to come to an independent conclusion on the basis of the evidence before this Tribunal that Shri Das is guilty either of wilful insubordination or disobedience of the order or of an act subversive of discipline. Shri Ginwalla had pointed out that even before this Tribunal P.W.1 Shri Das had admitted that he had refused to leave the factory when asked to do so. I do not agree with the Learned Counsel Shri Ginwalla that this fact itself shows wilful insubordiation or disobedience of lawful and reasonable order of the superior officer or an act subversive of discipline. The evidence will show that Shri Das wanted to leave the factory only after receiving a written order regarding suspension. Therefore, Shri Das did not wilfully disobey any order of the superior officer. He wanted only a written order before he would leave the factory. In fact, it would appear that he had left afterwards on receiving the charge-sheet containing the wirtten order of suspension. It therefore appears to me that even before this Tribunal, there is no evidence regarding the charges numbers 2 and 3.

I have, therefore, come to the conclusion that Shri Protap Chandra Das is entitled to be reinstated in service with full wages for the period of forced unemployment. I have not discussed the evidence regarding the alleged prior misconduct or Shri Das in view of my above conclusion. The employer is therefore directed to reinstate Shri Protap Chandre Das in service with continuity of service and full wages during the period of forced unemloyment, within one month of publication of this award in the "Calcutta Gazette."

This is my award.

ANNEXURE

In the matter of an industrial dispute between Messrs. Shalimar Iron Works, 62 College Ghat Road, P.O Botanical Garden, Howrah, and their workmen represented by National Union of Engineering Workers, 2 Janapara Lane, P.O. Botanical Garden, Howrah. (Case No. VIII-214 of 1965.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri S. K. BHATTACHARJEE, Presiding Officer, Second Industrial Tribunal.

Government of West Bengal, Labour Department, by its order No. 3411-IR-1R/10L/133/65, dated Calcutta, the 9th August 1965, referred an industrial dispute between Messrs. Shalimar Iron Works and their workmen represented by National Union of Engineering Workers to this Tribunal for adjudication on the the following issues :

Issues

1. Permanency.
2. Whether the refusal of employment of the 38 workmen, as per list attached, is justified? What relief, if any, are they entitled to?
3. Wages for the period of lock-out from 15th April 1965 to 24th April 1965.

After the reference was received notices were served upon both the parties and the union in their written statement filed on 13th September 1965 inter alia stated that the company is a flourishing and established engineering concern employing about 205 workmen. They have been violating various labour laws and indulged in unfair labour practice and victimisation. The company failed to implement the interim award of the Seventh Industrial Tribunal before whom the dispute between Engineering Industry and their workmen was referred for adjudication. Said interim award was published on 24th September 1964 whereby dearness allowance was granted to the workers at certain rates. This additional dearness allowance has not been paid by the company. Out of the total labour complement, only 10 workmen were permanent and the company is not extending the benefit to other workmen in order to contravene the provision of the Employees' Provident Fund Act. The workers tried their utmost to have their grievances redressed for a long time but did not succeed. On 12th April 1965 management was alleged to have called Madhusudan Paul, one of the leading workers of the company, in their office, threatened and intimidated him and thereafter forced him to sign a letter of resignation. The workmen of the company felt aggrieved and protested against this action peacefully but the management with some ulterior motive and on the plea that the workmen had gone on illegal strike declared a lock-out on 15th April 1965, which was illegal and unjustified. The management further issued charge-sheets against several workmen making various allegations against them and were trying to run the factory with the help of outside workers even after the lock-out. On 15th April 1965 the workmen of the company received intimation from the Assistant Labour Commissioner, Howrah, about the alleged strike in the factory and they were asked to withdraw the same and to attend a joint conference on 19th April 1965. The workmen denied that there was a strike and pointed out the illegal and unlawful action of the company at the conciliation meeting attended by them but the management re-refused to attend the conference, or sit with the union. The workmen however resumed work as soon as the lock-out was withdrawn at the intervention of officers of the Labour Directorate, Howrah. On 21st April 1965 the workmen submitted a charter of demands which inter alia included wages for the lock-out period and reinstatement of Shri Madhusudan Paul and while those matters were pending conciliation, the company again started to victimise some other workers. Union further alleged that the company illegally discharged and/or refused employment to 38 workman during the pendency of the conciliation proceedings, a list of which was submitted to the officers of the Labour Directorate. The conciliation meetings however were not attended by the representatives of the company and an ex-parte report was sent by the officer of the Labour Directorate to the Government, resulting in the present reference.

The union claimed that all workmen who completed more than 3 months completed service should be made permanent and specific award should be given in this regard. The union further alleged that the refusal to employ 38 whorkmen as per the annexed list without any reason whatsoever during the pendency of the conciliation proceedings and the dispute before the seventh Industrial Tribunal, was illegal, unjustified and in contravention of section 33 of the Industrial Disputes Act and these workmen should be reinstated with full wages for the period of forced unemployment and that the workmen should be also be paid full wages for the period of lock-out i.e. from 15th April 1965 to 24th April 1965 as it was unprovoked, unjustified, illegal and in clear contravention of the provision of the Industrial Disputes Act.

The company in their written statement filed on 12th October 1965 challenged the locus standi of the National Union of Engineering Workers to represent or espouse the cause of the workmen of the company and asserted that they had already entered into an agreement with the Central Howrah United Engineering Workers' Union, 164 Andul Road, Howrah, on 23rd September 1961, which was still in force. The company further contends that the allegations made by the union that the company was violating various labour laws and indulged in various unfair labour practice was beyond the terms of reference and not related to the issue and that the question of interim award was also not related to the issue now pending before the Tribunal. The company further stated that Shri Madhusudan Paul, one of the workers of the company, voluntarily left the service of the company of his own accord and the company paid his dues in full and final settlement as per payment voucher produced by them.

As regards lock-out the company asserts that the officials of the National Union of Engineering Workers' provoked the workers of the company to go on illegal strike and indulged in subversive activities inside the factory premises and with a view to protect the valuable machineries and other properties from sabotage, company had no other alternative but to declare a lock-out from 15th April 1965 to 22nd April 1965. The company accordingly contends that the lock-out on the face of illegal strike is legal and as such there is no contravention of the provisions of the Industrial Disputes Act. The workmen however continued to be on strike even after the withdrawal of the lock-out. The company further maintained that they have got constitutional right to take disciplinary action against delinquent workmen who are alleged to have participated in subversive activities. As for the refusal of employment of 38 workmen the company alleges that the number would be 35 and not 38 and most of these workmen have not turned up or reported for duty or were discharged due to paucity of work and many of them were subsequently provided with employment when they approached the company and were still working.

Regarding the demands of the union, it was contended by the company that the question of permanency arises only when a workman was appointed against a permanent vacancy and that too after he had worked as a probationer for six months. Regarding the refusal of employment, the company contends that the 35 workmen were taken as additional workmen on purely temporary basis to cope with the increased workload of temporary nature and most of the workmen had voluntarily abandoned their services or were discharged due to paucity of work. Regarding demand for payment of wages during the lock-out period, the company asserts that as the workmen went on an illegal strike without any reason and failed to resume their work even when they were persuaded to do so, the management had no other alternative but to declare a lock-out and this was lifted on 23rd April 1965 under instruction of the Assistant Labour Commissioner and the workers did not resume their duty till 25th April 1965 inspite of the lifting of the lock-out. The company accordingly contends that the workers are not entitled to any wages for the lock-out period.

Decision

Issue No. 2—Whether the refusal of employment to 38 workmen as per list attached, is justified? What relief, if any, are they entitled to.

Issue No. 2 is taken up first. This issue resolves itself into three sub-issues, namely, (a) whether Madhusudan Paul was forced or coerced to resign, (b) is the dismissal of Debi Prosad Fadekar justified and (c) whether refusal to employ the remaining workers as per list justified.

As regards Madhusudan Paul, the union's case as that in order to frustrate the just and legitimate demands of the workers, management called Shri Paul, a leading worker to their office on 12th April 1965, threatened and forced him to offer his resignation as a result of which the workers became agitated and they protested peacefully against the action of the management after the working hours. The company's case was that Madhusudan left the service of the company of his own accord and the company has paid him his full dues in final settlement as per payment voucher, which was produced at the time of hearing and marked Ext. D. The endorsement on the back of the voucher is in the handwriting of Shri Paul and signed by him. Madhusudan Paul was examined as a witness in this case on behalf of the union and in his evidence he stated that on 12th April 1965 he was called by the Proprietor in his bungalow and charged with formation of union. He was thereupon directed to receive payment of his wages and was forced to sign a letter of resignation which he did under protest. Thereafter he reported the incident to the workers who assured him that they would do something for him. According to the Works Manager R.R.Singh (O.P.W.1) Madhusudan Paul was supervisor of the Hot Thread Rolling Machine Department. Some concerns were attempting to manufacture screw spikes but they could not obtain the secret of the machine with which it was manufactured. Afterwards the management came to know that Madhushdan Paul was supplying the information to their competitors in regard to these machines. Madhusudan was challenged by O.P.W.2 Lokonath Khaitan and he confessed his guilt. He thereupon requested Lokenath Khaitan not to disclose it as this might adversely affect his future prospects and offered to resign his post. He pleaded for payment of some money in order to start a business of his own and was paid Rs. 1,000 on the very day. According to O.P.W.1 Madhusudan did not make any grievance before him. O.P.W.2 who was a partner of the company also corroborated the story given by O.P.W.1 in his evidence. O.P.W.2 further stated that Madhusudan was a trusted employee and an old worker in the factory. There was no other alternative but to issue charge-sheet against Shri Paul who pleaded for mercy and requested O.P.W.2 that the whole matter be kept secret and he relieved. He prayed for a lump sum of Rs. 1000 to start a business of his own and in the circumstances of the case, O.P.W.2 felt it proper to allow him to resign and paid him Rs. 1000 and the matter was thereupon settled. The payment, according to O.P.W.2. was made in the head office and this is also corroborated by the Cashier of the company Sultan Chand (O.P.W.3) who stated that he made the payment of Rs. 1000 to Shri Madhusudan Paul in his office against the pay voucher on the reverse of which Madhusudan wrote the endorsement Ext D. The witnesses signature however does not appear in the voucher and the cash book has also not been produced. Witnesses examined on behalf of the union failed to proved that there was anything fishy about the resignation of Madhusudan Paul; on the contrary they gave out a somewhat different story. All of them claimed to have heard the matter from Madhusudan and if they really got it from Madhusudan, it does not stand to reason why they should give out a somewhat different version, than that given by Madhusudan himself. According to P.W.2. Madhusudan complained to him on 13th April 1965 that he was coerced and forced to give his thumb impression on a piece of paper whereupon they approached the Manager on the following day over this incident. According to P.W.4 Kashinath Das, Madhusudan was called by the Manager on 12th or 13th and was abused. He was thereafter driven out of the factory and the witness claims to have heard this from Madhusudan himself. Madhusudan does not however corroborate this witness on this point. P.W.5 Sankar Das however stated that Madhusudan was taken to the Manager's bungalow on the 12th April where he was made to sign a letter of resignation. No such letter of resignation was produced nor does Madhusudan speak about it himself. What was produced and accepted by Madhusudan Paul as his handwriting and signature was an endorsement on the back of the pay voucher. Upon this evidence it cannot be held that Madhusudan Paul was really coerced to write or sign the endorsement Ext. D; on the contrary, the story as given out by the management appears to be substantially correct and the witnesses examined on behalf of the workmen cannot be regarded as having given out the true version. The Tribunal is therefore unable to accept the story that Madhusudan was forced or coerced to sign and on a careful consideration of all the materials, Tribunal finds that Madhusudan Paul voluntarily resigned his job as evidenced by the endorsement Ext. D and was paid a sum of Rs. 1,000 in full and final settlement of all his claims. The question of reinstatement of Madhusudan Paul does not therefore arise.

Regarding Debi Prosad Fadekar, neither union nor the management made out any specific case although the dismissal appears to have been made before the reference was received by this Tribunal and long before the union and the company filed their written statements. Fadekar appears to have been charged for fraudulently and in an unauthorised manner issuing certain gate passes to his colleagues on 28th and 29th of April, 1st and 3rd May 1965. The charge-sheet has been marked I. It states that Fadekar fraudulently and unauthorisedly issued gate slips to his colleagues on 28th April 1965, 29th April 1965, 1st May 1965 and 3rd May 1965. It was further stated in the charge-sheet that it was an offence as per the Standing Orders of the company. The company had no Standing Orders of their own. In the absence of any Standing Orders, Model Standing Orders prescribed by the West Bengal Government shall be deemed to be the Standing Orders adopted in that establishment as per the provisions of section 12A of the Industrial Employment (Standing Orders) Act, 1946. Model Standing Orders framed by the State Government in paragraph 14 authorises the management to take disciplinary action against a workman for misconduct, and the appendix to this paragraph mentions the acts and omissions that might be treated as misconduct. As per this list, unauthorised issue of gate slips does not amount to misconduct. Shri Ray, learned Advocate appearing for the company however contended that the enumeration of acts amounting to misconduct in the Model Standing Orders is not exhaustive, but in the absence of any Standing Orders being adopted by the company under the Industrial Employment (Standing Orders) Act, the company must be guided by the Model Standing Orders framed by the West Bengal Government and if they propose to take disciplinary action against any workman on grounds of misconduct it must conform to this list. That being the position, conduct of Fadekar in issuing unauthorised gate slips to his colleagues cannot be said to amount to misconduct entailing his dismissal.

Issue of gate slips has not been disputed or denied by Fadekar in his evidence; he merely stated that there was no enquiry against him and he did not receive any charge-sheet or order of dismissal. The company however produced the report of enquiry against Fadekar which is marked Ext 1/3 wherein Debi Prosad Fadekar was questioned by the enquirying officer and he appears to have admitted the issue of the gate slips. Fadekar however denied that there was any such enquiry in which he participated or was questioned and he also disputed the signature 'Fadekar' in the enquiry report and the charge-sheet that was issued to him. The signatures were marked Z(1) and Z(2) for identification. It however appears from the pay sheets maintained in the company's office and produced before the Tribunal that Fadekar mostly gave his thumb impression and except in the pay sheet for the week ending 17th April 1965 signature of Fadekar does not appear in any of the other pay sheets. This signature however appears to be somewhat different, raising considerable doubt about identity of the man who participated in the enquiry. The management did not examine any one to prove a prima facie case against Fadekar as per charge-sheet given to him and in the absence of the gate slips which certainly existed at the time of enqurey, the enquiry can hardly be regarded as fair or proper in the circumstances of the case.

Moreover an industrial dispute was undoubtedly pending before the Seventh Industrial Tribunal which passed an interim award but the company did not apply for approval of the action taken before that Tribunal. In the absence of such approval, the order of dismissal cannot be said to be effective or operative. The workman of course might have applied under section 33A of the Industrial Disputes Act for setting aside the order but no such application was also made by him. On behalf of the company it was sought to be contended that this Tribunal cannot entertain that question and it is the Seventh Industrial Tribunal before whom an industrial dispute is pending might take action on this issue. When the matter was referred to this Tribunal and when it does not appear that Debi Prosad Fadekar was guilty of misconduct as per the Model Standing Orders, and the enquiry also was not conductedin a proper and fair manner, the order of dismissal in so far as Fadekar is concerned cannot be upheld.

As for the remaining 36 workers the company disputed that there was refusal fo employment of these workmen. Their case as made out in paragraph 14 of the written statement was that these 36 workmen were taken as additional workmen on purely temporary basis to cope with the increased work of purely temporary nature and most of these workmen had voluntarily left their services, or were discharged due to paucity of work. The question of their re-employment according to the company did not therefore arise. The union contended that these workmen were refused employment at a time when the case was pending before the Seventh Industrial Tribunal. If that is so, then application under section 33A of the Industrial Disputes Act should have been made by the workmen but no such application was filed before that Tribunal. It however appears from the papers filed that some of these workmen were working at the date when the reference was made. Their names are Sl. No. 19 Ram Faro, Sl. No. 21, Ramudhar and Sl. No. 25 Tasar Ali. The total number of employees of this company were about 205 of which only 10 were permanent. According to the Works Manager (O.P.W.1) the company employs labour on receipt of orders on temporary and casual basis. It produced two charts Exts L and M series to show labour variation in the company and the list of discharged employees. Chart Ext. L shows approximate fortnightly variation of labour during the period from 2nd September 1964 to 30th December 1965. The maximum number being 161 on 21st September 1964 and the minimum being 77 on 19th October 1965. Madhusudan Paul (P.W.10) in his evidence admitted that the company recruits casual workers every day in the gate and this was their practice. He also admitted in cross-examination that the number of persons that used to work in his department fluctuated. This statement really corroborates the statement made by the Works Manager R.R Singh and having regard to the chart Ext. L showing the labour variation from day to day the company in my view cannot be made responsible for refusal to employ those workers, who are recruited as casual workers from time to time to cope with the pressure of work. It is true that some of these workers mentioned in the list were working from 1964 and one Korban Ali was first appointed on 8th March 1963. This matter however will be discussed when I take up the issue of permanency but the union in my view has not been able to make out a case for reinstatement of workers who are employed on casual basis to cope with the work and it has not been shown that other new entrants were taken in, in preference to the people who had been working in the company from before. That being so, refusal to employ 38 workmen excepting Debi Prasad Fadekar and few others (considered in connection with Issue No.1) is in the opinion of the Tribunal justified.

Issue No. 3—Wages for the period of lock-out from 15th April 1965 to 24th April 1965

The lock-out for the period from 15th April 1965 to 24th April 1965 according to the union was unjustified and illegal, resorted to in clear contravention of the provisions of Industrial Disputes Act and as such the workmen were entitled to get their wages for the period of lock-out. The company, on the other hand, maintained that the lock-out which was forced on them, was declared on 15th April 1965 and was lifted on 23rd April 1965 but the workers did not join their employment and continued on illegal strike till 24th April 1965. The company further contends that the *modus operandi* of the workers was to come at the main gate, enter the precincts of the factory on verbal assurance of doing the work but once they were inside, they staged unwarranted stoppage of work. This went on the 13th April 1965 and 14th April 1965 and on 15th April 1965 the workers similarly entered the factory precincts, became more violent and apprehending sabotage and further disorderly conduct as also threat of violence to the supervisory staff, management had no other alternative but to declare a lock-out under intimation to Labour Commissioner.

The Works Manager (O.P.W.1) in his evidence stated that on 13th Apri the workers came inside the works but did not deposit their token in the Time Office and went on strike. On enquiry they told him that Madhusudan Paul had been removed from service and they would not work till he is reinstated. On the next day the workers again came inside the factory but did not deposit their tokens, assembled at the main gate and started shouting, etc. The witness tried to convince them but they did not pay any heed when he issued a written request to them to resume work. Later Madhusudan Paul was called by the partner inside the factory and he himself tried to persuade the workers to give up his cause as he has resigned voluntarily. The workers refused to resume work and finally left the factory. On the following day they again came inside the factory, behaved wildly and the Manager apprehending trouble had no other alternative but to declare the lock-out. The workers refused to vacate inspite of notice and the police was thereupon called to protect the person and property. These notices have been marked Ext. G series. The witness for the union however denied that there was any strike by them, on the 13th and 14th but from the attendance register and pay sheets produced, it appears that none of these workmen were marked present on 13th or 14th and admittedly they were not paid for those days. The dispute with regard to these two days is not included in the order of reference. So it should be taken that the workers did not attend or work in the factory on the 13th or 14th April 1965. It is true that any matter incidental to the industrial dispute referred to the Tribunal may be gone into and adjudicated upon but if the workers in a body failed to attend the factory on the days immediately preceding the lock-out, the only inference possible in the circumstances is that they staged an illegal and unauthorised strike on those two days. P.W.5. Sankar Das in his evidence stated that they worked on 13th, 14th and 15th April 1965 and the lock-out was declared when they went out for taking their meal at tiffin time. It is an incorrect statement; for according to him Madhusudan was called by the partner at his bungalow on the 12th where he was made to sign a letter of resignation. The workers protested to the Manager, and the trouble arose on the very next day. Consequently the non-attendance on the part of the workers on the 13th and 14th can only be attributed to what may be termed as an illegal *strike*. The witnesses give divergent opinion about the *time* when the lock-out was declared for according to P.W.6 the lock-out was declared at 8-30 a.m. on 15th April 1965 while P.W.5 stated that it was declared after 12 noon when they went to take their meal after attending the morning shift in the factory. P.W.9 Sabir Ali however stated that they were driven out of the factory by the police on 15th at 4-30 p.m. This witness further stated that on the 13th and 14th April 1965 they went to the factory and deposited their tokens. Had the tokens been deposited certainly attendance would have been recorded in the attendance register but this is not to be found. The management, it appears issued as many as two notices on the 13th April, Exts. G and G(1) requiring the workmen to resume their work and two letters addressed to the Assistant Labour Commissioner and Officer-in-charge, Shibpore police-station on the same day intimating them about this illegal strike of the workers. On the 14th April, another notice was issued, a copy of which was sent to District Magistrate, Howrah, Assistant Labour Commissioner, Superintendent of Police, Howrah and Chief Inspector of Factories. On the 15th four notices were issued, copies of which were sent to District Magistrate and other officers. These notices have not been disputed and they would clearly indicate that the workers did not report for duty on the 13th or 14th April 1965 and resorted to what can only be termed as illegal strike. Section 24(3) of the Industrial Disputes Act provides that a lock-out declared in consequence of an illegal strike shall not be deemed to be illegal. That being the position, the lock-out in the instant case cannot be considered to be illegal ond improper. The management lifted the lock-out with effect from 23rd April 1965, immediately on receipt of a directive from the Assistant Labour Commissioner on 22nd April 1965. Their attitude therefore cannot be said to be improper or unjustified and in the circumstances, the Tribunal does not consider it proper to direct the management to reimburse the workmen for the period of lock-out i.e. from 15th April 1965 to 24th April 1965.

Issue No. 1—Permanency

The union in their written statement wanted all the workmen who had completed more than 3 month's continuous service to be made permanent and prayed for a specific faward in favour of the workmen who are entitled to be treated as permanent. The company, in their written statement stated that the case of permanency arises when a workman is taken against a permanent vacancy and as a probationer for six months.

According to P. W. 1 Ram Chandra Singh, Secretary of Shalimar Iron Works Branch Committee of the National Union of Engineering Workers, total number of employees of the company were 205, of whom only 10 were permanent in August 1965. Witness further stated that all the 38 workmen in the list were serving in the company for more than a year and some were in service for over 2-3 years. This statement is also partly corroborated by P. W. 10 Madhusudan Paul. The Works Manager of the company (O. P. W. 1) R. R. Singh in his evidence denied that the company had 205 workers but it is surprising to see that they did not issue any appointment letters to their workers even when a worker was taken on permanent basis. The workers did not get anything in writing from the company. The company verbally informed the worker whenever he was taken in on permanent, temporary or casual basis. These conditions are kept in writing and maintained in the office of the company but those were not produced before the Tribunal. Variation of labour force employed by the company shows that during the period from 22nd May 1965 to 2nd September 1965 average employment was well over 140 whilest during the period from 31st May 1965 to 30th December 1965 the average went below 100. On the basis of this chart showing variation in labour force employed by the company it is not difficult to see that at least 50 per cent. of the average labour employed by the company should have been made permanent. On this point the company has not cared to furnish any figure or statistics. Having regard to all the facts and circumstances of the case and on a careful consideration of the materials that oas been produced before the Tribunal, I consider that 75 workers should be made permanent in this company and the company by not making the workers permanent has tried to avoid the issue and to evade certain liabilities. In fact the company has practically no system of appointing workers against permanent vacancies or on probation. Tribunal accordingly finds that 75 workers should be treated as permanent workers of this establishment. The company wants that the period of probation should be six months wereas the union wants it to be restricted to 3 months. There are however no standing orders in the company at present and the Model Standing Orders which apply in this establishment under section 12A of the Industrial Employment (Standing Orders) Act, 1946, restricted the period of probation to six months. This period of six months in the opinion of the Tribunal is quite reasonable and the Tribunal accordingly fixes the period of probation for six months. After six months continuous service a worker should be made permanent unless he is found unfit. On this basis some of the workmen mentioned in the list attached to the order of reference would be found to have completed six months period before they were discharged. They are Nitai Ch. Dey, Ramthan Mondal, Mata Prosad, Moti Lal, Ram Fare, Abdul Rashid, Ramudhar, Sudhama, Tasar Ali, Shib Shankar, Sankar Das, Kashinath Das and Debi Prosad Fadokar. Of these persons, Ramfare and Tasar Ali were working on the date when the written statement was filed. Subsequently Ramudhar joined on 23rd August 1965 and left on 8th September 1965. Most of these workmen, it is alleged by the company left the service of their own accord. Of these persons, union examined Kashinath, P. W. 4., Sankar Das, P. W. 5, in this case and they denied that they left the service of the company of their own accord. Having regard to the background of the dispute it is difficult to believe that these persons left the service of the company of their own accord.

The Tribunal is therefore unable to accept the contention of the company that these workmen left the employment of the company of their own accord and it follows therefore that Netai Ch. Dey, Ramthan Mondal, Mulia Prosad, Motilal Goala, Abdul Rashid, Ram Fare, Ramudhar, Sudhama, Tasar Ali, Shiv Sankar, Sankar Das and Debi Prosad Fadekar have put in more than six months service and their number comes within the requisite number of the permanent vacancies. They should therefore be regarded as permanent. As the company has not produced any paper or document to show that these persons renderned unsatisfactory service during the period of their employment, they shoud be absorbed as permanent hands in the company and the Tribunal directs that against the cadre of permanent employees these persons should now be absorbed as permanent hand on completion of six months services from the date of their respective appointmento. As for other employees in the list they have not completed the period six months service before their discharge and as they were ostensibly taken against casual vacancies, they are not entitled to be permanently absorbed. The company should take steps to intimate the persons within a fortnight of the publication of this award and if they fail to turn up or report for duty within a reasonable time to be fixed by the company, the company will be at liberty to fill up the permanent post from amongst the other workers who have performed approved service for six months. Should any of these persons offer themselves for being absorbed as permanent hands, the period of their date of discharge and the period of their date of joining will be treated as special leave without pay.

The only other objection taken by the company that remains to be dealt with is that the National Union of Engineering Workers' had no *locus standi* to represent or espouse the cause of the workmen of the company, who had entered into an agreement with the Central Howrah United Engineering Worker's Union, 164 Andul Road, Howrah, on 23rd September 1961 and that agreement is still in force. No papers have been produced to show whether the Central Howrah United Engineering Workers' Union is still functioning or that the agreement still subsisted. P. W. 1 Ram Chandra Singh in his evidence stated that Central Howrah United Engineering Worker's Union ceased to function 2/3 years ago. It is true that Shalimar Iron Works Branch Committee of National Union of Engineering Workers was set up at the time present dispute arose but the union have produced sufficient evidence to prove that majority of the workmen have joined or participated in its activities. At any rate, several witnesses examined in this case who were in the committee of the union are found to be workers or ex-workers of the factory. It is true that the union has not produced any material to show that it is a registered Trade Union but even if it be assumed that it is not a registered Trade Union, P. W. 1. Ram Chandra Singh is certainly an officer of a Trade Union connected with the industry in which these workers are employed and he has been properly authorised by the workmen who are parties to this dispute. The union also produced certain documents to show the membership as also counterfoils of receipts Exts. 4 and 5 series which of course were challenged by the company as manufactured for the purpose of the present dispute. This was denied by the Secretary of the union and *prima facie* there are no materials to disbelieve those documents which appears to have come into existence sometime in April 1965. That being the position, there are no sufficient reason to hold that the union is not in a position to represent the workers and espouse their cause and the objection must therefore fail.

It follows therefore that Issue No. 1 is answered in favour of the union; Issue No. 1 is partly answered favour of the union and partly in favour of the company. Debi Prosad Fadekar whose dismissal was found to be unjustified should be reinstated with full back wages and continuity of service. Issue No. 3 is answered against the union. This is the award of the Tribunal which shall become effective on the expiry of 30 days from the date of it publication in the "Calcutta Gazette" unless otherwise stated in the body of the award.

(2) Dearness Allowance.
(3) Casual leave and Medical leave.
(4) Weekly rest for Chowkidars/Durwans.

After the service of usual notice, the workmen represented by the union filed written statement at first as directed and thereafter the company had put in their written statement.

In the written statement submitted on behalf of the workmen it is stated that the Behar Potteries Ltd. is a very old and very prosperous industry and the company manufactures and sells different qualities of fire bricks, fire cement and other pottery goods and is also manufacturing abrading grains with ceramic bonds. The company employees 70 workmen and the lowest paid worker gets Rs. 1.56 a day or Rs. 40.56 a month. The workers are not paid any separate dearness allowance. The union had submitted a charter of demands on 13th November 1964 to the Manager of the company and also to the Labour Commissioner and the company by the reply, dated 22nd November 1964, stated that the company was not in a position to meet any of the demands because of the alleged continued loss. There had been several conciliation meetings but as the conciliation had failed, the issues had been referred to this Tribunal for adjudication.

Regarding the wages it is said that the lowest paid worker is getting Rs. 1.56 a day and the highest paid worker is getting Rs. 3.50 a day and the monthly paid worker gets a minimum basic of Rs. 30 and a D.A. of Rs. 25 and the highest paid worker gets a basic wage of Rs. 125 and a D.A. of Rs. 25 a month. The darwans mostly get Rs. 43 as the basic wage and Rs. 15 as D.A. Thereafter reference is made to the charter of demands regarding the wages of the different classes of the workers and the wages vary from Rs. 70 for the Choukidar/Darwan and Peon to Rs. 325 for the Store-keeper-cum-Accountant and for the Office Superintendent.

Regarding dearness allowance the union claims that for basic pay up to Rs. 149, the D.A. should be Rs. 22.50, for the basic pay up to Rs. 209, the D.A. should be Rs. 40 and for the basic pay up to Rs. 300, the D.A. should be Rs. 50. Regarding dearness allowance it is further stated that the Hon'ble Minister for Labour had declared on the floor of the House that no industrial worker should get below Rs. 100 per month and the Labour Appellate Tribunal decided that at pre-war level of prices a worker should get Rs. 28 per month and the lowest paid worker is entitled to 100 per cent. neutralisation. Therefore, in the case of living index of 500 points, the lowest paid worker should get a minimum of Rs. 1.40 per month. It is also stated that the average profit of the company for the 5 years from 1955 to 1959 is Rs. 72,655 a year and therefore, this enables the company to increase the wages by Rs. 80 every month, but the demand of the union is only an increase of Rs. 52 per month. Even in Coal, Textile and Engineering Industry in the region, a minimum of Rs. 100 per month is being paid. So far as the minimum is concerned, the capacity to pay is not relevant. Regarding neutralisation, the report of the Fair Wages Committee shows that the employer accepted that 75 to 80 per cent. neutralisation should be granted to the lowest paid workers. It is further stated that incremental scale of pay should be allowed so that the work should be carried on more efficiently and there would be better productivity of labour. Lastly it is stated that the claim is based on on an index of 500 points and that the workers should be compensated at the rate of Re. 1 for every 5 points above 500 points.

Regarding casual leave and medical leave it is said that so far as daily-rated staff is concerned, they do not get any casual leave but only get 7 days' sick leave in a year with full pay. So far as monthly staff is concerned, they are allowed 7 days' casual leave and 7 days' sick leave with full pay. The union demands 12 days' casual leave and 20 days' medical leave for all workmen in a year with full pay.

Regarding weekly rest for choukidars/darwans, it is said that all the workmen are entitled a day weekly rest and that if any workman has to work on a rest day, he is entitled to get double the wages for working on that day. It is further stated that the darwans might be given a weekly day off in batches and if any durwan is to work on weekly rest day, he should be paid overtime wages.

Regarding Attendance Rules it is said that half an hour's grace should be granted and if any workman late for half an hour that should not be recorded. Small delay in attendance is unavoidable and it is a severe punishment to remain suspended for the day. Therefore the grace period should be allowed.

Regarding gratuity it is said that all the workmen should entitled to get gratuity at the rate of 15 days' pay for every year of service in case of resignation or termination by the employer and that gratuity is a long term benefit and the mere fact that there had been loss in a particular year or years, is no ground for denying that retiring benefit to the workmen.

Regarding Uniforms of Choukidars/Darwans and Peons it is said that Uniforms are necessary because these persons had to come in contact with others and also because they are very poor and cannot afford to come in clean dresses before the members of the public.

Regarding discharge of Shri Saktipada Chatterjee, Beli Bauri and Nishodi Mejhan, the union had prayed for reinstatement of these workmen. It is said that Beli Bauri was working since 16th April 1956 and she had taken sick leave from 26th June 1964 to 9th August 1964 and produced Medical Certificate from the Company's Medical Officer. She was only granted leave with pay from 26th June 1964 to 11th July 1964 and when she came to resume work on 10th August 1964, she was not allowed to join and she was asked to report for duty on 13th August 1964. Subsequently she was refused employment from 2nd November 1964 on the plea that she was a temporary workman. Sm. Nishodi Mejhan was appointed on 3rd October 1956 and was on sanctioned leave from 24th July 1964 to 30th July 1964. She appeared on 1st August 1964 but was not allowed to resume her duties. No charge-sheet was issued to her and no letter terminating her service was ever given. These two women are not the juniormost in service and if really they are surplus to the requirement of the company, then others who are juniors to them should have been retrenched. Regarding Shri Saktipada Chatterjee it has been stated that he is an electrician and has been working since 16th November 1964 and drawing a basic salary of Rs. 125 and D.A. Rs. 25. An increase of 10 per cent. was granted to him. The company, however, has not given any reason for his discharge.

In the written statement submitted by the company it is stated that it is a small industry employing only 60 workers and has to face a very keen competition in the market. Though the company is in existence for 37 years, its financial position is very weak and it, therefore, cannot bear any additional financial burden in the form of increased wages and dearness allowance. It has not been able to pay any dividend to the shareholders for the last 4 years and has no reserve fund. The company has given a statement to show the financial position of the company. It is also stated that prices of raw materials had been rising continuously and selling prices of finished goods have been practically stationery during the period of last five years. The workers employed by the company also come from near by villages where they do agricultural works and are not solely dependent on their wages for their living. It is also stated that there had been an award by the Third Industrial Tribunal in 1959 by which the wage structure had been fixed and this wage structure is fair and reasonable and compares favourably with those similar units in the same region. As there has been no material change in the circumstances since the award of 1959, there is really no case for revision of wage structure.

Regarding dearness allowance it is said that in accordance with the direction in the award of the Third Industrial Tribunal, the company had been paying consolidated wages and therefore, there is no question of granting dearness allowance to the workmen. The company is, however, paying dearness allowance in accordance with that award to the monthly-rated staff. That dearness allowance is very fair and reasonable and there are no circumstances requiring revision of the dearness allowance.

Regarding casual leave and medical leave it is said that so far as the daily-rated staff are concerned, they are allowed statutory leave in accordance with section 79 of the Factories' Act and 7 days' sick leave in a year. So far as the monthly-rated staff are concerned they are allowed 15 days' privilege leave in a year, 7 days' casual leave in a year and 7 days' sick leave in a year. There is no practice of granting casual leave to the daily-rated staff and the Third Industrial Tribunal did not extend this benefit to the daily-rated workmen on the ground that the company had to face a very competitive market and other concerns in the locality did not grant any such leave. As there has been no material change in the circumstances, casual leave as prayed for, cannot be granted.

So far as weekly rest of Choukidars/Durwans are concerned, it is said that these persons guard the properties of the company and cannot be allowed to be away for a day. Therefore there is no practice of granting weekly day off to the durwans and choukidars.

Regarding gratuity scheme it is said that in view of the financial condition of the company, it is not possible for it to bear any additional burden. The future prospect is also uncertain.

Regarding the Uniform of Choukidars/Darwans and the Peons, it is said that in view of the financial condition of the company it cannot spend money for Uniforms for show purposes. The factory is also situated at a far off place and outside people very seldom visit the factory.

Regarding Attendance Rules it is said that the company has got the Certified Standing Orders and no laxity can be allowed regarding the rules for attendance of the workmen.

Regarding Shri Saktipada Chatterjee it is said that he was only appointed on temporary basis on 29th October 1963 and his service was terminated on 29th August 1964 on the completion of the work for which he was appointed. Regarding Beli Bauri it is said that she was appointed on 16th April 1958 and began absenting herself without any permission from 12th July 1964 and hence her name has been struck off from the muster roll of the company in accordance with the provision of the Certified Standing Orders. She was again appointed on a temporary basis on 14th August 1964 and her service was terminated on 2nd November 1964 as there was no work. Regarding Sm. Neshodi Mejhan it is said that she was appointed on 4th October 1957 and began absenting herself with effect from 1st August 1964 and hence her name had been struck off from the muster roll of the company. None of these workmen had been victimised for their alleged trade union activities and none of them is entitled to get any relief.

I shall first of all take up for consideration the questions of fixation of basic wages and scales of pay and dearness allowance. Both Shri Singh, appearing for the employer and Shri Phani Ghosh, appearing for the union had taken up these two issues together for consideration. Before I refer to the facts and circumstances bearing on these two issues, it is necessary to refer to certain rulings to which my attention has been drawn by Shri S. R. Singh appearing for the employer. I have been referred to the ruling reported in 1961 I, L.L.J., 663 A.I.R. 1962 S. C., 676 (Air Lines Hotel (P) Ltd. vs. their workmen). In that case it was held by their Lordships of the Supreme Court that wage scale cannot be fixed by the Industrial Tribunal, unless it is satisfied that the employer is capable of bearing the financial burden of increased wages and that except in the industries in which it is compulsorily introduced under the Employees' Provident Fund Act, Provident Fund Scheme in any other concern cannot be directed unless such concern has a capacity to bear the burden. I was also referred to the ruling reported in 1966 I, L.L.J., 1, S.C. (Ahmednagar Mill Owners Association vs. Textile Labour Association). In that case it was laid down that the matters to be considered are, the total capital invested, the extent of business, quantum of profits, the quantum of dividend paid, the number of employees, the standing of the concern in the industry, future prospect, extent of burden and the gradual increase of the burden as a result of the introduction of the wage and wage scales. I think reference should also be made to the rulings reported in A.I.R. 1958, S.C., 578-1961 I, L.L.J., 339 (Express Newspapers (P) Ltd. vs. Union of India) and A.I.R., 1964, S.C., 728= 1964, I, L.L.J., 380 (Workmen of B. L. Company vs. B. L. Company Ltd.). Similar principles have been laid down by their Lordships of the Supreme Court. It has also been laid down in the ruling reported in 1958 I, L.L.J., 1-A.I.R. 1958 S.C., 30 (Messrs. Crown Aluminium Works vs. their workmen) that if an industry is unable to pay to its workmen at least a bare minimum wage, it has no right to exist. As their Lordships have very clearly laid down in the case reported in 1966 I, L.L.J., 1, S.C., the Tribunal is to very carefully consider all the relevant factors before deciding whether there should be any increase in the wages, whether there should be any incremental scale of wages and whether there should be any increase in the dearness allowance or any introduction of dearness allowance where dearness allowance is not being paid. Priciples are very well settled and as I understand Shri P. Ghosh, appearing for the union, he had not disputed them. His contention however was that in the present case, the minimum wages had been demanded and, therefore, the question of the capacity of the industry to pay is not material.

I shall now proceed to discuss the evidence. The balance-sheets Exts. A to A(4) for five years ending up to the end of June 1965 shows that out of the authorised capital of Rs. 15,00,000, and the issued, subscribed and paid up capital is Rs. 7,66,480. Ext. G which is balance-sheet up to 28th February 1966, also shows the same figure. Therefore, fairly substantial amount has been invested in the busines. Shri S. R. Singh for the employer, had pointed out that in all these years, the company had running losses and that it has not been possible to declare dividends. Now, according to the evidence of O.P.W. 1 Shri Gurjar, who is the Secretary of the company, loss for the year 1961-62 is Rs. 2,147, for the year 1962-63 the loss is Rs. 28,606, for the year 1963-64 the loss is Rs. 152, for the year 1964-65, the loss is Rs. 51,267 and from 1st July 1965 to 28th February 1966 the loss is Rs. 43,239. Cross-examination of Shri Gurjar has been declined by Shri P. Ghosh. Now, the balance-sheet Ext. A up to 30th June

1961, shows that there had been profit to the tune of Rs. 37,148.70. The balance-sheet Ext. A(1) up to 30th June 1962 shows that there has been loss to the tune of Rs. 2,146.61 P. It also shows that there had been no dividend for that year. The divided, however, for the previous year is Rs. 19,266. The balance-sheet for the next year Ext. A(2) shows loss for that year for Rs. 16,101.14 P. The figure is much less than the amounts stated by Shri Gurjar. Nothing has been stated regarding the proposed dividend. The balance-sheet for the next year Ext. A(3) shows that the loss is to the tune of Rs. 18,753.16 P. The figure as stated by Shri Gurjar is therefore wrong. Here again, there is no provision for dividend. The balance-sheet for the next year Ext. A(4) shows that the loss for that year is Rs. 51,266.95 P. Ext. G shows that the loss is to the tune of Rs. 43,239.43 P. No doubt, there has been loss in some years but it is settled law that no account should be taken for temporary adversity or temporary boom of the business resulting in excess profit. According to the case of the company, it is carrying on business for 37 years and the evidence discloses that there had been losses only for five years. Presumably, the company had been earning a fairly handsome profits during the previous years. The evidence of Shri Gurjar does not show that the company is trying to close down the business because of the loss in some years. I, therefore, cannot accept the submission of Shri S. R. Singh that because of the losses in the years mentioned above, the Tribunal should not fix even the minimum wages claimed by the workmen. The next argument of Shri Singh is that apart from the question of losses in some years, there is also no future prospect of the company and in this connection he has referred me to the evidence of O.P.W. 1 Shri Gurjar. I do not think the evidence of O.P.W. 1 Shri Gurjar really shows that there is no future prospect of the company. Shri Gurjar had referred to the low level of production, to the rise in the cost of materials and also to the fact that there has been no increase in the price of the finished products. He has not stated that there is really no future prospect of the company and there is no chance of the company ever getting over the difficulties which it was facing for few years. Therefore I do not accept the submission of Shri Singh that the company has no future prospect. As I have mentioned earlier there is no evidence that the company is about to close down its business. I shall now refer to the increase in the prices of the raw materials including coal. On behalf of the Management the documents Exts. L and L (1) had been put in to show that the prices of coal, fireclay and bauxite had increased from 1960 to 1965 (Ext. L). Ext. L(1) shows that the prices of the finished products had remained fairly constant during this period from 1960 to 1965. It is not very clear that why the prices of the finished products could not be raised. Possibly the reason is that if the prices are raised, the products of other companies might be sold and not the products of this company. There is further evidence of O.P.W. 1 that owing to keen competition the stock has accumulated to the extent of 5 lacs. No particular document had been put in to show the extent of accumulation and the written statement of the company also does not show this. I therefore cannot accept the evidence of O.P.W. 1 that huge stocks have been accumulated on account of keen competition. I do not think that I can accept the submission of Shri S. R. Singh that simply because of the prices of raw materials had increased and the prices of finished products had remained constant even the minimum wage scale payable to the employees should not be fixed. Shri Singh next argued that even the wages paid in the comparable industries in the locality are not higher. In this connection he has referred me to the evidence of O.P.W. 2 who is the Factory Manager of the company. O.P.W. 2 has talked about the wages paid by certain factories in the district of Burdwan and in the district of Dhanbad. The wages vary from Rs. 1.60 P. per day for male worker to Rs. 2.75 P. per day for the male worker. So far as female workers are concerned, the wages vary from 1.50 P. per day to Rs. 2.18 per day. The Union Representative Shri P. Ghosh had not cross-examined O.P.W. 2 regarding this matter. The evidence of O.P.W. 1 would show that so far as the present company is concerned, each female worker is paid at the rate of Rs. 1.56 paise per day plus 10 per cent. dear food allowance which effected from 29th October 1964 and each male worker is paid at the rate of 1.81 paise per day plus 10 per cent. dear food allowance from the same date. He has also stated that the payments expecting 10 per cent. dear food allowance are being made in accordance with the award passed in the year 1959. It appears to me that the basic wage of the daily-rated female workers should be Rs. 2 per day and she would continue to get the dear food allowance at the rate of 10 per cent. and that the daily-rated male worker should get Rs. 2.50 P. per day and should continue to get the dear food allowance of 10 per cent. In fixing the wages I have taken into consideration the fact that at any rate, most of these workers resided nearby villages and have some additional sources of income, whatever the amount of the income might be. So far as monthly-rated workers are concerned, the employees have given a chart in the written statement regarding their demand. I give below a chart regarding the basic wages which appears to me to be reasonable having regard to the rise in cost of living index—

	Rs.
(1) Store-keeper-Cum-Accountant ..	275—15—575
(2) Typist and Despatch Clerks ..	125—5—225
(3) Time-Keeper ..	125—5 225
(4) Cashier	150—5—250
(5) Office Superintendent ..	300—15—600
(6) Chowkidars/Durwans & Peons ..	70—1—80—EB—1—85
(7) Unskilled Mazdoor	70—1—80—EB—1—85
(8) Semi-skilled Worker	85—2—95—3—110
(9) Skilled Worker	125—3—131—4—155
(10) Highly Skilled Worker	150—5—175—6—205—7—240

It appears to me that having regard to the rise in cost of living index which is not disputed by Shri S. R. Singh, appearing for the employer since the passing of the last award in 1959, the wages and grades and scales of wages should be revised in accordance with what had been stated above.

Regarding dearness allowance I do not think that any dearness allowance over and above the 10 per cent. dear food allowance granting to the daily-rated staff need to be given. With regard to the monthly-rated staff I do not agree with Shri P. Ghosh that simply because the employers had conceeded at the time of enquiry by the Fair Wage Committee that there ought to be 80 per cent. neutralisation, the dearness allowance should be enhanced at the rates mentioned in the written statement of the employees. I think that it will meet the ends of justice and will be consistent with the facts and circumstances of this case that the dearness allowance is granted at the flat rate of Rs. 30 per month. In fixing the dearness allowance at the rate of Rs. 30 per month, I have taken into consideration the revision of the basic wages and grades and scales of pay which I had mentioned above.

Therefore so far as the grades and scales of pay and the dearness allowance are concerned, the employees are entitled to get the grades and scales of pay and the dearness allowance in accordance with my direction contained above.

I shall now turn to discuss the question of casual leave and medical leave. On this point, Shri S. R. Singh had pointed out that leaves are granted in accordance with the Standing Orders of the company and in the previous award there are also issues regarding these matters. The Standing Orders Ext. 8 (vide paragraphs 8 and 9) show inter alia that the workmen are entitled to get privilege leave of 7 days with pay and 8 days without pay and that the holidays with pay are granted in accordance with the Factories' Act and other holidays are granted in accordance with law, contract, custom and local festivals. It would be appear from the copy of the award which has been field, that the Learned Tribunal Judge had not granted casual leave to the daily-rated workmen but had directed the existing system to continue, presumably, regarding the monthly-rated staff. The Learned Judge had also granted 7 days' sick leave with pay to both monthly-rated and daily-rated staff. So far as these questions are concerned, Shri P. Ghosh appearing for the union, did not want any enhancement of the period of leave. His only submission was that the discrimination regarding monthly-rated and daily-rated staff should be removed. I am unable to agree with him. The work of the daily-rated staff is from day to day and therefore, the question of granting casual leave to the daily-rated staff cannot possibly arise. In my opinion the facility of granting casual leave to the daily-rated staff cannot be allowed. This issue is disposed of accordingly.

Regarding weekly rest of Choukidars/Durwans, the Learned Representative for the Union had submitted that even these persons are entitled to some rest and therefore, there should be allotment of duties by rotation. I do not think this submission can be accepted. It would appear that the durwans have got duties for 8 hours and therefore, they have rest for the rest of the day. It is true that for proper safe-guarding of the properties of the company, durwans should be on duty for 24 hours but presumably some other durwans come on duty after the expiry of duty period of one durwan. I do not think it is necessary for me to say whether the durwans should get overtime wages, if they are made to work for more than the duty period. This issue is disposed of accordingly.

Regarding attendance rules, it is very necessary to ensure proper production in the factory that all the employees should attend punctually and regularly. It has been provided in paragraph 7 of the Standing Orders that all workmen should be at work at the time fixed and notified under para. 3, that workmen attending late may be warned in writing and if it is observed that it is a habitual late attendance the workmen may be suspended from work only for the day on which his or her late attendance is marked out. In my opinion the provision of the Standing Orders are really very reasonable and proper. Shri P. Ghosh had submitted that in case of accidental late attendance, the workmen are suspended for the rest of the day and that there should be a grace period of say, half an hour, and the workmen turning up within half an hour from the time of starting of work, should be allowed to do so. I am unable to agree with this submission of Shri P. Ghosh. If any grace period is allowed as suggested, the workmen would acquire the habit of turning up late with the result that the full work of the day would not be done. I have, therefore, come to the conclusion that no change is necessary in the attendance rules of the company. This issue is disposed of accordingly.

Regarding the question of gratuity, Shri P. Ghosh had submitted that this is a long-term scheme and, therefore, some money may be set apart each year and that in this regard, the loss or profit for a particular year does not matter. Shri S. R. Singh, appearing for the employer, had submitted that the financial condition must be sound before the scheme of retiring gratuity can be introduced. He had further submitted that in view of the losses for several years the scheme for retiring gratuity cannot now be introduced. Shri Singh has referred me to the ruling reported in 1963 II, L.L.J., 426, S.C. (Akola Electric Supply Company vs. Jarare). In that case, their Lordships of Supreme Court had held that the financial condition of the company, its profit making capacity, the profits earned by it in the past, the extent of reserve and the chances of replenishing of them, as well as the claim for capital invested by it are the factors to be considered. In my opinion, in view of the present condition of the company, the scheme of retiring gratuity cannot be introduced. The question of introduction of the scheme of retiring gratuity might be considered at some future suitable time. This issue is disposed of accordingly.

Regarding the uniforms for chowkidars/durwans and the peons, Shri P. Ghosh in fact, had advanced no argument except saying that these persons are very poorly paid and can hardly afford proper and suitable clothes. I do not think that this question of giving uniform to these persons can really be decided in view of the financial condition of the company. It is not disputed that in view of the financial condition of the company at the present moment, provision regarding uniform for these persons would be an additional burden. In my opinion, such additional burden should not be imposed on the company. I am further of opinion, that the company being situated in rather far off place the provision for uniform, really for show purposes, is not required. Therefore this issue is disposed of accordingly.

I shall now turn to discuss the remaining issue regarding the discharge of Shri Saktipada Chatterji, Sm. Beli Bauri and Sm. Nisodi Mejhan. It will be convenient to take up the cases of these persons separately. Before I discuss the facts and circumstances relating to each person mentioned above, I would point out that excepting Saktipada Chatterjee, Shri P. Ghosh did not examine the other two persons mentioned in the order of reference.

Regarding Shri Saktipada Chatterjee it is admitted on both sides that he was an electrician under the company and the letter of appointment has been issued (Ext. E). This is dated 18th October 1963 and shows that he was directed to join before the Puja holidays. P.W. 1 Shri Saktipada Chatterjee had admitted the correspondences Exts. J and J(1) and also Ext. K. It would appear from these documents that in fact, Shri Chatterjee had been allowed to join on 7th November 1963. The evidence of P.W. 1, therefore, that he had joined his service on 21st August 1963 is entirely incorrect. It, however, appears from these documents that the service of Shri Chatterjee is to be confirmed after one year and at the time of termination of service of Shri Chatterjee, he had not completed one year of service. It was suggested to him in cross-examination that his service had been terminated in accordance with the terms of the employers. Ext. F is the letter of termination of service of Shri Chatterjee. It is dated 29th August 1964 and shows that the service was terminated with effect from that date. Now Ext. E itself shows that Shri Chatterjee is to be governed by the Standing Orders regarding the condition of his service. Therefore, it is necessary to refer to the Standing Orders of the company. It has been provided in paragraph 12 of the Standing Orders that no casual or temporary workman whether monthly-rated, weekly-rated or daily-rated or piece-rated shall be entitled to any notice or pay in lieu thereof if his services are terminated, but the services of a temporary or casual workmen shall not be terminated as a punishment unless he has been given an opportunity of explaining the charges of misconduct alleged against him. Now, there has been no charge of misconduct against Shri Chatterjee whose service appears to be terminated in terms of the service condition embodied in the Standing Orders of the company. As I understand Shri Ghosh, he did not dispute that the service of Shri Chatterjee should be terminated in accordance with the Standing Orders. He has, however, contended that Shri Chatterjee was really not a temporary workman but a probationer. I do not think this submission of Shri Ghosh can be accepted. In the written statement (vide page 6) it has not been stated that really Shri Chatterjee was working as a probationer and not as a temporary workman. The evidence of P.W. 1 Shri Chatterjee also does not show that he was working as a probationer. I may also point out that it was not suggested to O.P.W. 2 who is the Factory Manager or to O.P.W.1 who is the Secretary of the company that really Shri Chatterjee was appointed as a probationer. O.P.W. 2 Shri Kripal Singh had no doubt, stated at the time of cross-examination that the period of service of Shri Chatterjee is not mentioned anywhere and it is not stated anywhere that the service of Shri Chatterjee will terminate on any particular date. It is quite true but I do not think that it shows, that really Shri Chatterjee was anything other than a temporary workman. As I have mentioned earlier, he has not completed one year's service at the time of discharge and therefore the company can, in accordance with the provision of the Standing Orders referred to above, discharge Shri Chatterjee from service without assigning any reason. It would appear also from Ext. C (3) which is the register for attendance and wages that Shri Chatterjee has been paid by voucher on 29th August 1964. It would appear, therefore, that not only the service has been terminated with effect from 29th August 1964 but the wages due, has also been paid in terms of the provision of the Standing Orders. I have, therefore, come to the conclusion that Shri Chatterjee is not entitled to get any relief, inasmuch as the termination of his service has been terminated in terms of the Standing Orders of the company and inasmuch as the Standing Orders provide for the service condition of Shri Saktipada Chatterjee.

I shall now proceed to discuss the case of Sm. Beli Bauri. As I have mentioned earlier she was not examined by Shri P. Ghosh for the union. Shri Ghosh, however, submitted that the evidence of the Manager O.P.W. 2 is contrary to the written statement of the union at page 6. Now, O.P.W. 2 has said in examination-in-chief that Beli Bauri started absenting herself from 12th July 1964, that after waiting for about a fortnight or so, her name was struck off in accordance with the provision of the certified Standing Orders, that subsequently, she had turned up on 14th August 1964 and made a request for giving her job and that she was told that as she had absented herself, without any leave, her name had been struck off and that she can only be employed on a temporary basis. It is further in evidence of O.P.W. 2 Shri Kripal Singh that she had agreed to be employed as a temporary workman and that subsequently on 19th October 1964, her name was again struck off as there was no work. She was given further temporary employment on 24th October 1964 and was paid up to 2nd November 1964. It is also said that the record should establish these facts. At the time of cross-examination, O.P.W. 2 has said that the name of Beli Bauri has been struck off under clause 8 of the Standing Orders, that originally she was granted 4 days' leave but did not report for duty on the expiry of the leave, that her name was struck off, as she was not reporting for work and that there is nothing to show that Beli Bauri had agreed to do temporary work. Shri Ghosh had pointed out that there is some discrepancies between the evidence of O.P.W. 2 and the case of the company at page 6 of the written statement. O.P.W. 2 admits that there is some discrepancy but the question is whether in fact, after the striking of the name, she had agreed to work on temporary basis from time to time. Before I consider this question, I shall consider another submission made by Shri P. Ghosh for the union. He had submitted that clause 8 of the Standing Orders cannot apply. I do not think this submission can be accepted. The register Ext. C (2) shows that Beli Bauri was on leave from 3rd July 1964 to 11th July 1964 and she had absented herself from 13th July 1964 and was absenting all along till her name was struck off on 1st August 1964 (Exts. C and C/5). Now, the workman Beli Bauri did not return within 8 days of the expiry of the leave and, therefore, the company was entitled, under the Standing Orders, to strike off her name. Subsequently, she had joined again on 13th August 1964 and not on 14th August 1964 as stated by O.P.W. 2. The register Ext. C (2) further shows that she had worked up to 9th October 1964 and after that time, she had not worked any further. That register further shows that she was given re-employment temporarily with effect from 19th October 1964 and had worked only up to 2nd November 1964. She had discontinued working thereafter. There is no evidence that she was refused work after 2nd November 1964. It is abundantly clear from what I have stated that she was really a temporary workman and did not come for the purpose of working after 2nd November 1964. I do not think that really there is any question of taking any disciplinary action against her or any question of refusing her work any further after 2nd November 1964. Accordingly I do not agree with Shri Ghosh that she ought to be reinstated in service.

I shall now turn to discuss the case of Sm. Nisodi Mejhan. The submission of Shri P. Ghosh with regard to her is similar to the submission made with regard to Sm. Beli Bauri. Here again, Nisodi Mejhan had not been examined before me. The evidence of O.P.W. 2 is that she absented herself with effect from 1st August 1964 after taking all her dues on 31st July 1964 and that the company after waiting for some time, had struck off her name. The only question put to O.P.W. 2 in cross-examination is whether any letter was written to Nisodi Mejhan enquiring why she was absenting herself. The register Ext. C (2) shows that she was on leave from 24th July 1964 to 31st July 1964 and that thereafter she absented herself up to 22nd August 1964. Thereafter her name appears to have been struck off. I think the employer had waited for a reasonable period for her to turn up, and only struck off her name only after finding that she had not reported for duty. She also appears to be a temporary worker like Beli Bauri. I think the employer is justified in thinking that she was no longer interested in the employment and, therefore, struck off her name. It is not necessary in the circumstances, to issue any charge-sheet to the concerned workman. She is also, therefore, not entitled to get any reinstatement in service. The issue is disposed of accordingly in the light of my above findings.

I have, therefore, come to the conclusion that the workmen are only entitled to get relief in respect of dearness allowance as indicated in the body of this award and that the workmen are not entitled to get any relief in respect of the other issues. The employer is directed to give the basic wages and the grades and scales of pay as indicated in the award and also to pay the dearness allowance as indicated in the award within one month of the date of publication of this award in the "Calcutta Gazette". In refixing the wages, the company must refix the wages in the next higher wage or scale as the case may be. The workmen are not entitled to get any relief regarding the other issues which had been referred for adjudication.

This is my award.
